

Grafische Darstellung der erteilten Anerkennungen

2006 – 2025

- **Facharztkompetenzen**
- **Schwerpunkte**
- **Zusatzweiterbildungen**

Stand: 23.01.2026

Inhaltsverzeichnis

Seite

Facharztkompetenzen, Gebiete und Schwerpunkte

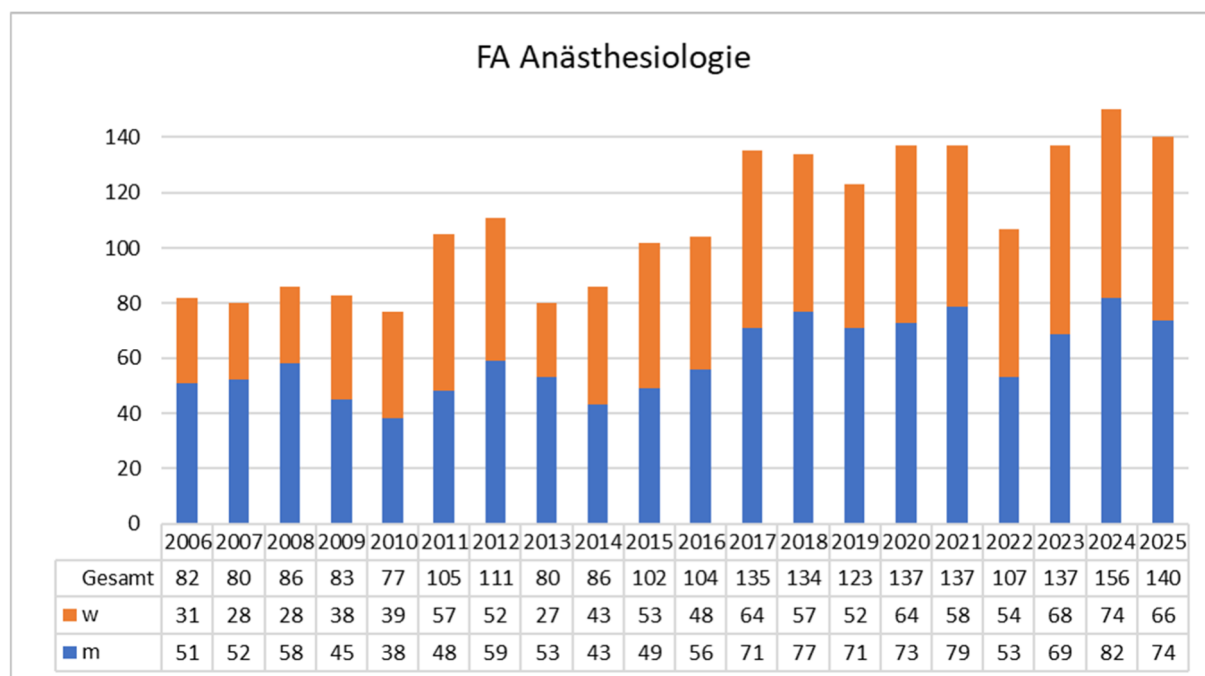

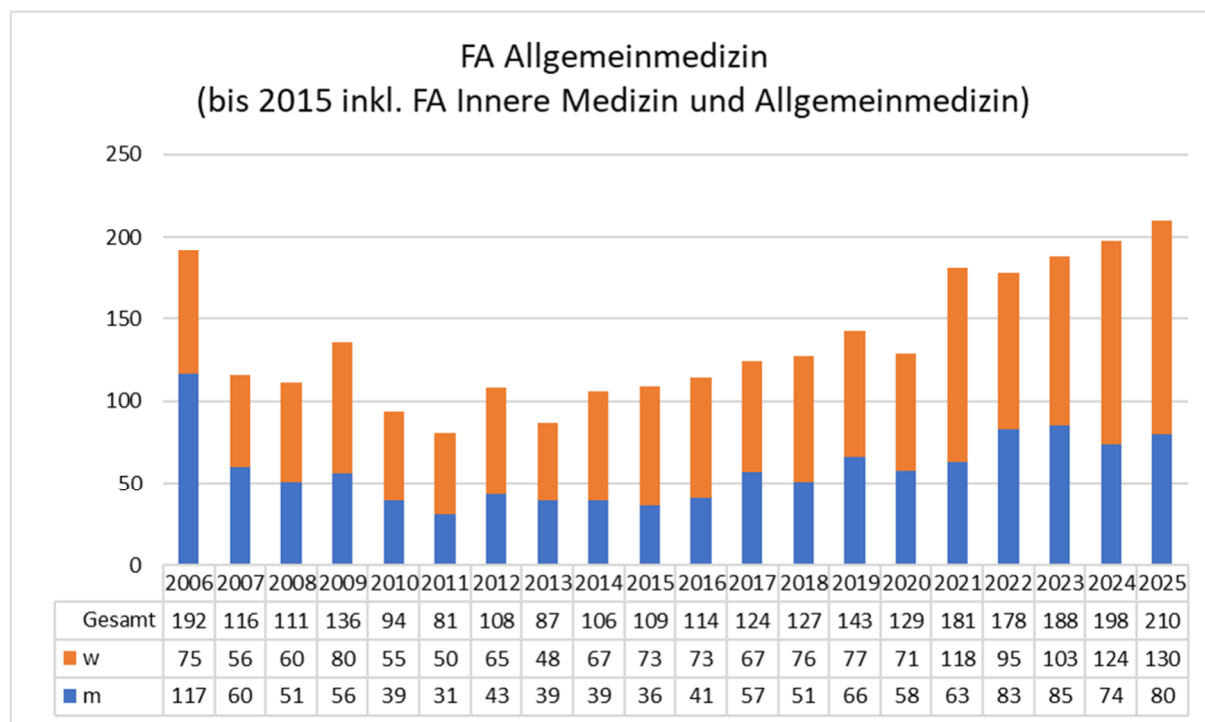

• Allgemeinmedizin – Anästhesiologie	6
• Anatomie – Arbeitsmedizin -	7
• Augenheilkunde – Biochemie	8
• Chirurgische Fächer	9 - 12
• Frauenheilkunde und Geburtshilfe inkl. Schwerpunkte	13/14
• Hals-Nasen-Ohrenheilkunde – Sprach-, Stimm- und kindliche Hörstörungen	15
• Haut- und Geschlechtskrankheiten – Humangenetik	16
• Hygiene und Umweltmedizin	17
• Innere Medizin	18 - 22
• Kinder- und Jugendmedizin inkl. Schwerpunkte	23 - 25
• Kinder- und Jugendpsychiatrie u. -psychotherapie – Laboratoriumsmedizin	26
• Mikrobiologie, Virologie u. Infektionsepidemiologie – Mund-Kiefer-Gesichtschirurgie...	27
• Neurochirurgie – Neurologie	28
• Nuklearmedizin – Öffentliches Gesundheitswesen	29
• Pathologie – Neuropathologie	30
• Pharmakologie und Toxikologie – Klinische Pharmakologie	31
• Physikalische und Rehabilitative Medizin - Physiologie	32
• Psychiatrie u. Psychotherapie – SP Forensische Psychiatrie	33
• Psychosomatische Medizin	34
• Radiologie inkl. Schwerpunkte	35/36
• Rechtsmedizin – Strahlentherapie	37
• Transfusionsmedizin – Urologie	38

Zusatz-Weiterbildungen

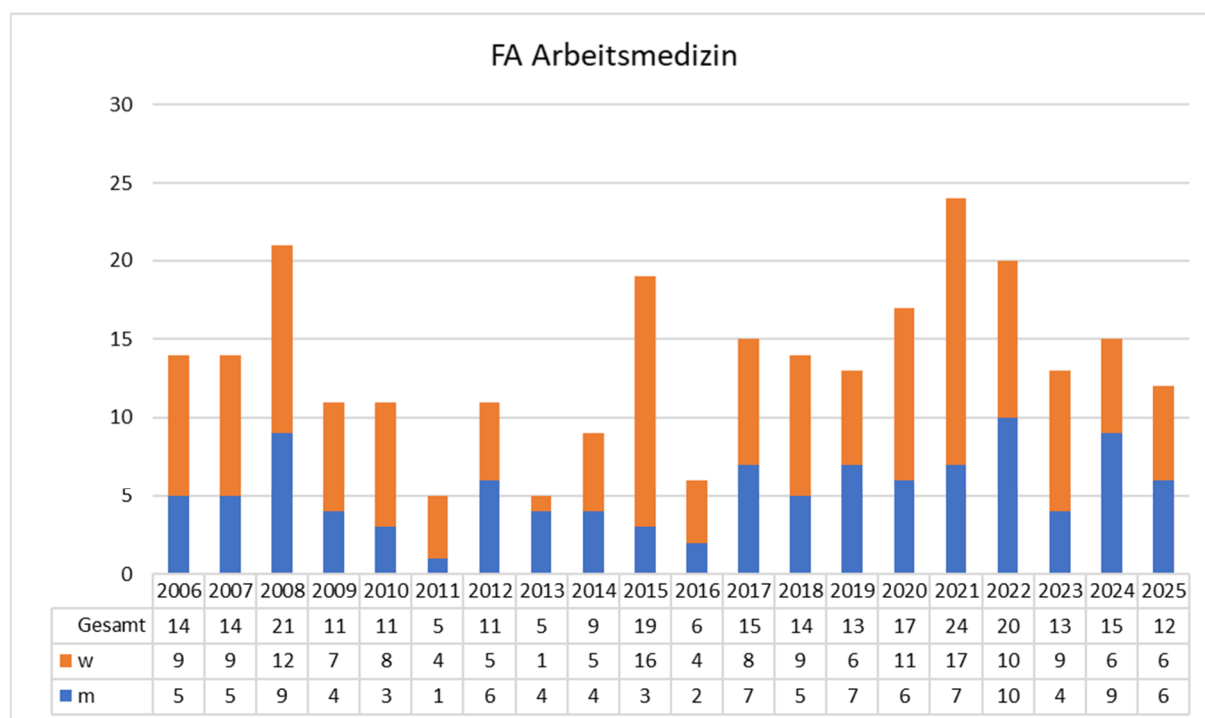

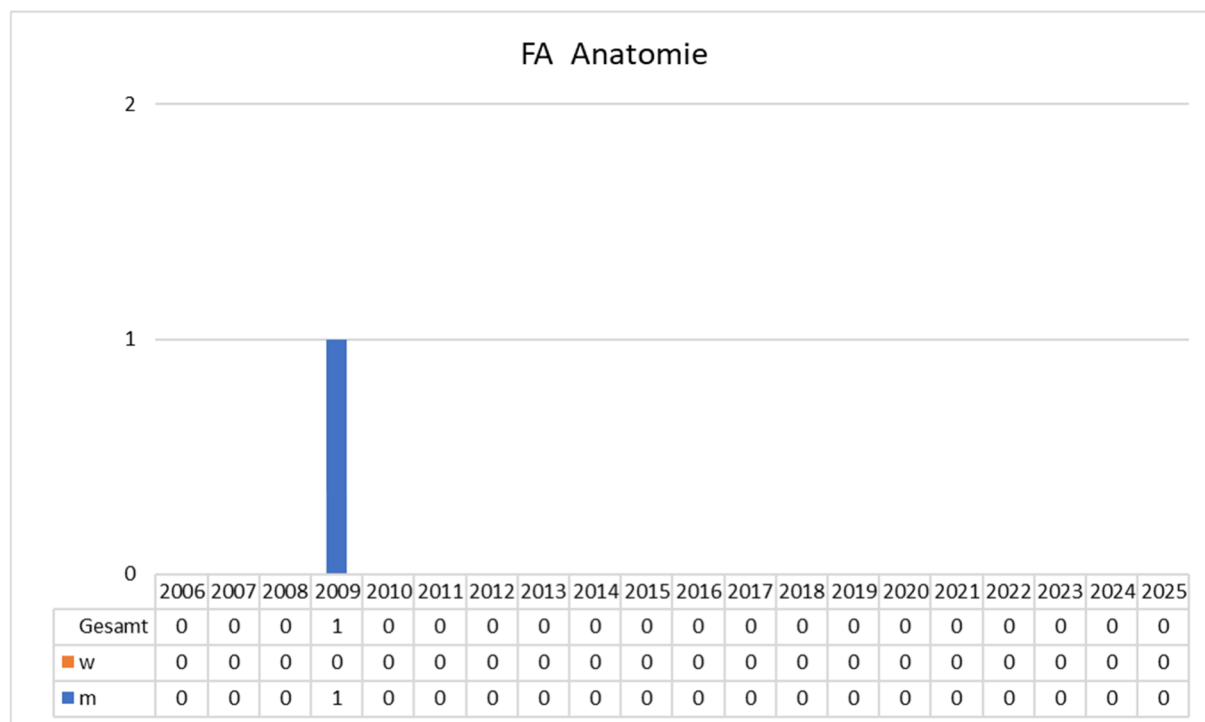

• Ärztliches Qualitätsmanagement – Akupunktur	41
• Allergologie – Andrologie	42
• Balneologie und Med. Klimatologie – Betriebsmedizin	43
• Dermatohistologie – Dermatopathologie	44
• Diabetologie – Ernährungsmedizin	45
• Flugmedizin – Geriatrie	46
• Gynäkologische Exfoliativ-Zytologie – Hämostaseologie	47
• Handchirurgie – Homöopathie	48
• Immunologie – Infektiologie	49
• Intensivmedizin – Kardiale Magnetresonanztomographie	50
• Kinder- und Jugend-... -Endokrinologie und –Diabetologie, -Gastroenterologie -Nephrologie, -Orthopädie, -Pneumologie, -Rheumatologie	51-53
• Klinische Akut- und Notfallmedizin – Krankenhaushygiene	54
• Labordiagnostik – Magnetresonanztomographie	55
• Manuelle Medizin und Chirotherapie – Medikamentöse Tumorthherapie	56
• Medizinische Informatik – Naturheilverfahren	57
• Notfallmedizin – Nuklearmedizinische Diagnostik für Radiologen	58
• Orthopädische Rheumatologie – Palliativmedizin	59
• Phlebologie – Physikalische Therapie	60
• Physikalische Therapie u. Balneologie – Plastische und Ästhetische Operationen	61
• Proktologie – Psychoanalyse	62
• Psychotherapie – Psychotherapie fachgebunden	63
• Rehabilitationswesen – Röntgendiagnostik fachgebunden	64
• Röntgendiagnostik für Nuklearmediziner – Schlafmedizin	65
• Sexualmedizin – Sozialmedizin	66
• Sp. Kardiologie für Erw. m. angeborenen Herzfehlern – Sp. Kinder- u. Jugendurologie	67
• Sp. Orthop. Chirurgie – Sp. Schmerztherapie	68
• Sp. Unfallchirurgie – Sp. Viszeralchirurgie	69
• Sportmedizin – Suchtmedizinische Grundversorgung	70
• Transplantationsmedizin – Tropenmedizin	71

Facharztkompetenzen Gebiete Schwerpunkte

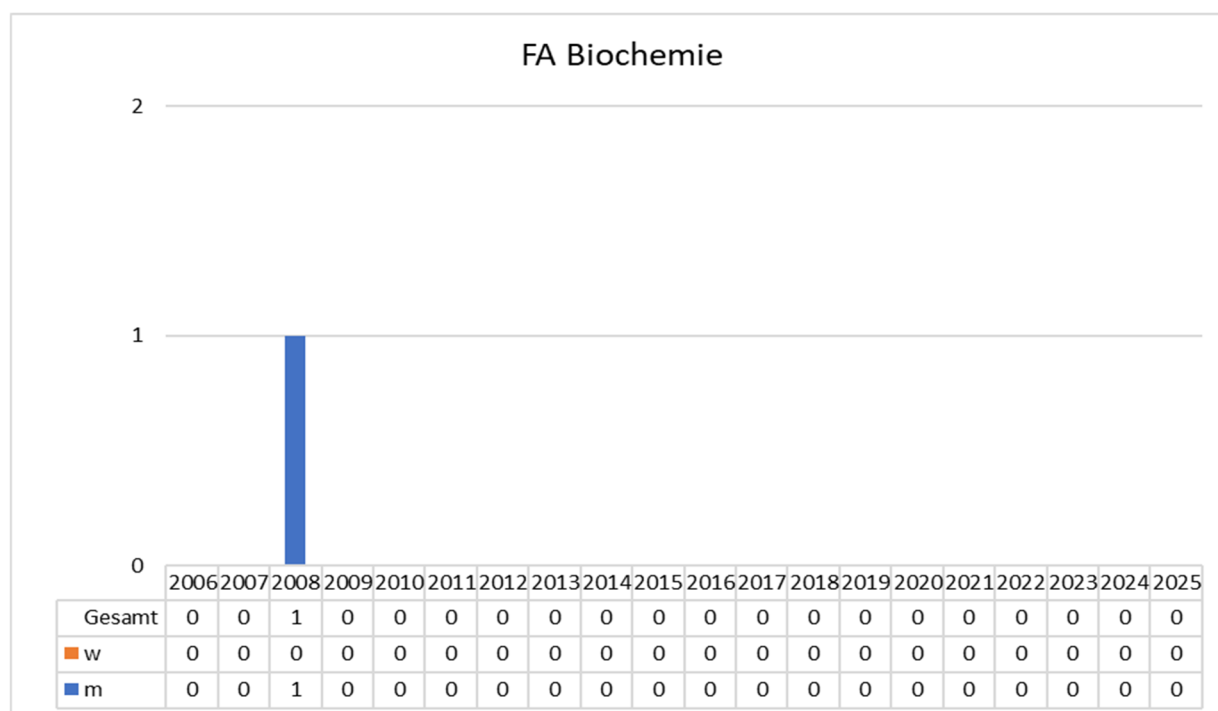

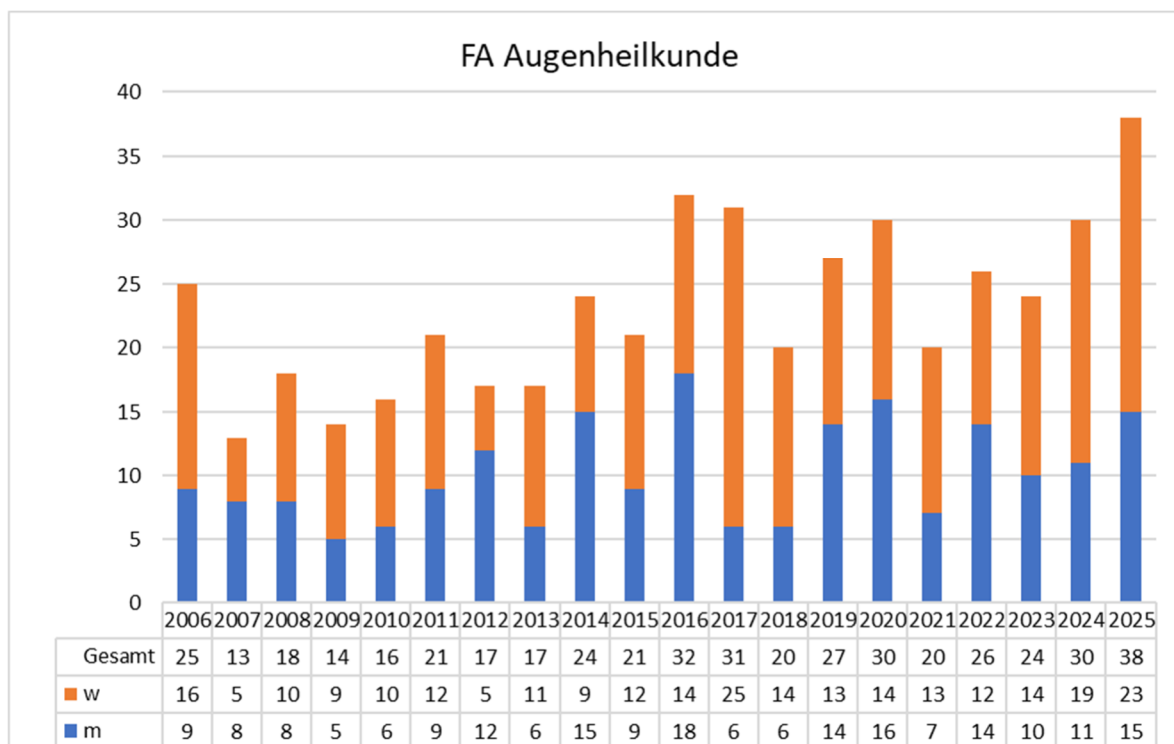

Allgemeinmedizin – Anästhesiologie

Anatomie – Arbeitsmedizin

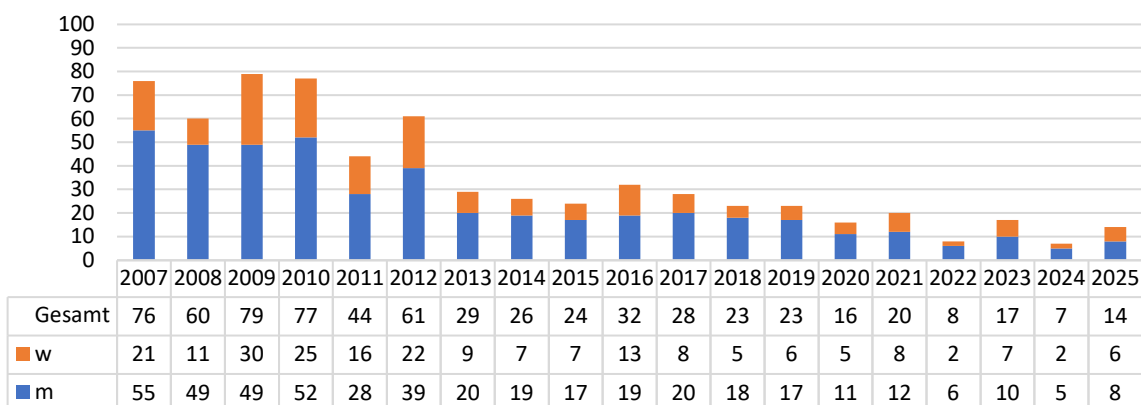

Augenheilkunde – Biochemie

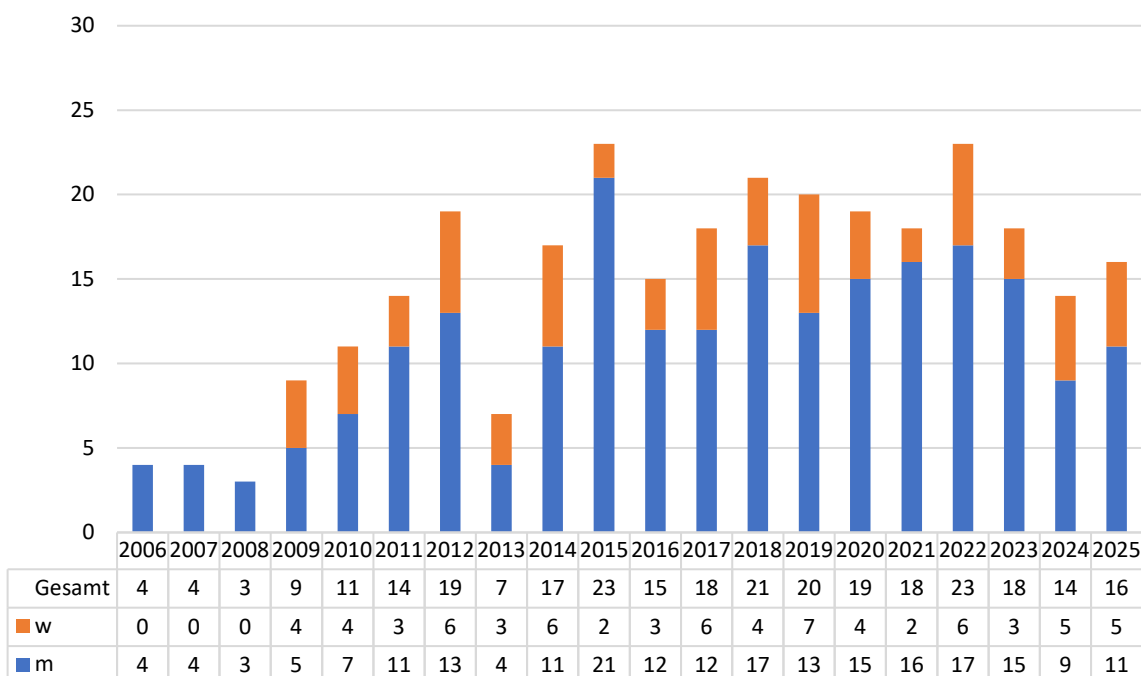

Chirurgische Fächer

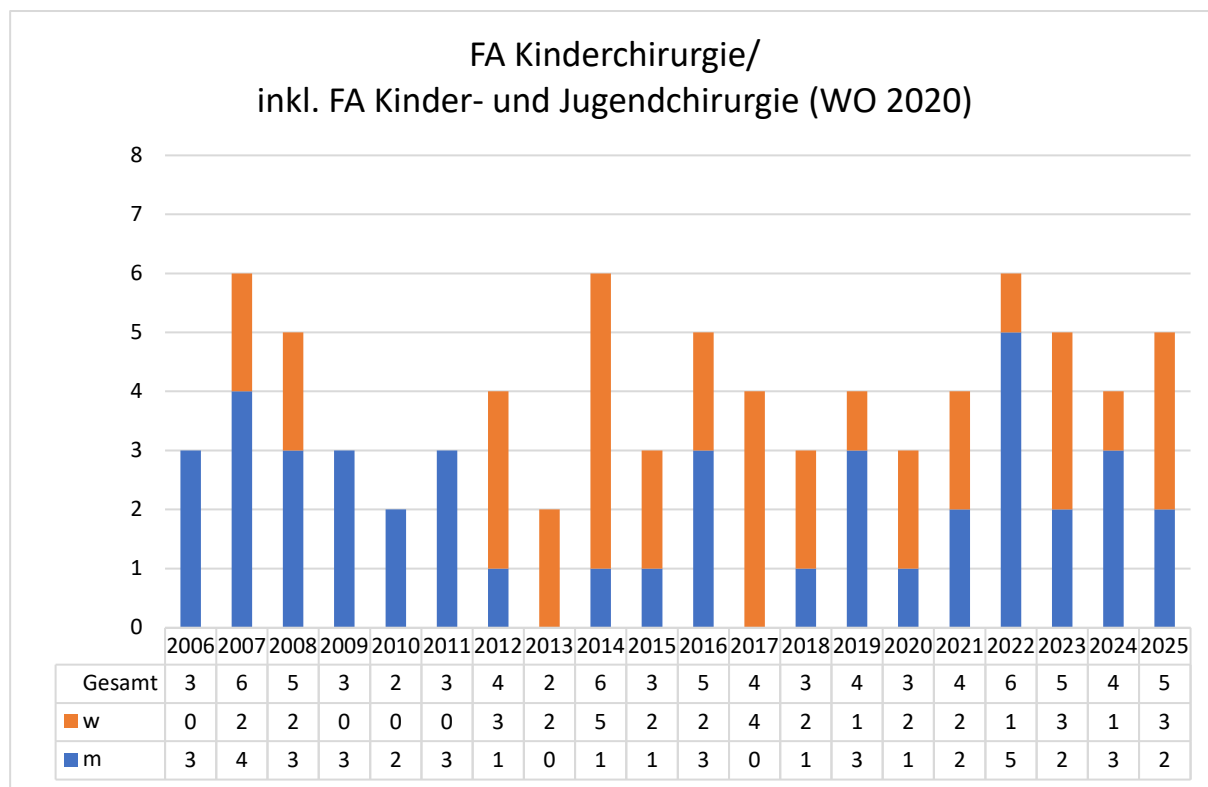

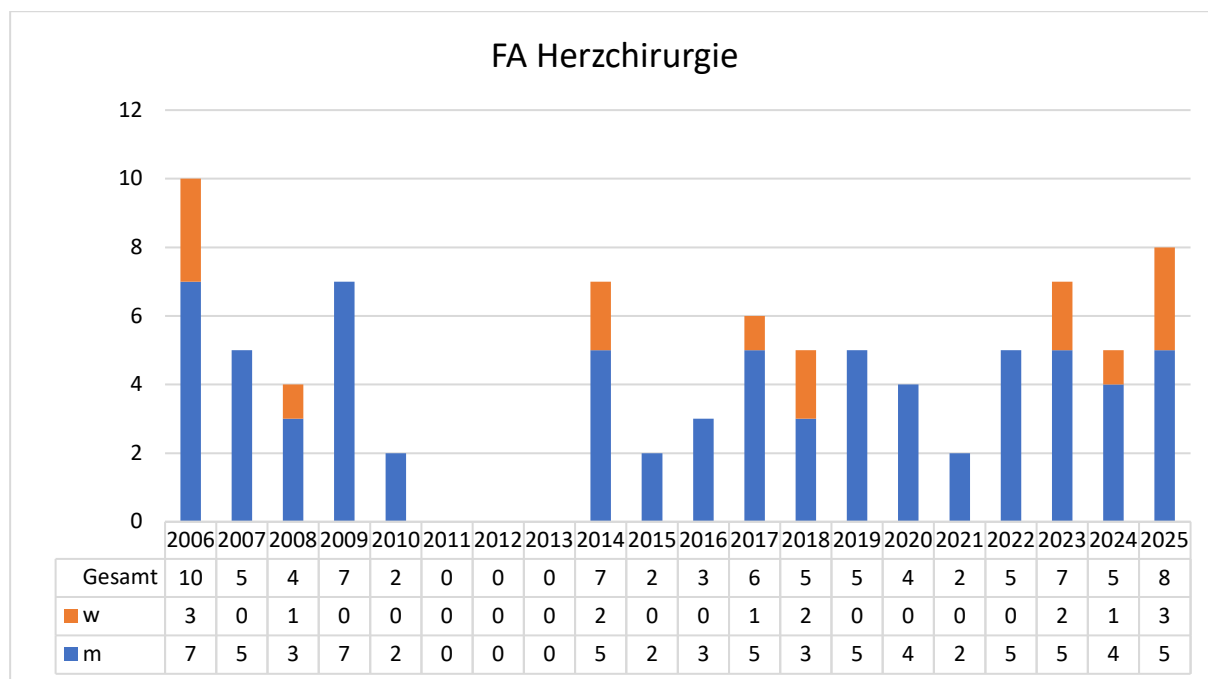

FA Allgemein Chirurgie inkl. FA Allgemeine Chirurgie und FA Chirurgie (WO 1993)

FA Gefäßchirurgie

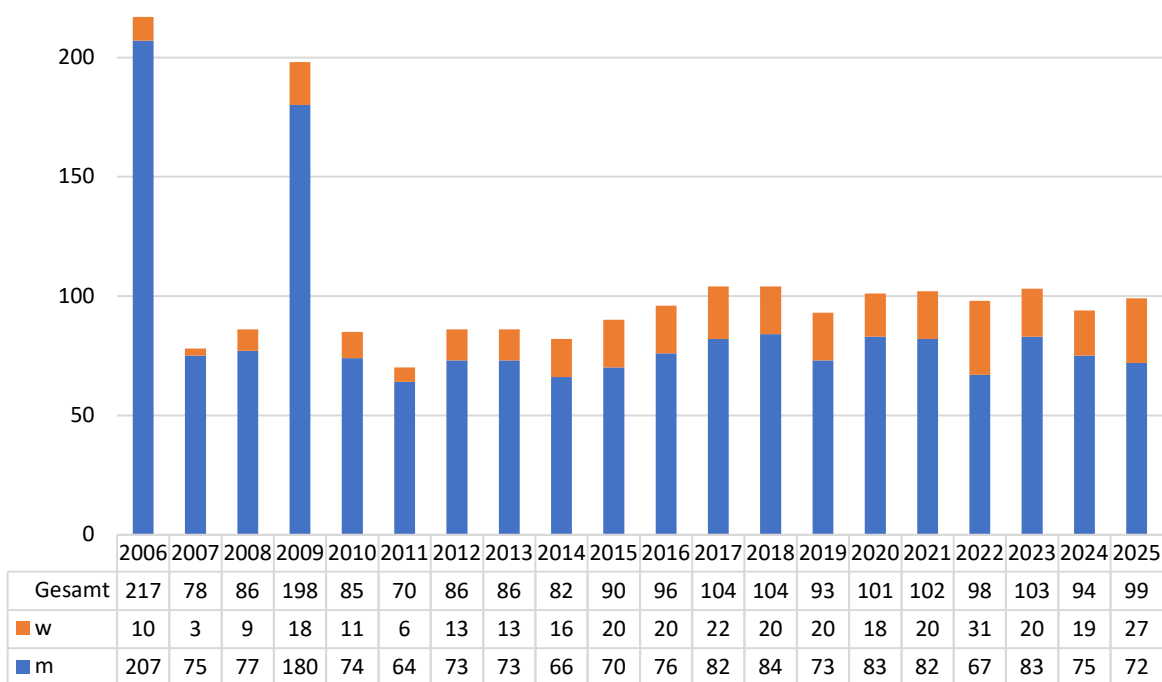

Chirurgische Fächer

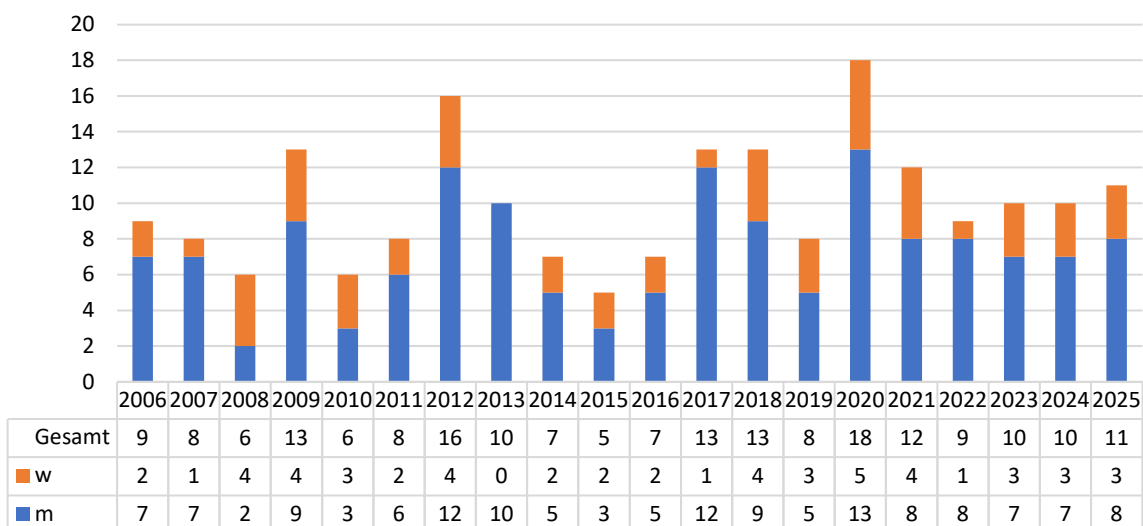

Chirurgische Fächer

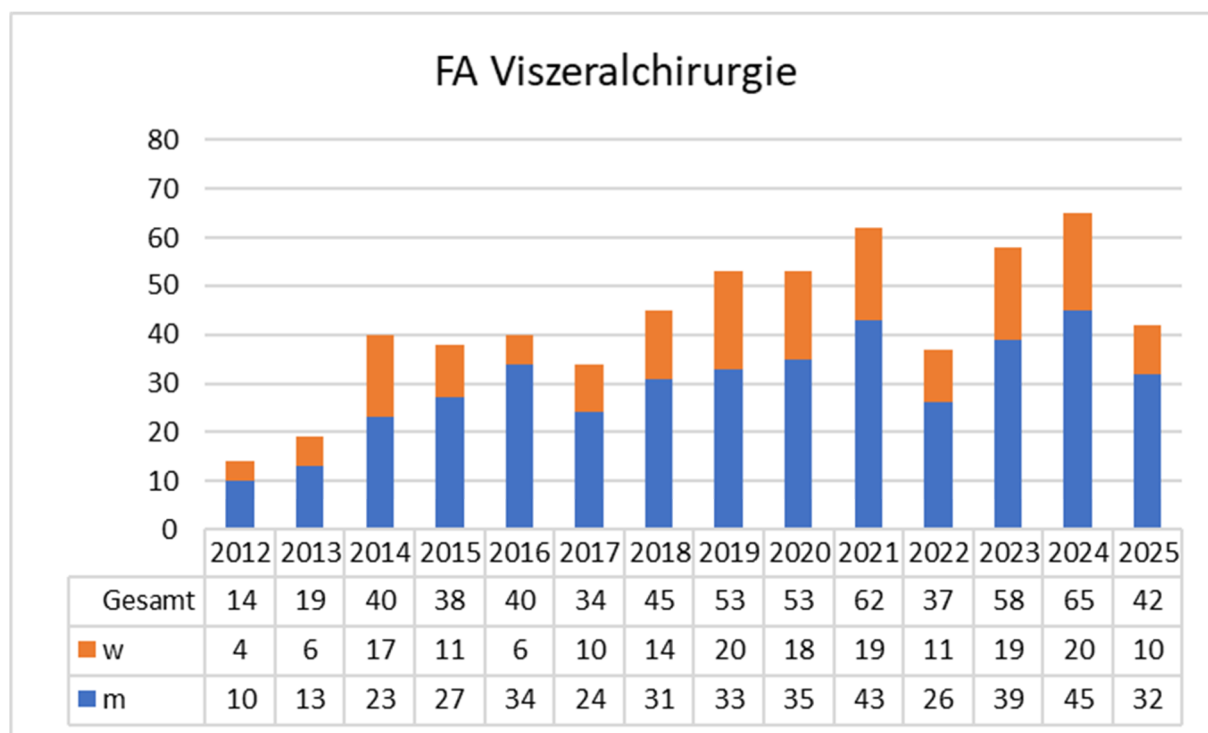

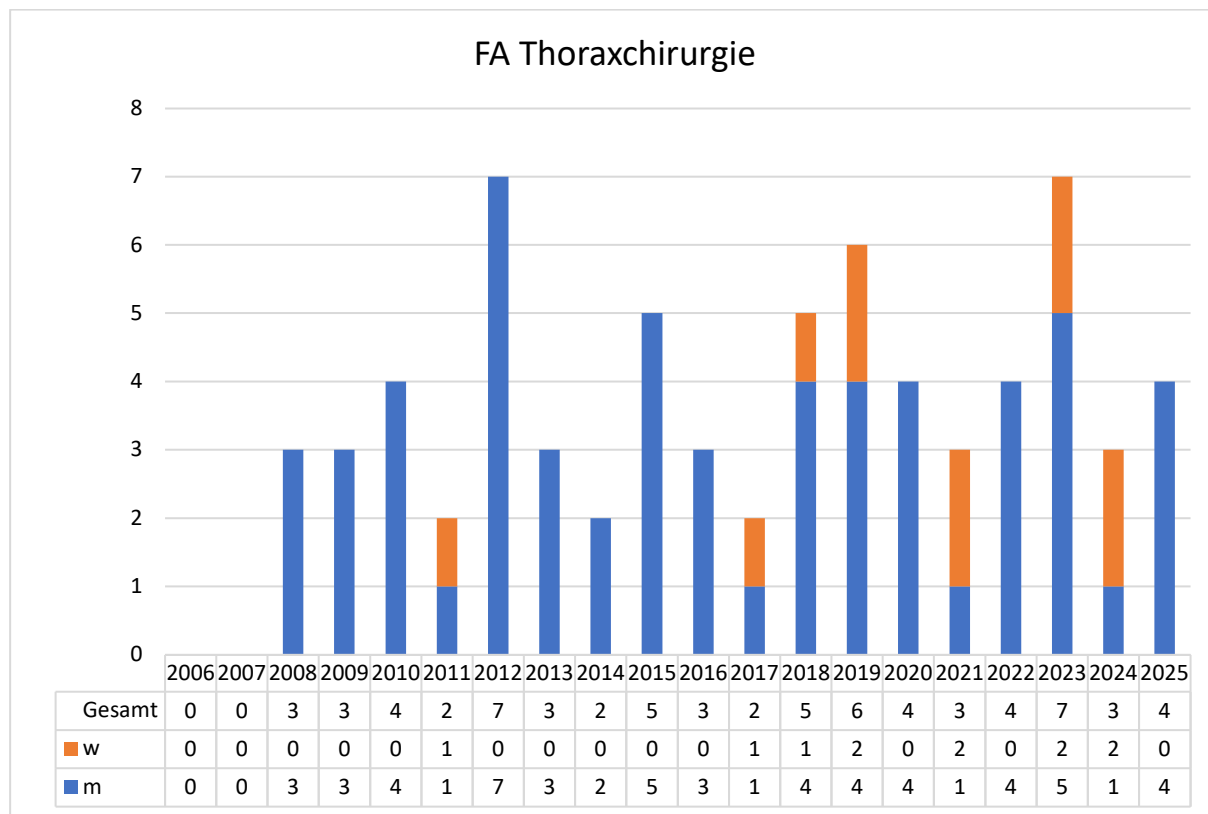

FA Orthopädie und Unfallchirurgie

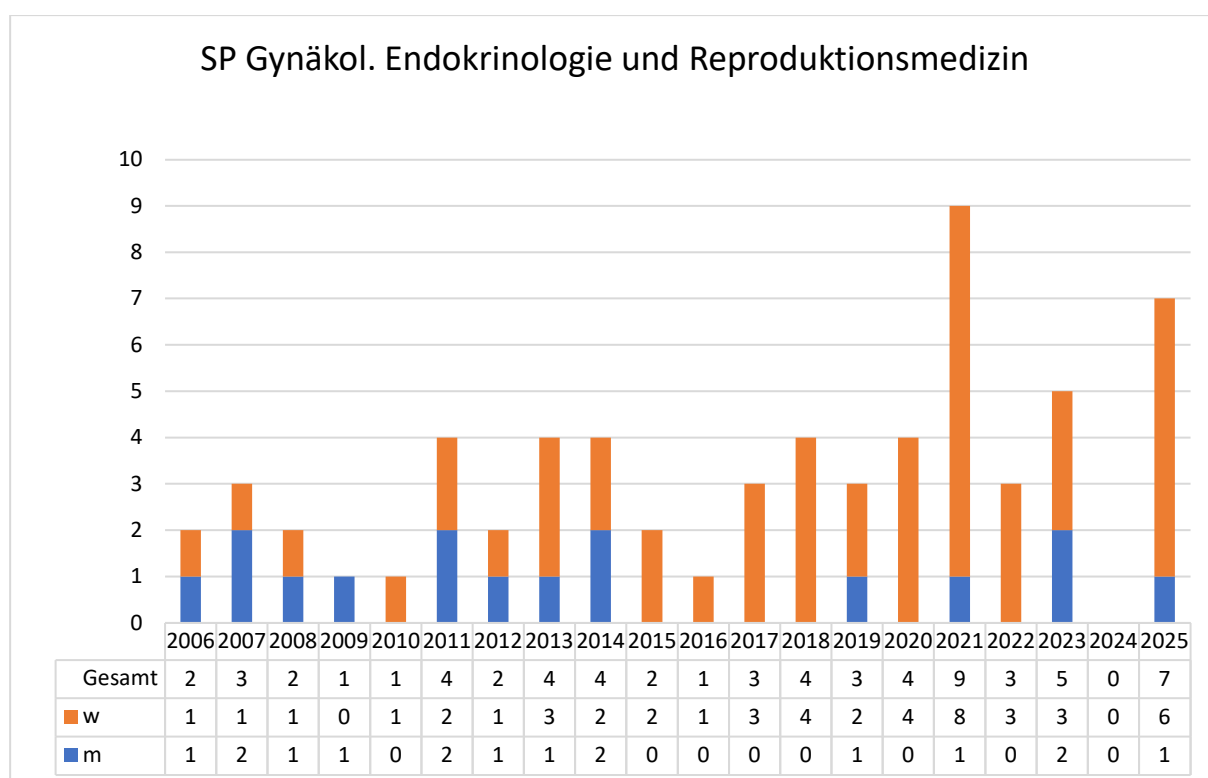

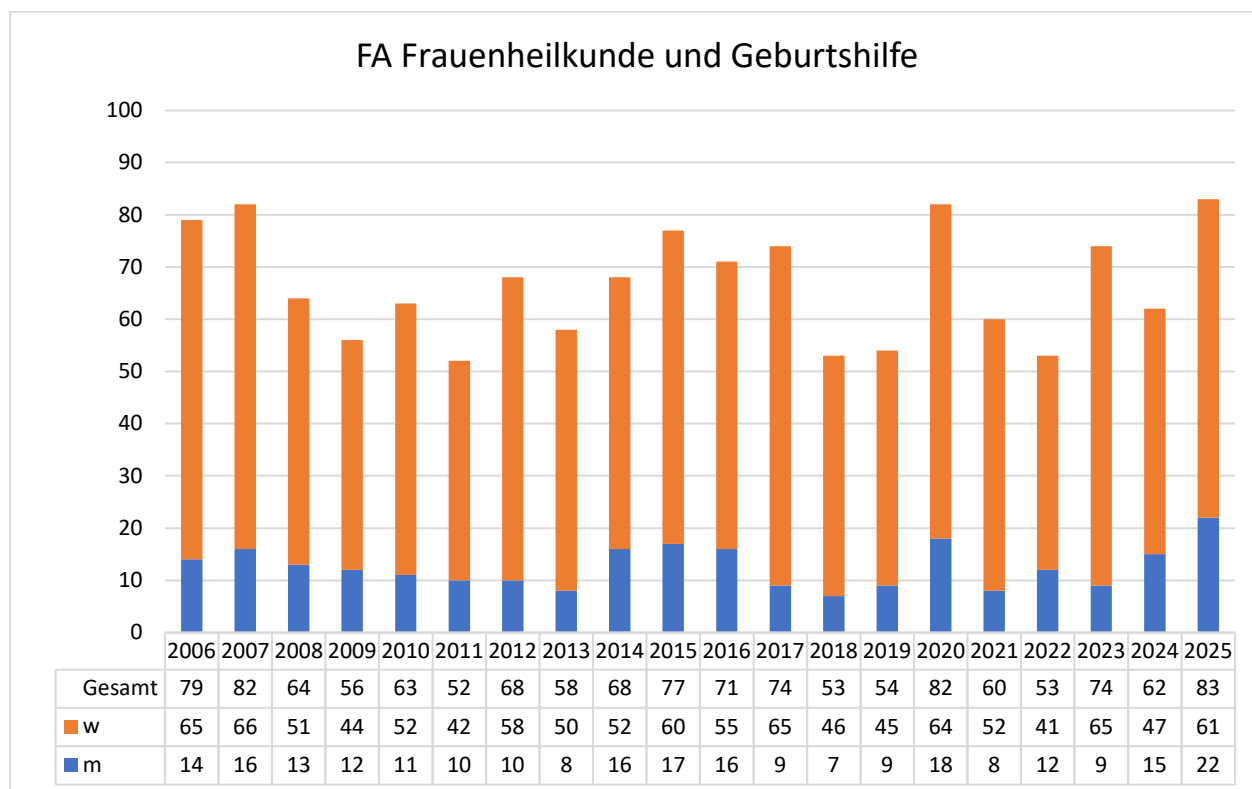

FA Plastische und Ästhetische Chirurgie / inkl. FA Plastische, Rekonstruktive und Ästhetische Chirurgie (WO 2020)

Chirurgische Fächer

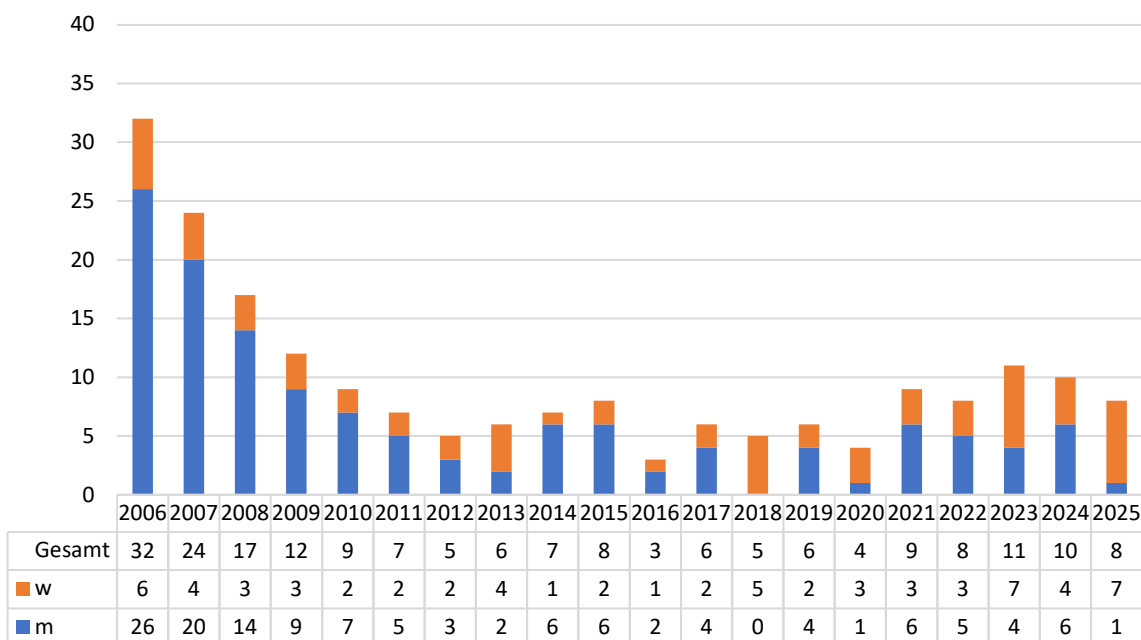

Frauenheilkunde und Geburtshilfe inkl. Schwerpunkte

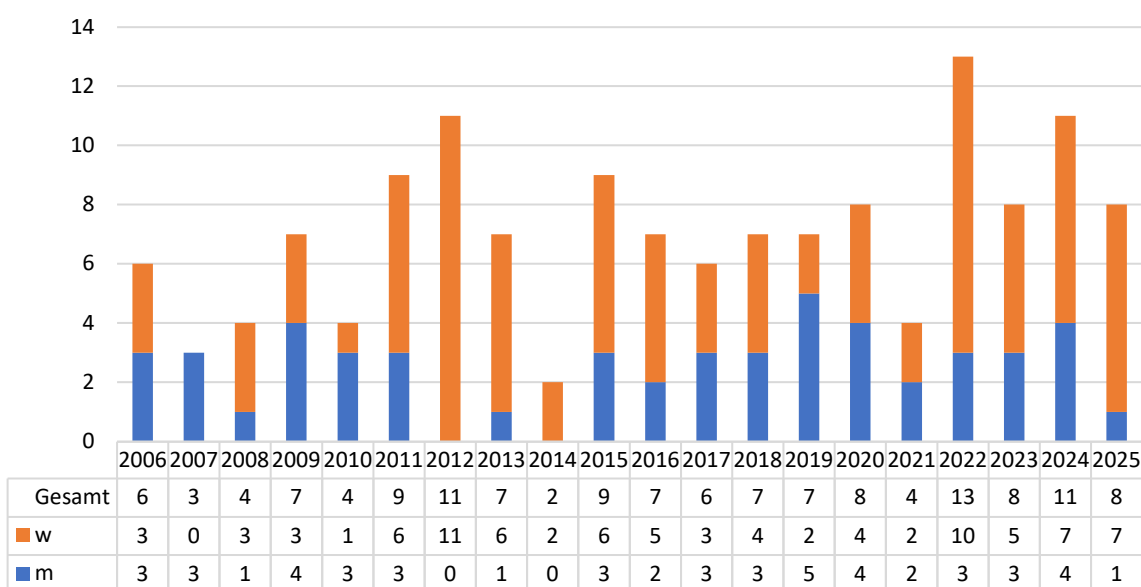

Frauenheilkunde und Geburtshilfe inkl. Schwerpunkte

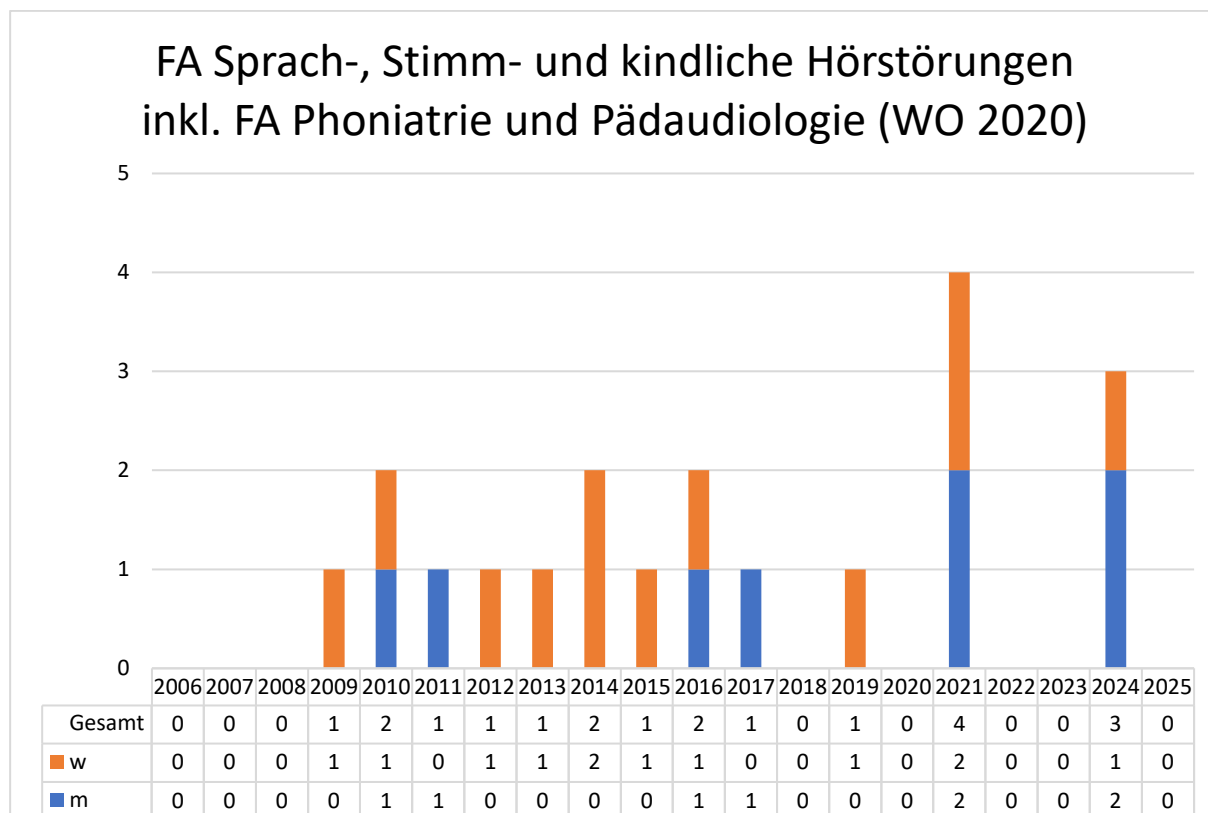

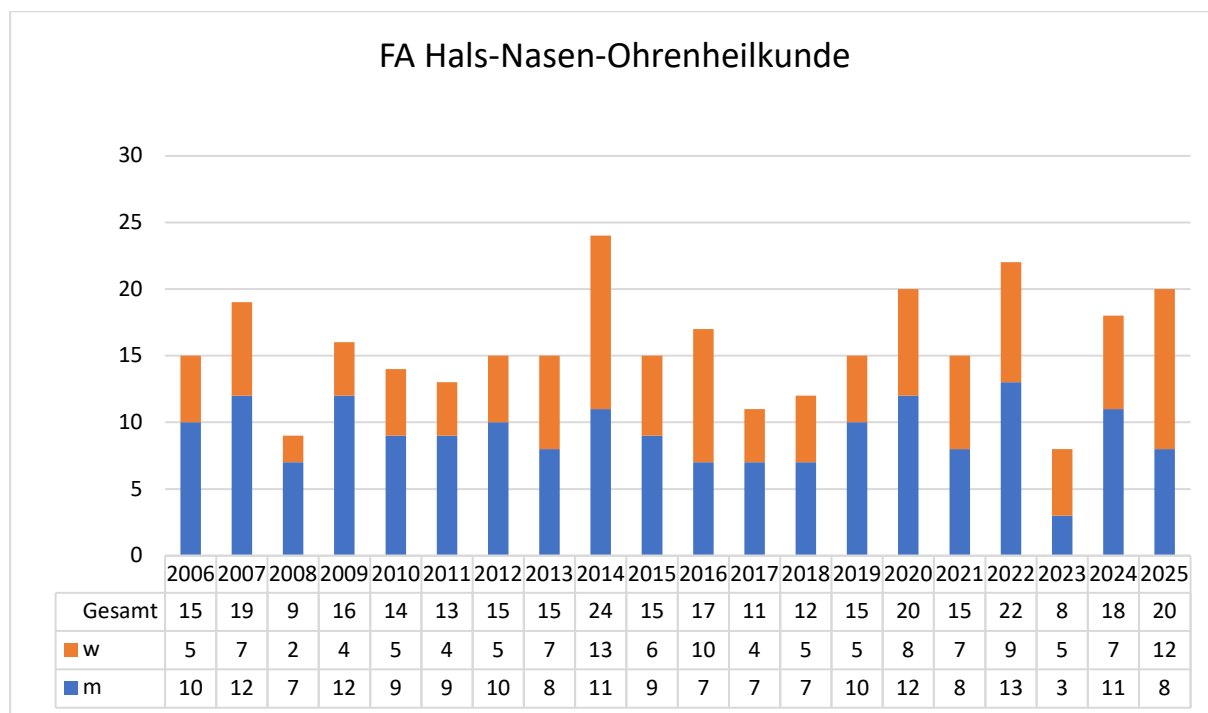

SP Gynäkologische Onkologie

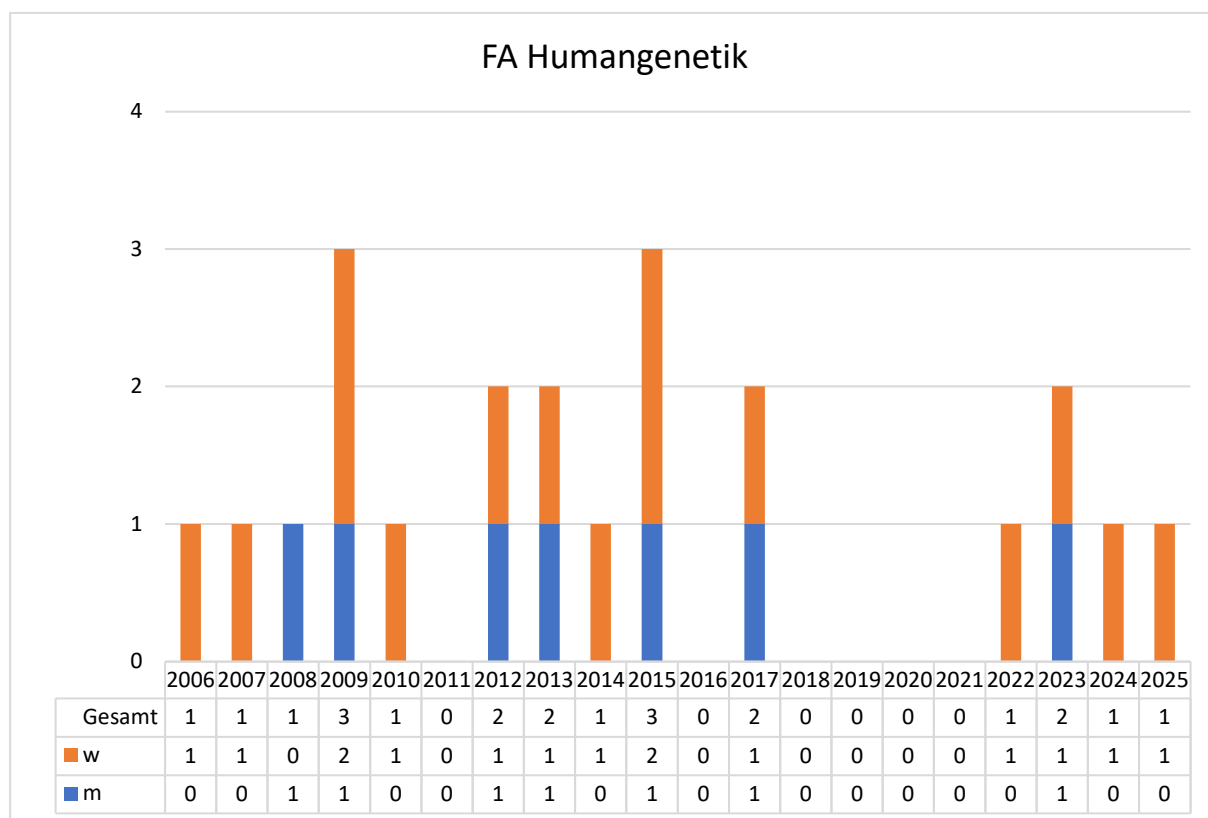

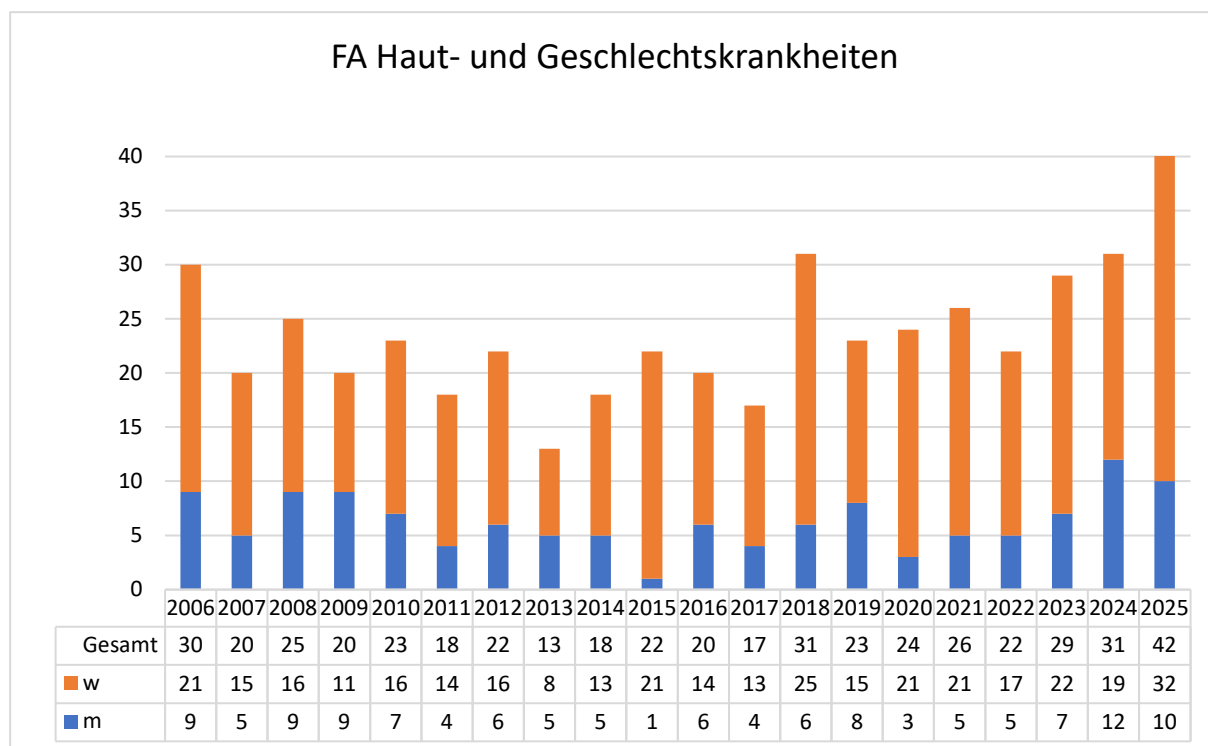

SP Spezielle Geburtshilfe und Perinatalmedizin

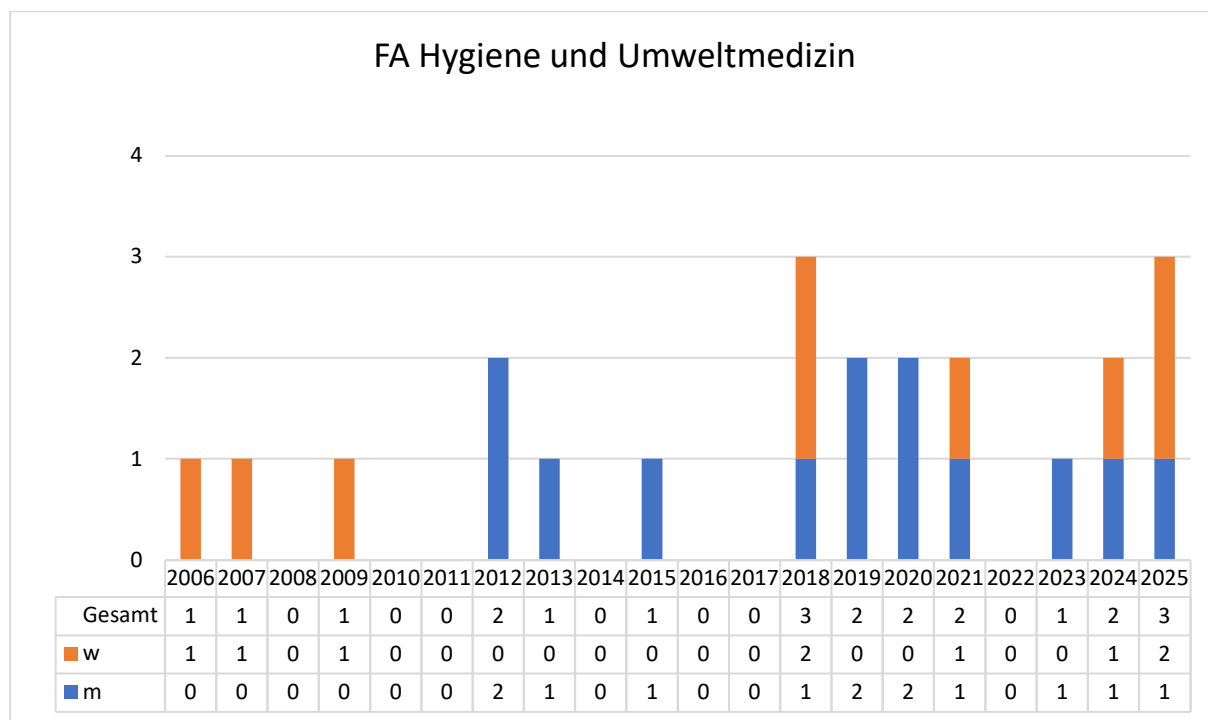

Hals-Nasen-Ohrenheilkunde – Sprach-, Stimm- und kindliche Hörstörungen

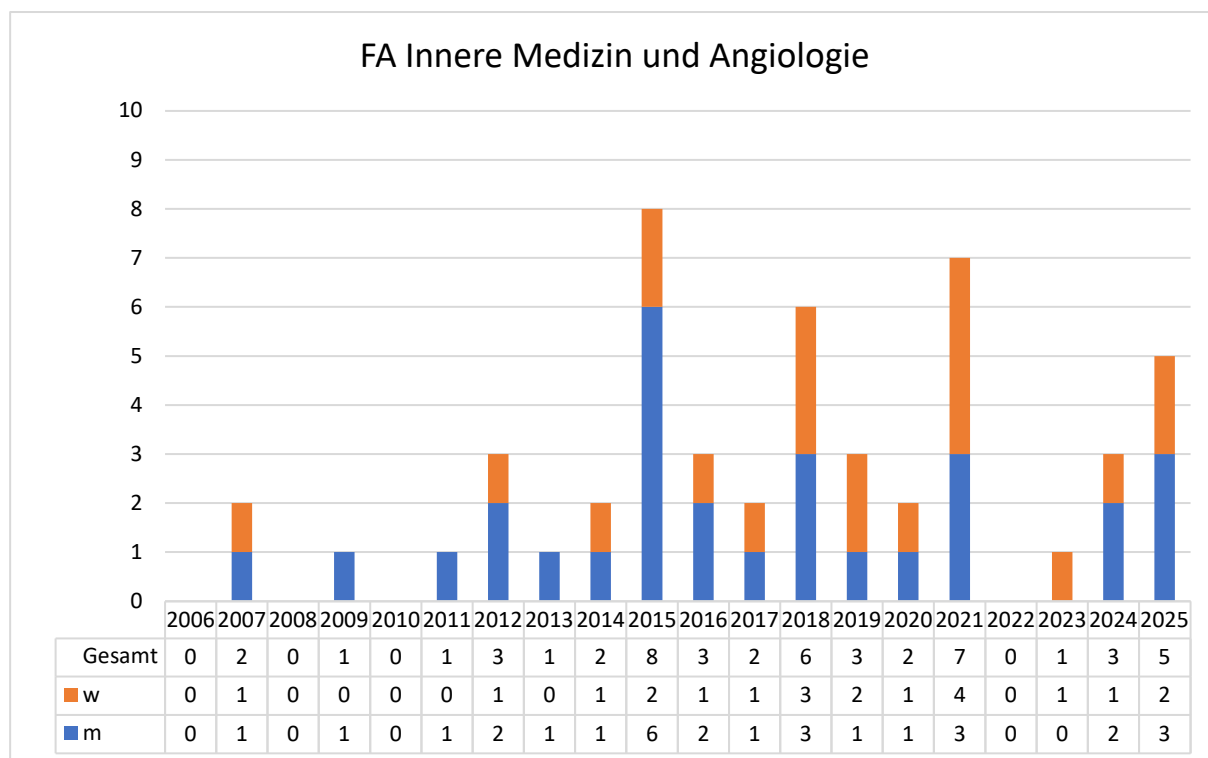

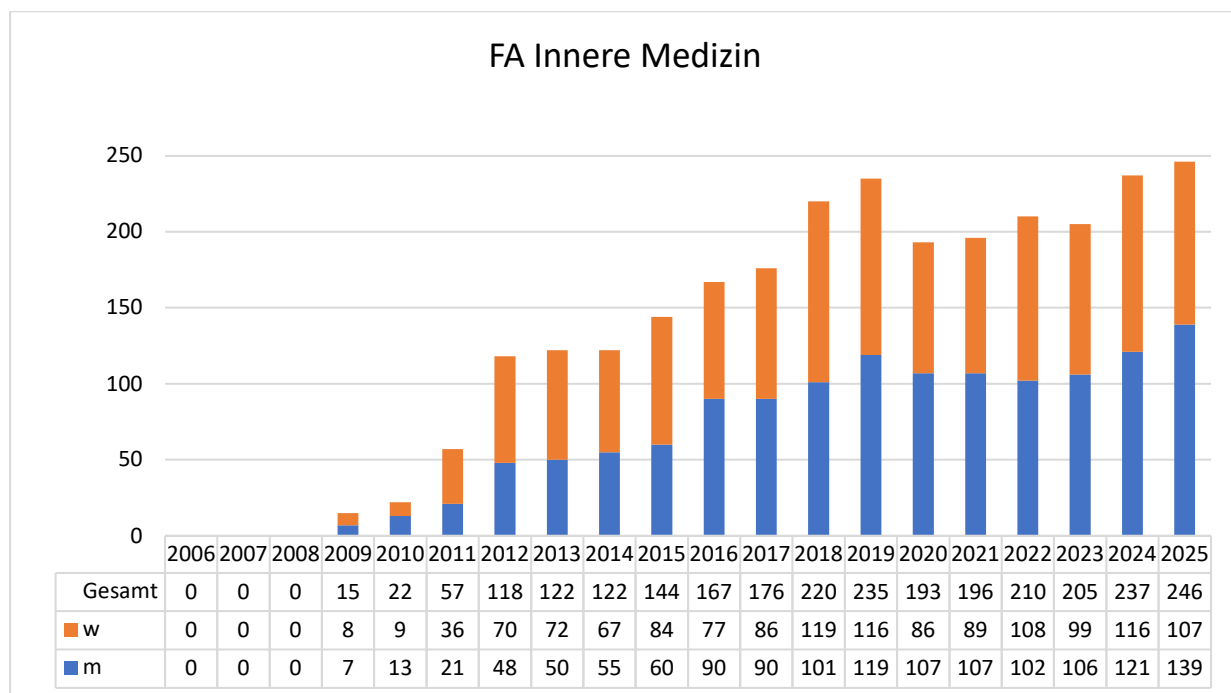

Haut- und Geschlechtskrankheiten – Humangenetik

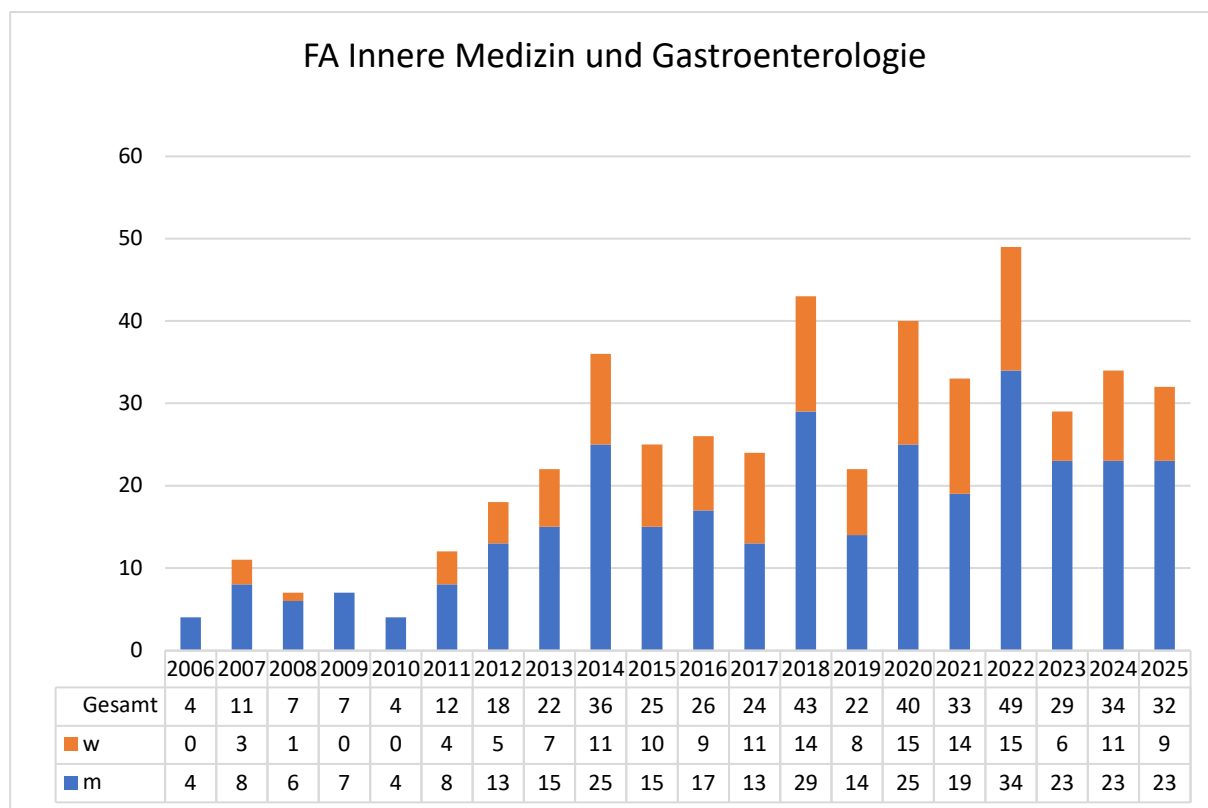

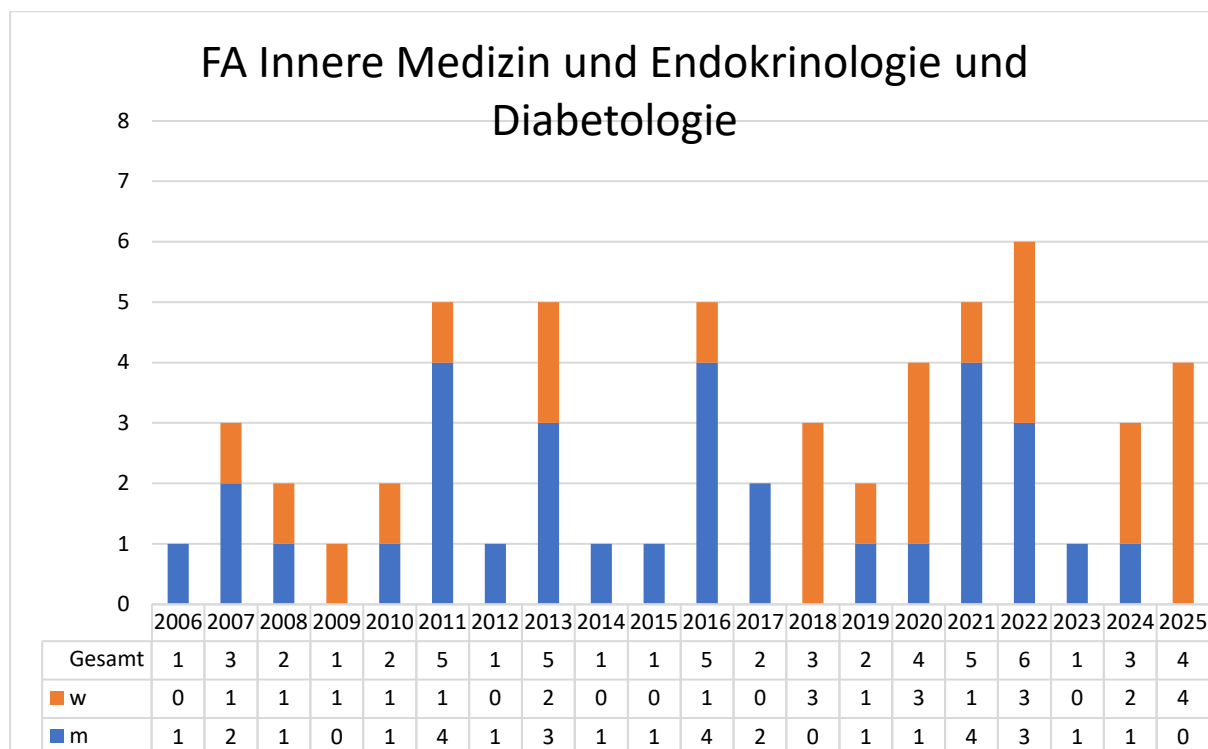

Hygiene und Umweltmedizin

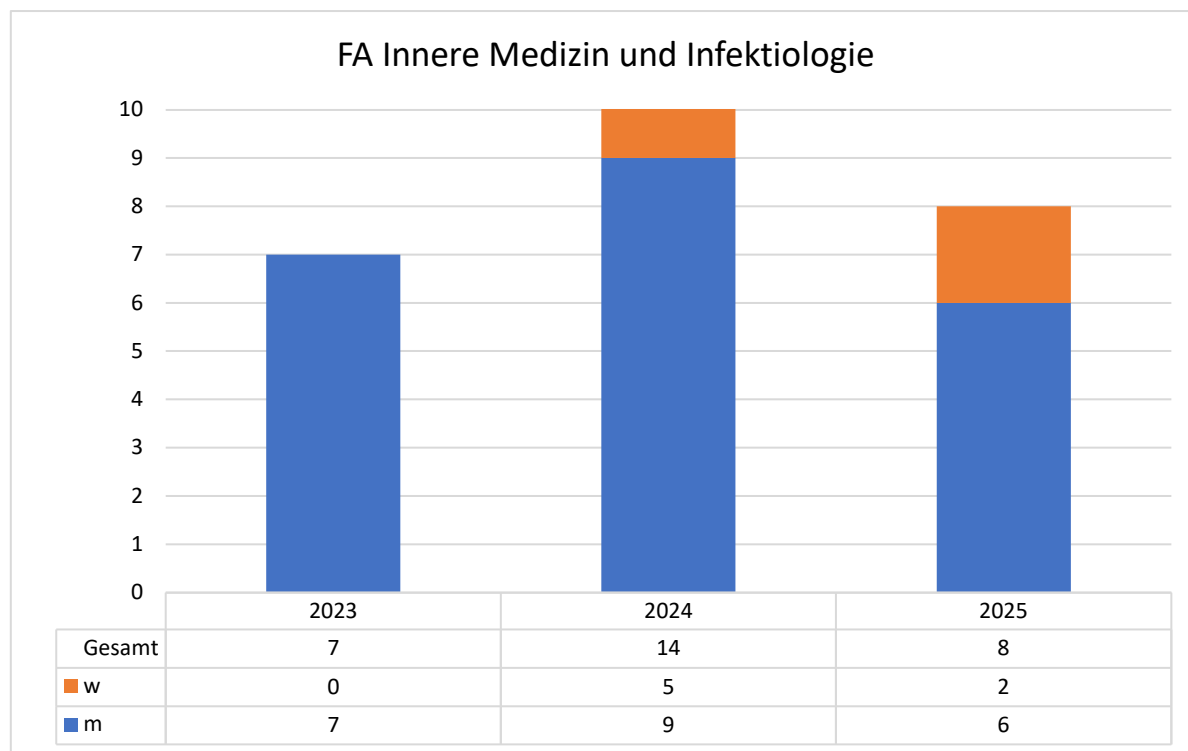

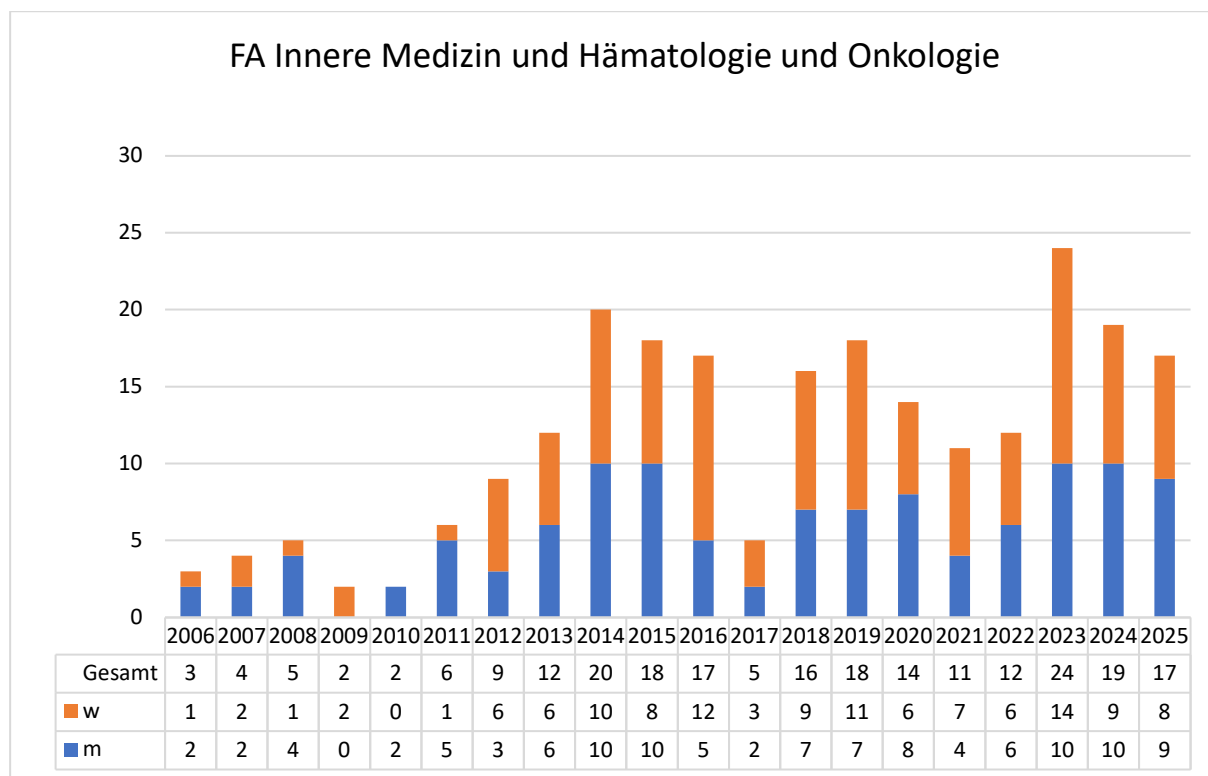

Innere Medizin

Innere Medizin

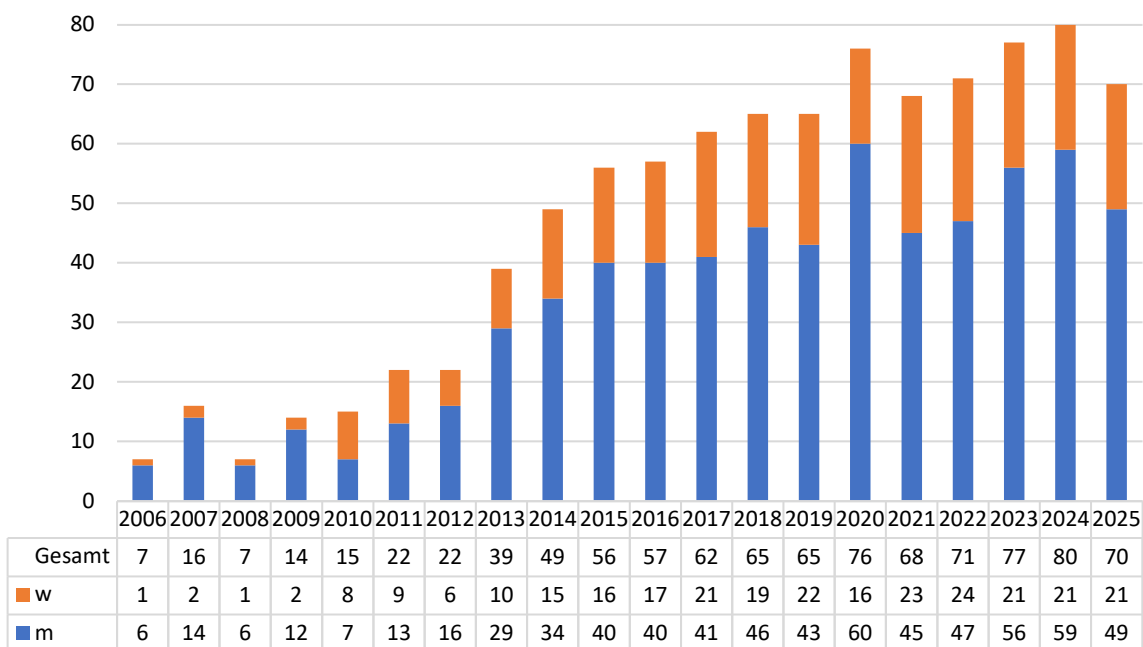

Innere Medizin

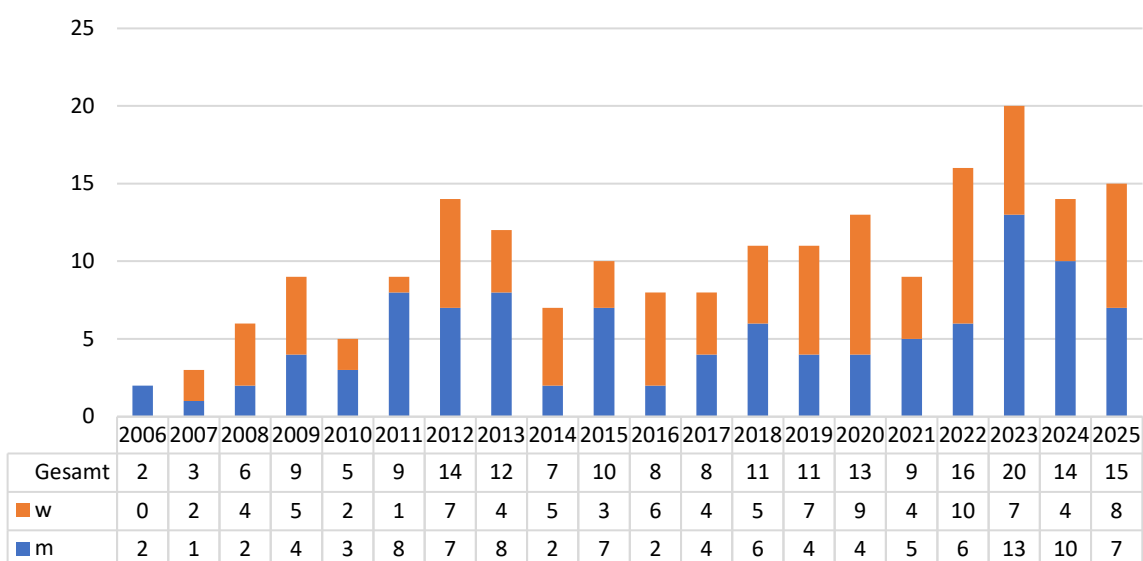

Innere Medizin

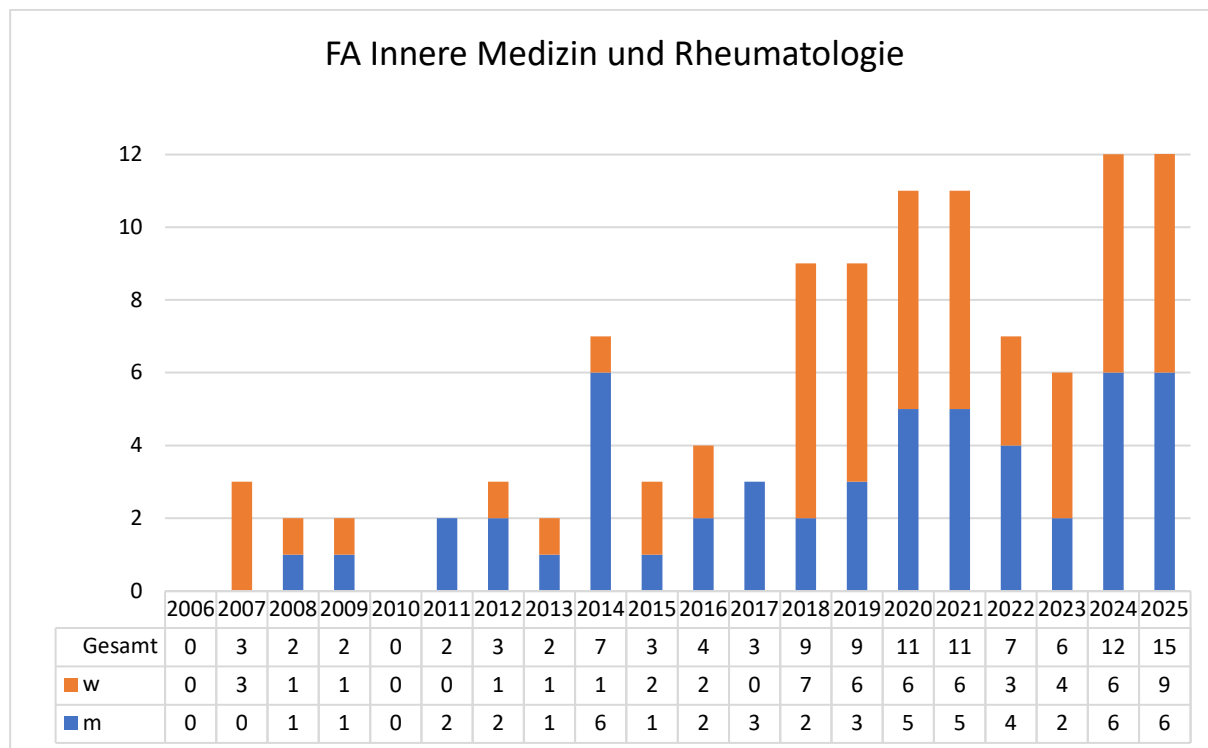

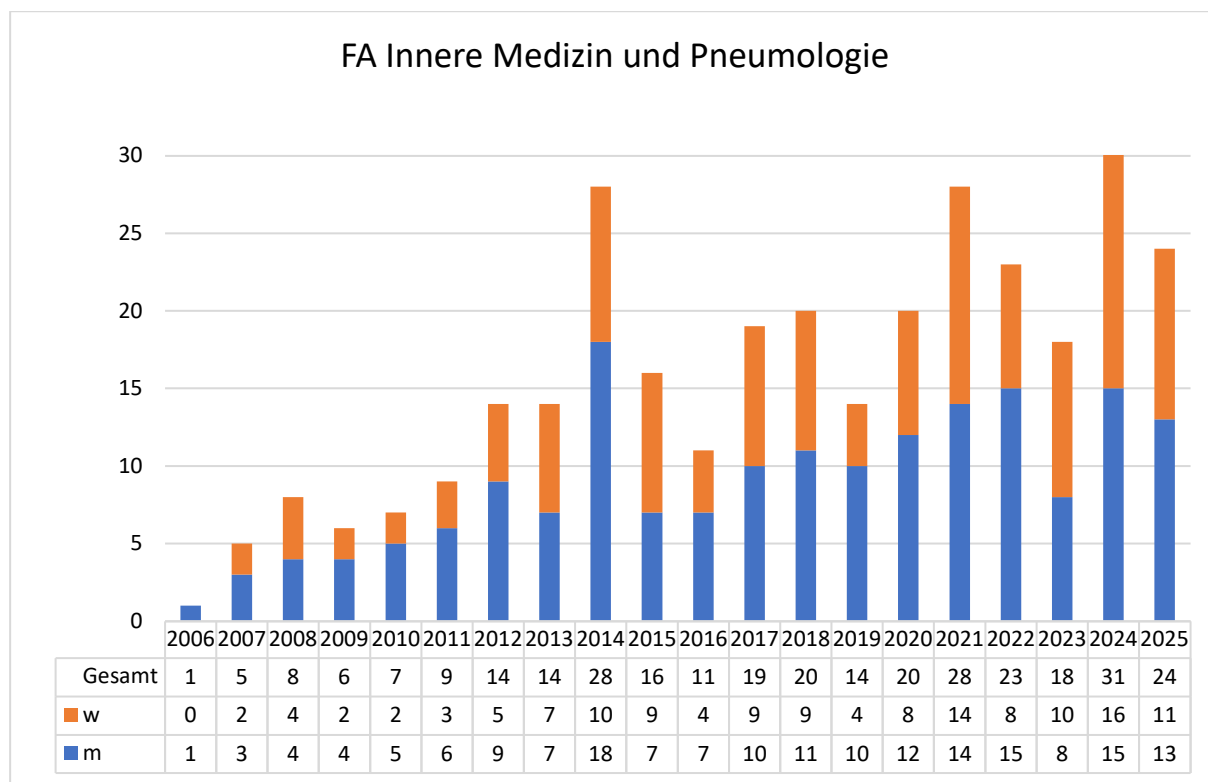

FA Innere Medizin und Kardiologie

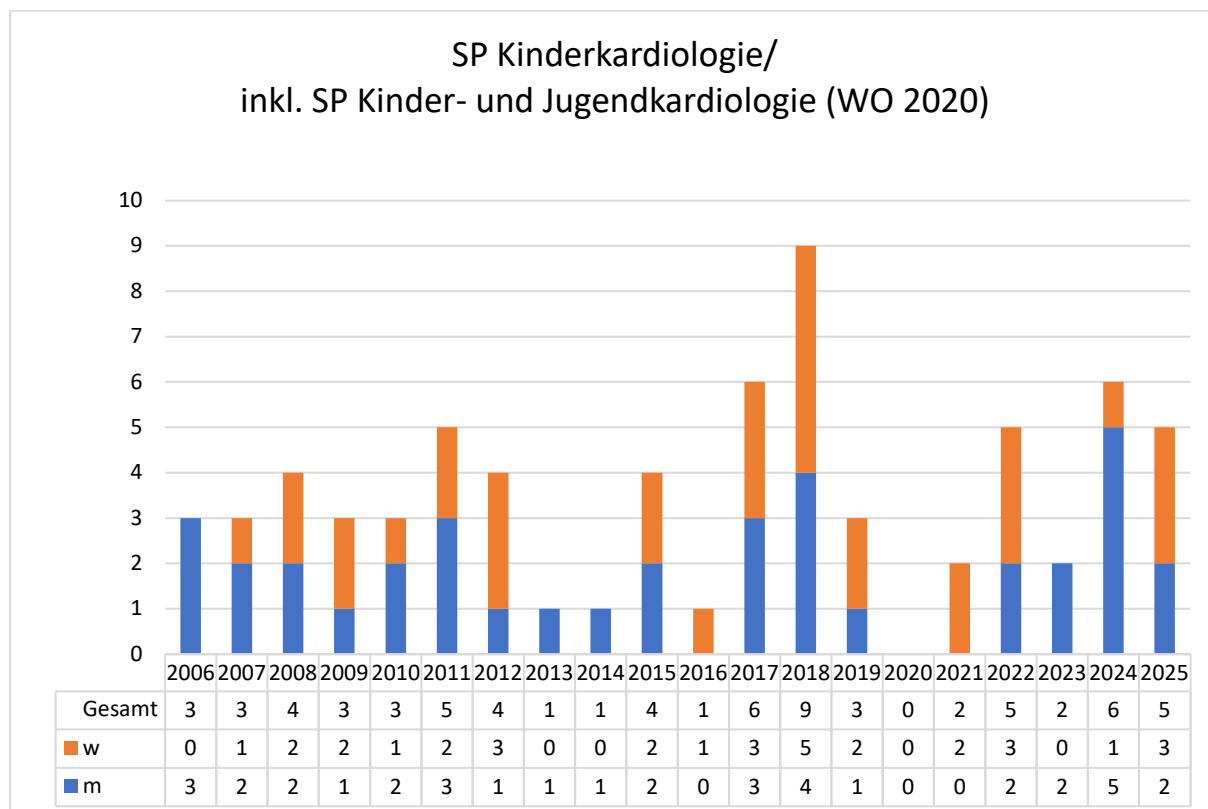

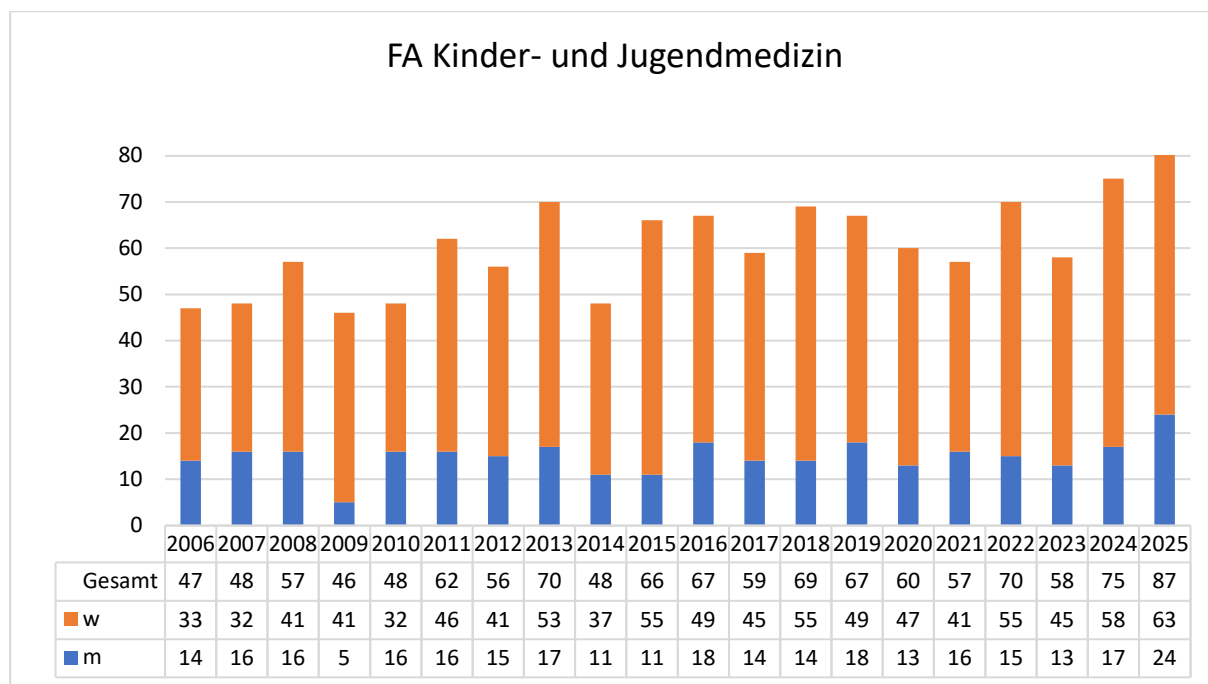

FA Innere Medizin und Nephrologie

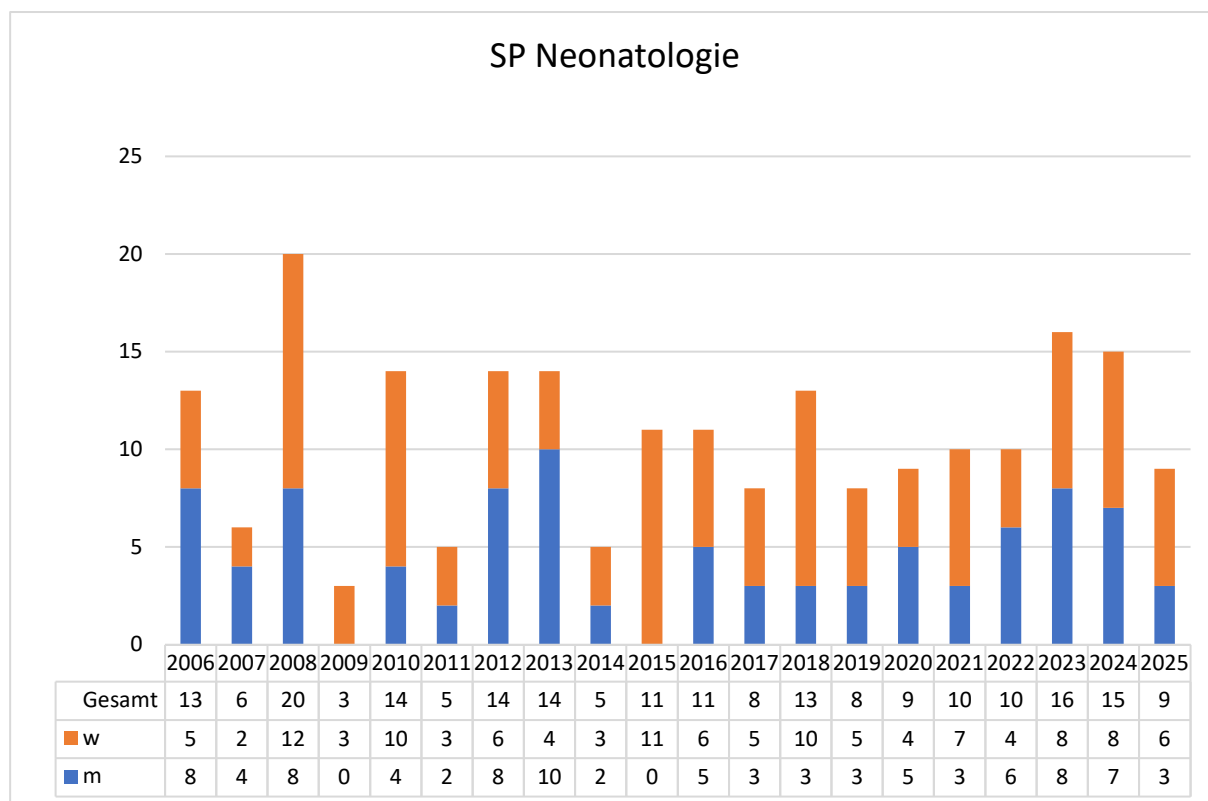

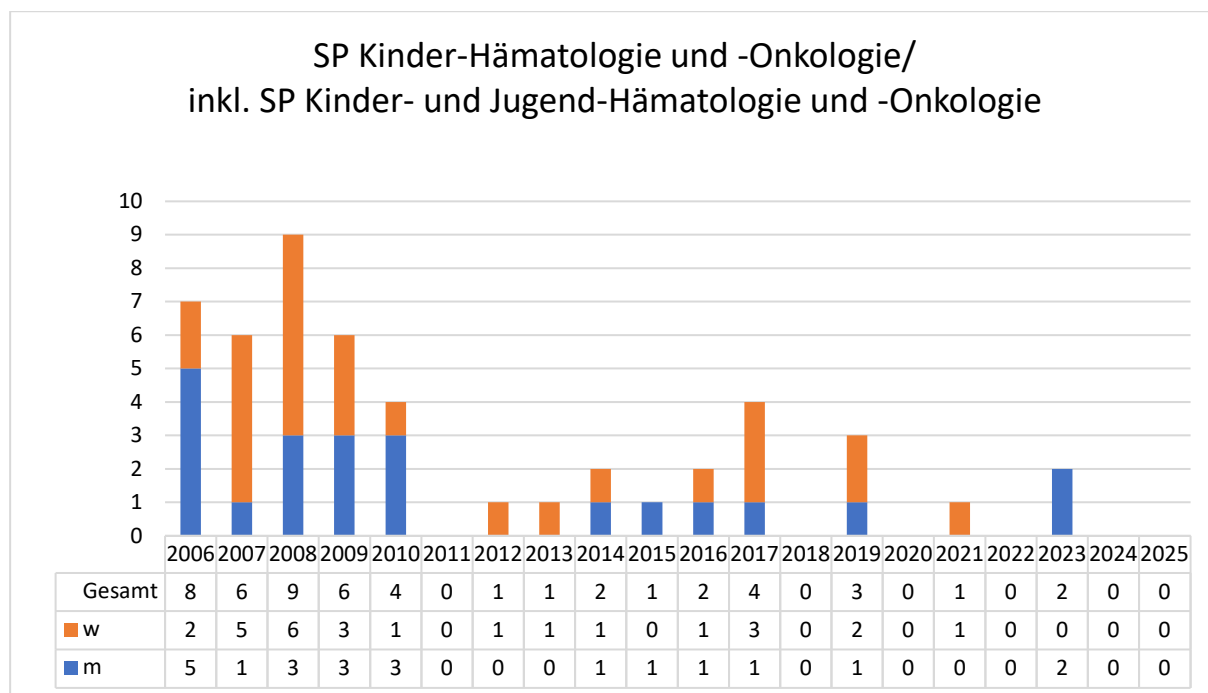

Innere Medizin

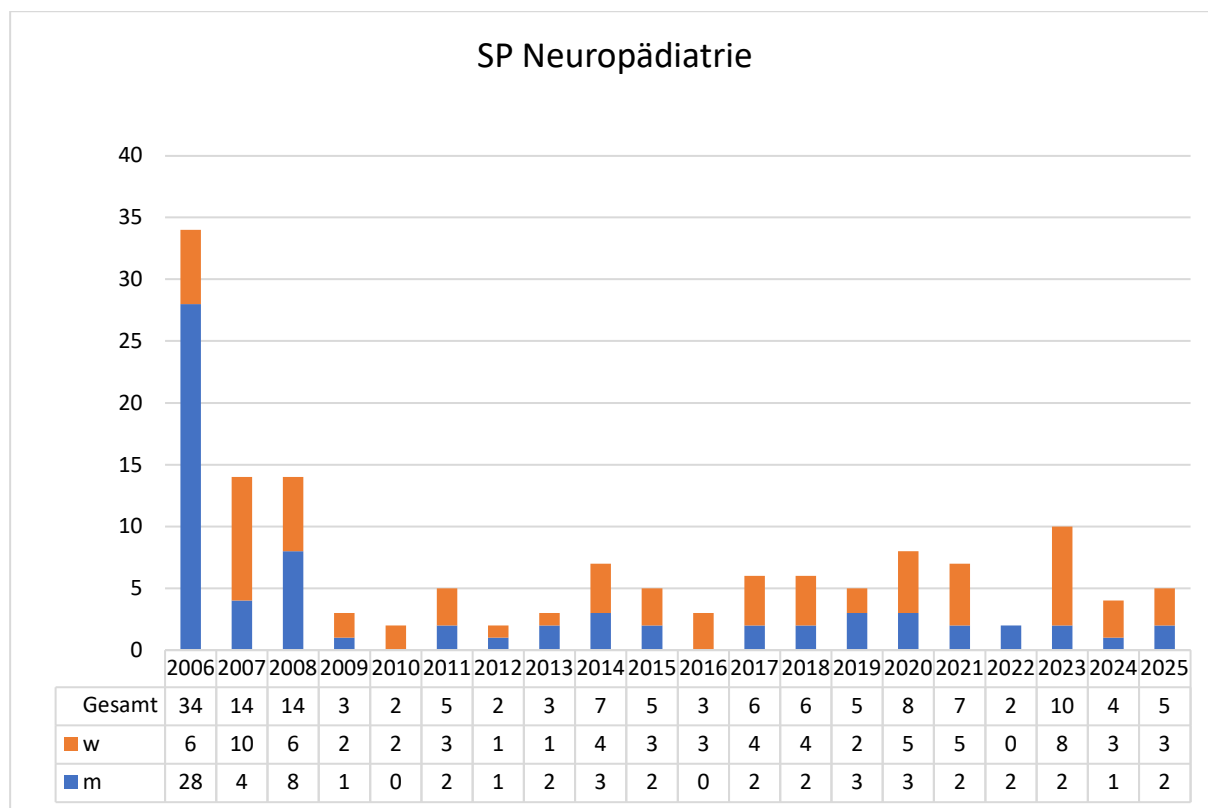

Kinder- und Jugendmedizin inkl. Schwerpunkte

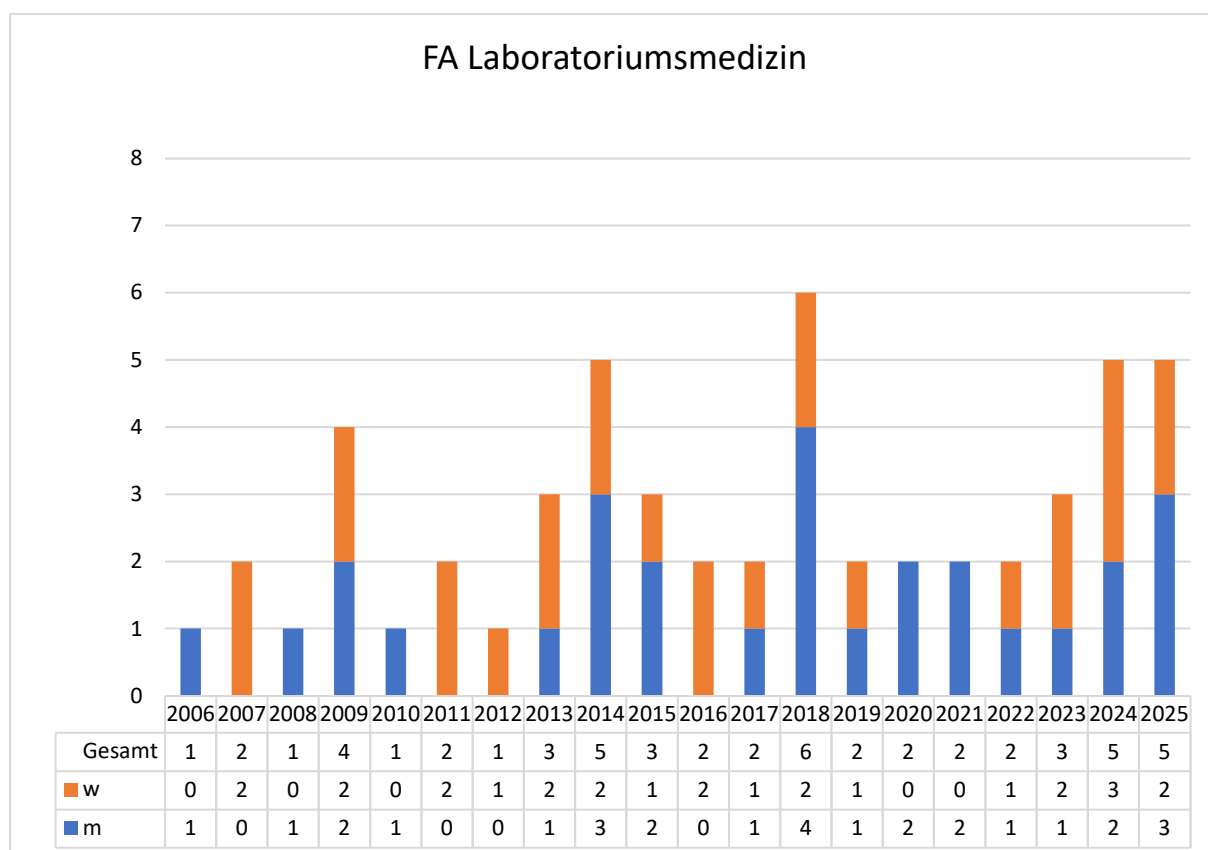

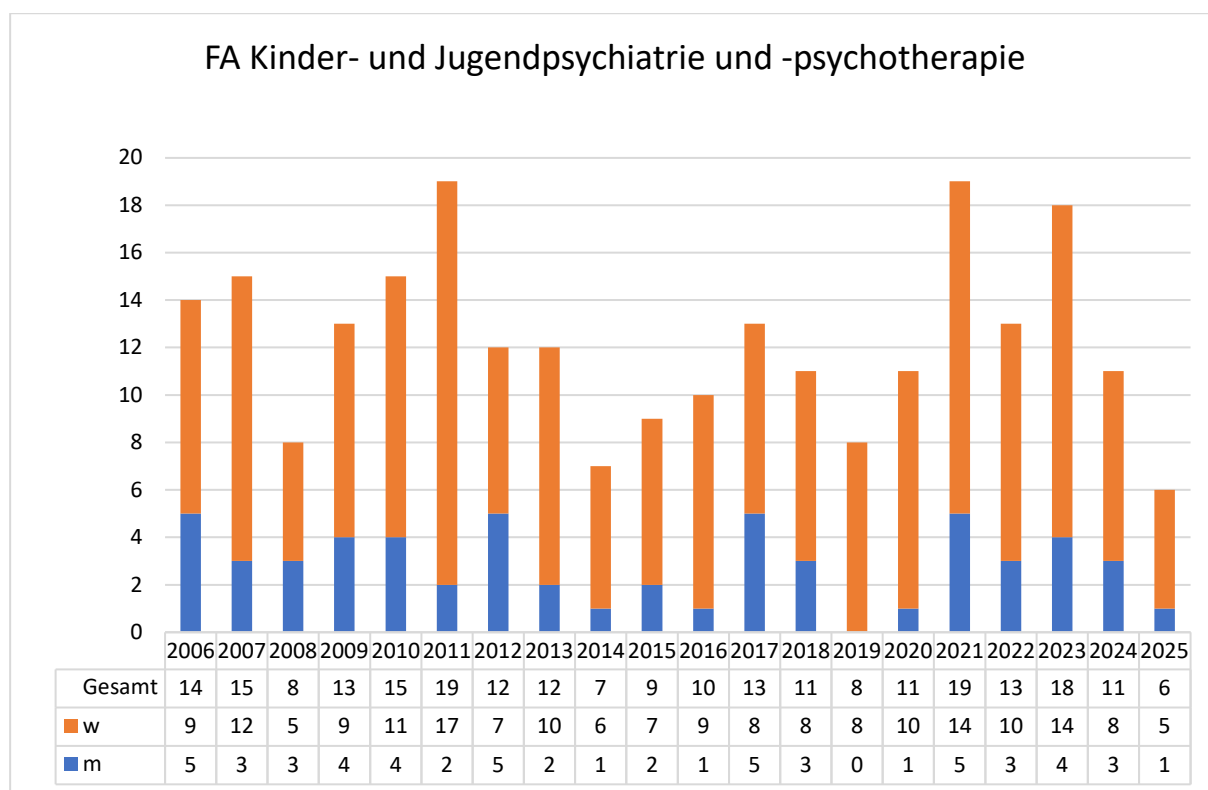

Kinder- und Jugendmedizin inkl. Schwerpunkte

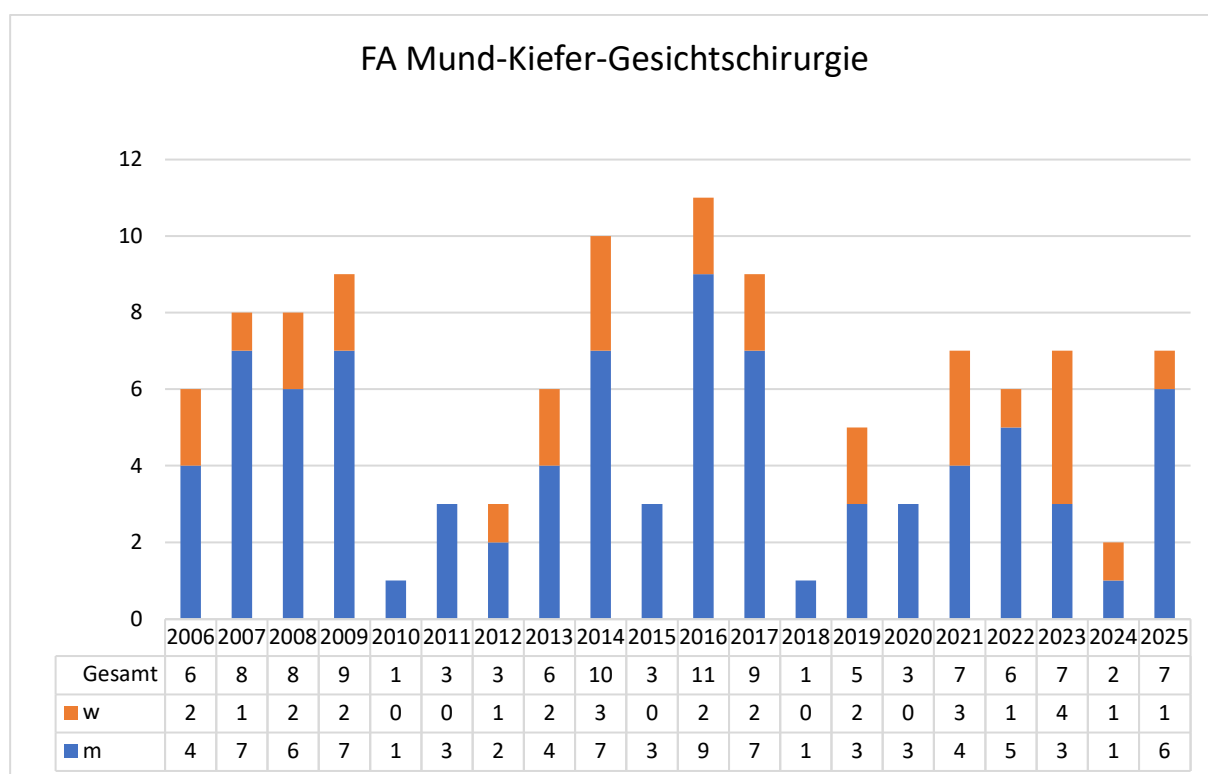

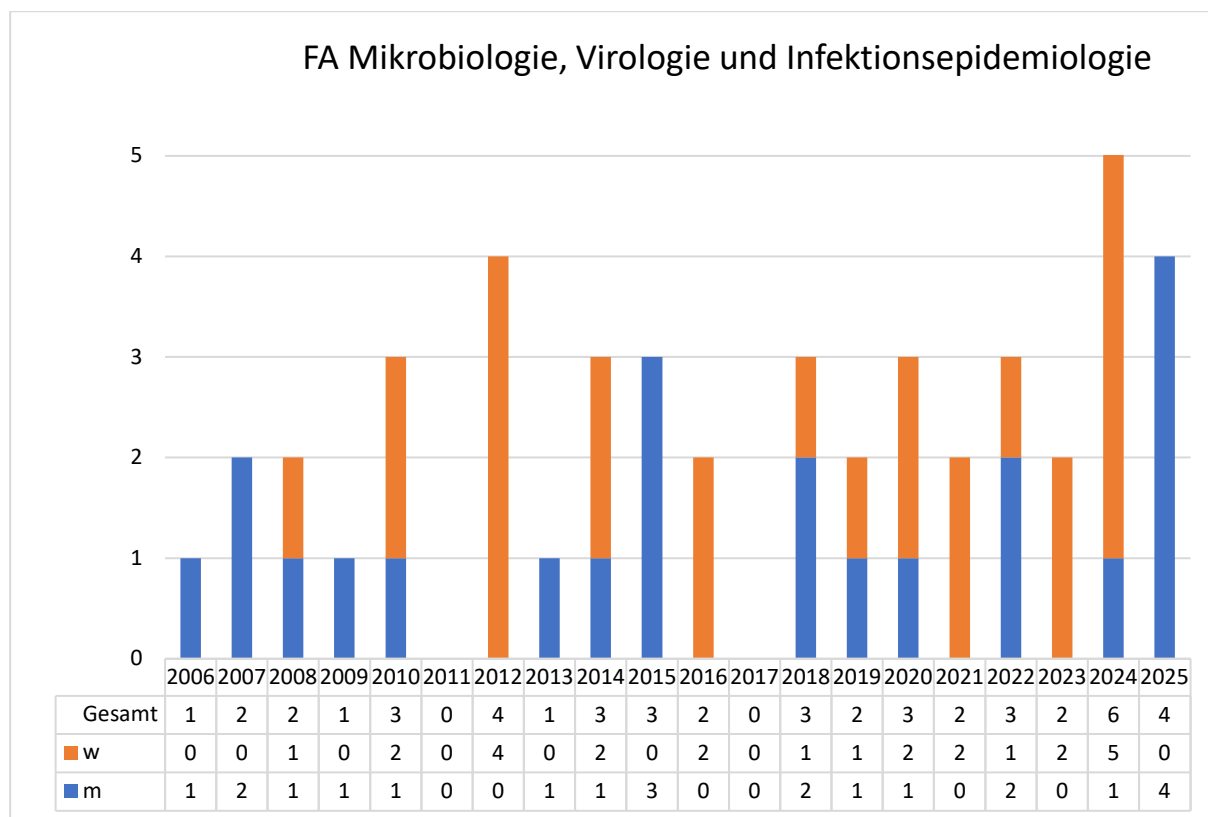

Kinder- und Jugendmedizin inkl. Schwerpunkte

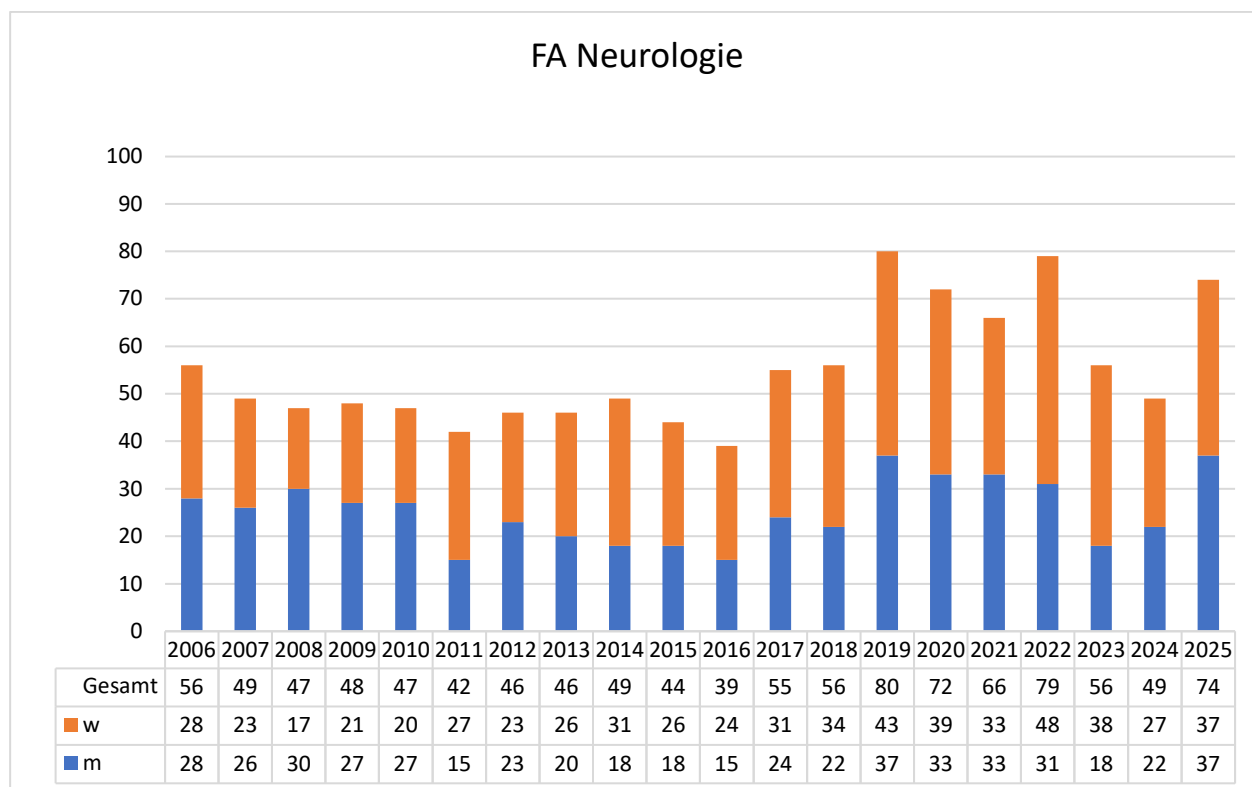

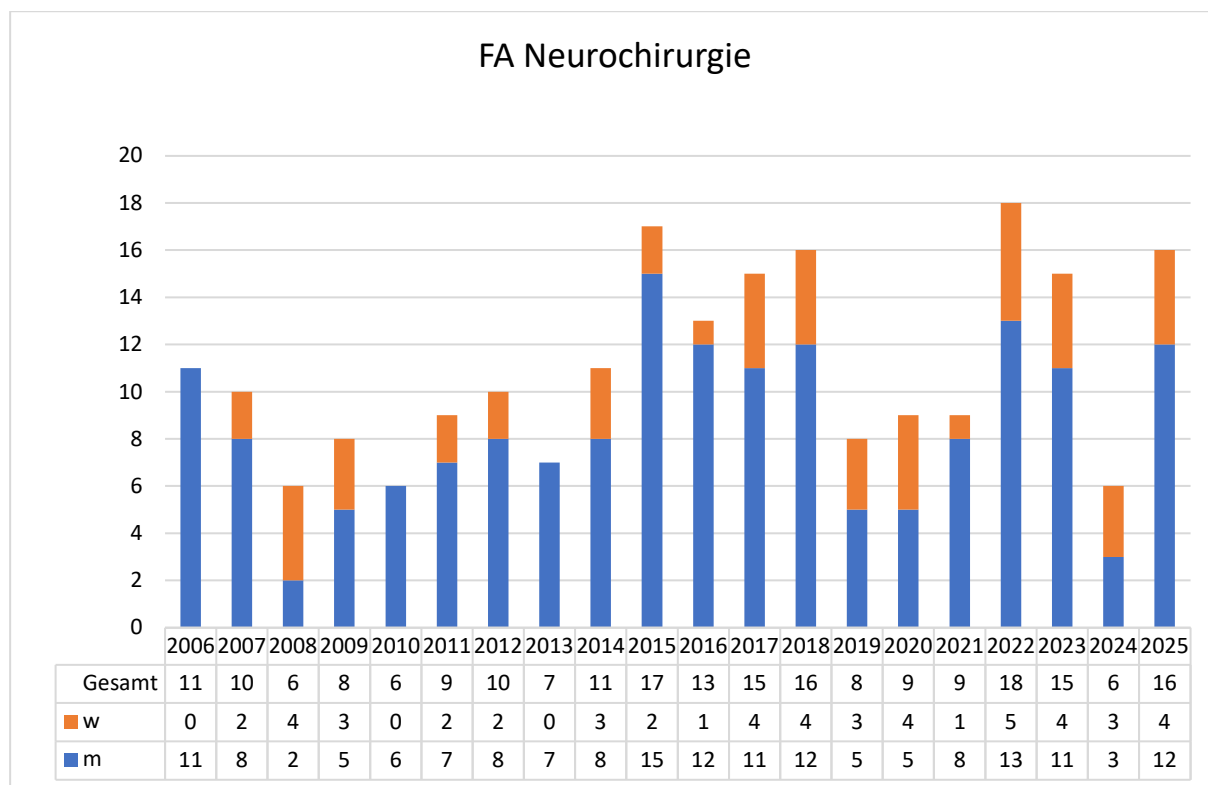

Kinder- und Jugendpsychiatrie und -psychotherapie – Laboratoriumsmedizin

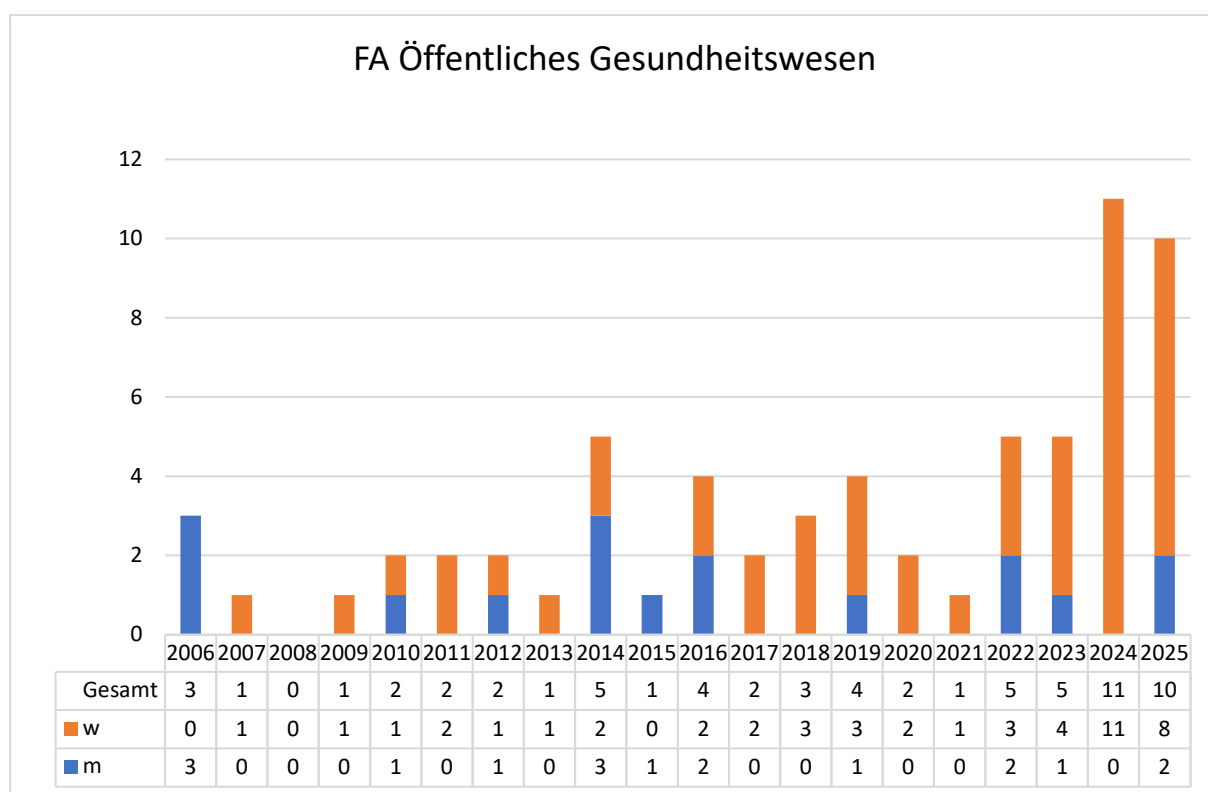

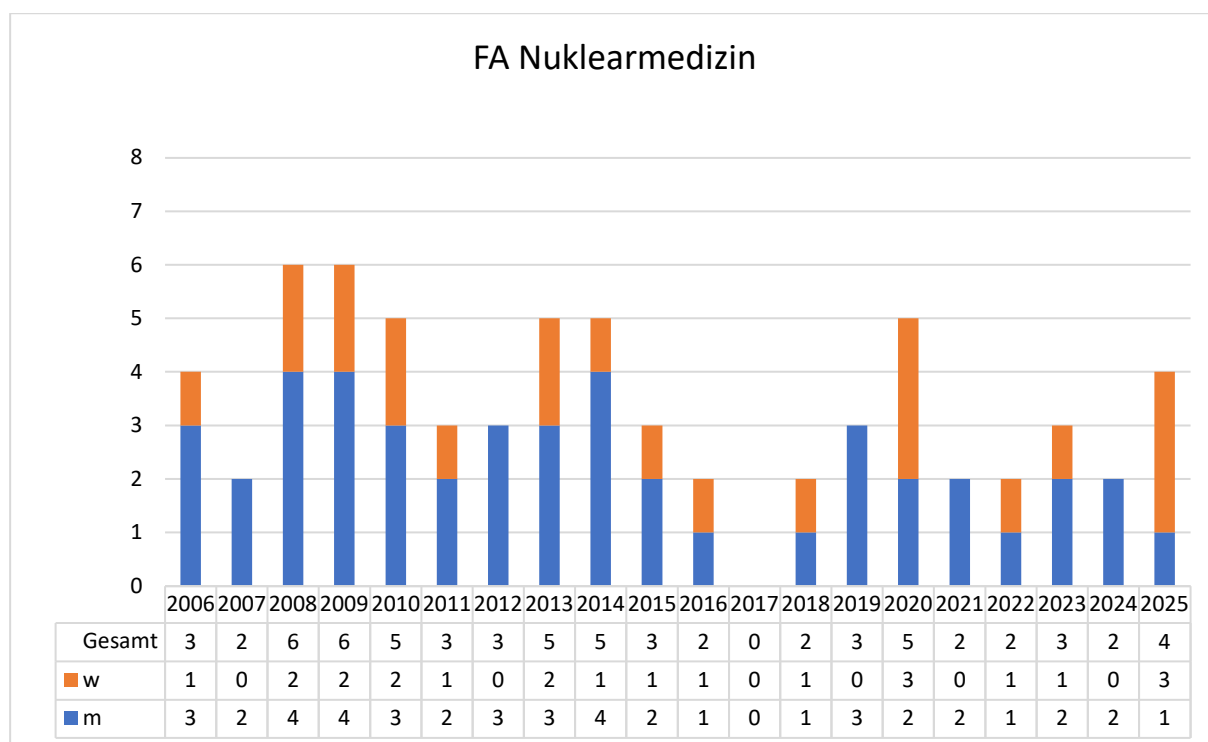

Mikrobiologie, Virologie und Infektionsepidemiologie – Mund-Kiefer-Gesichtschirurgie

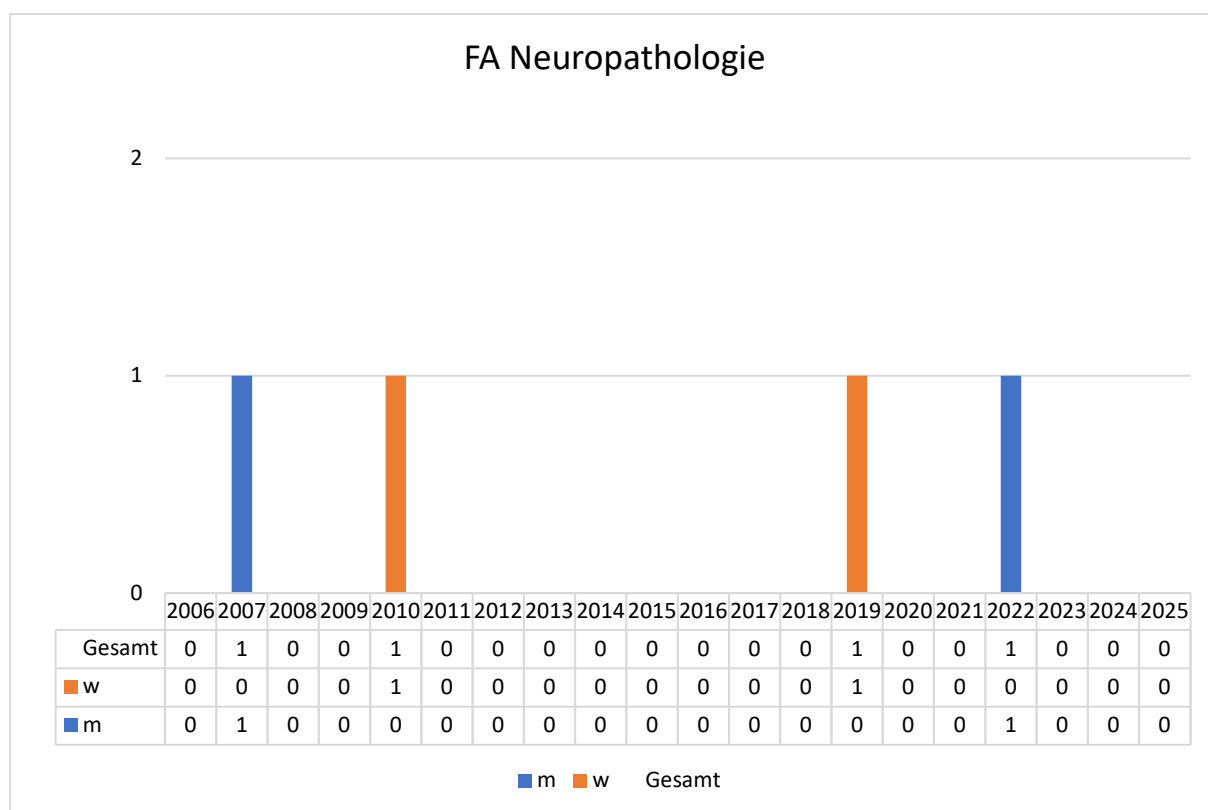

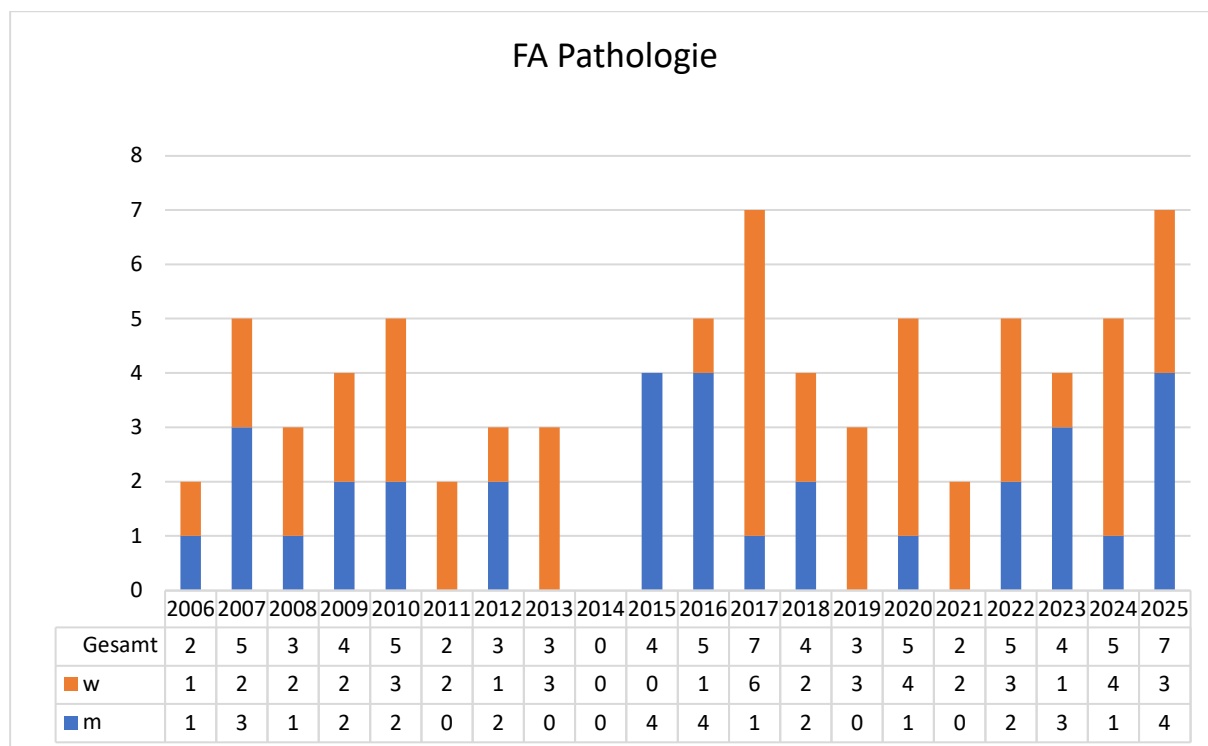

Neurochirurgie – Neurologie

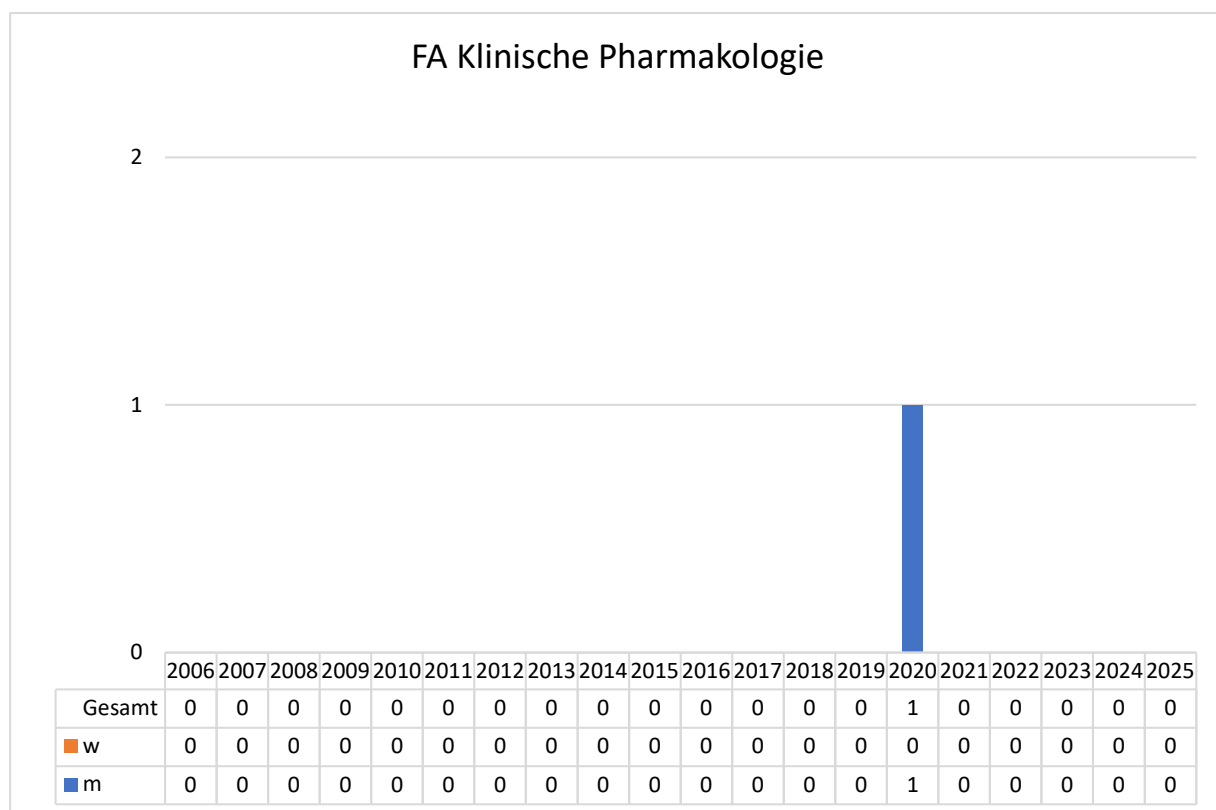

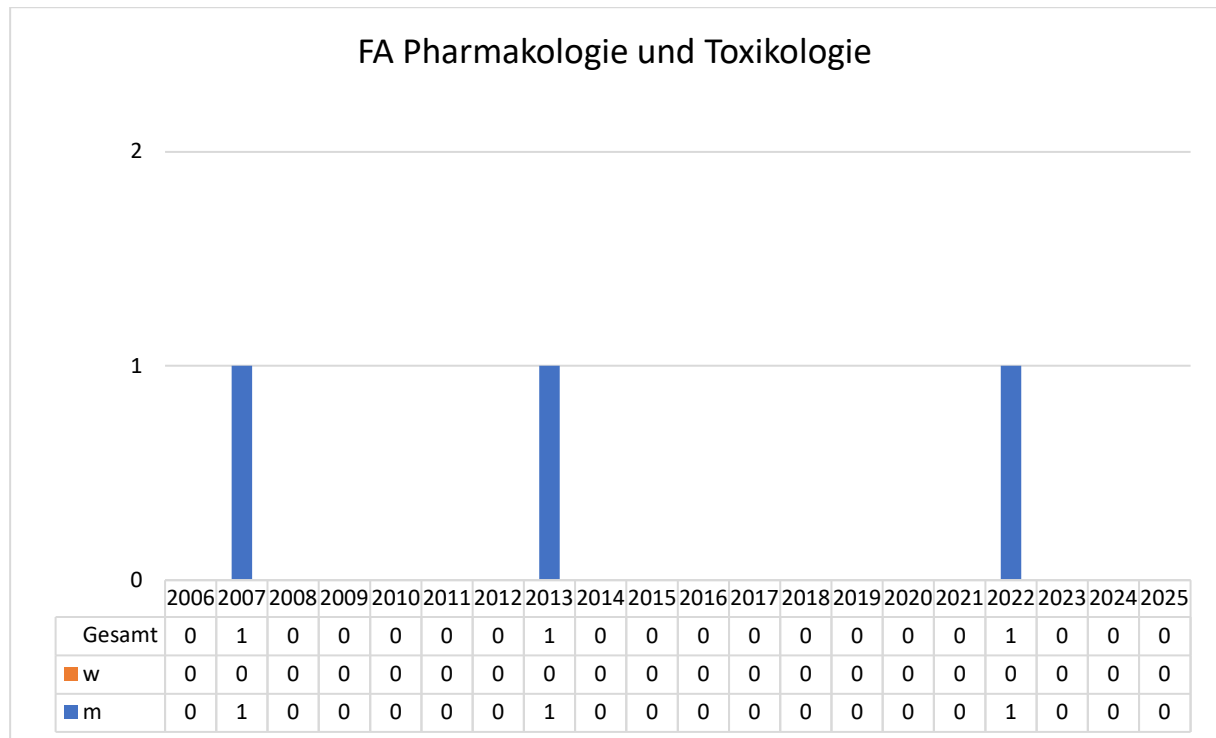

Nuklearmedizin – Öffentliches Gesundheitswesen

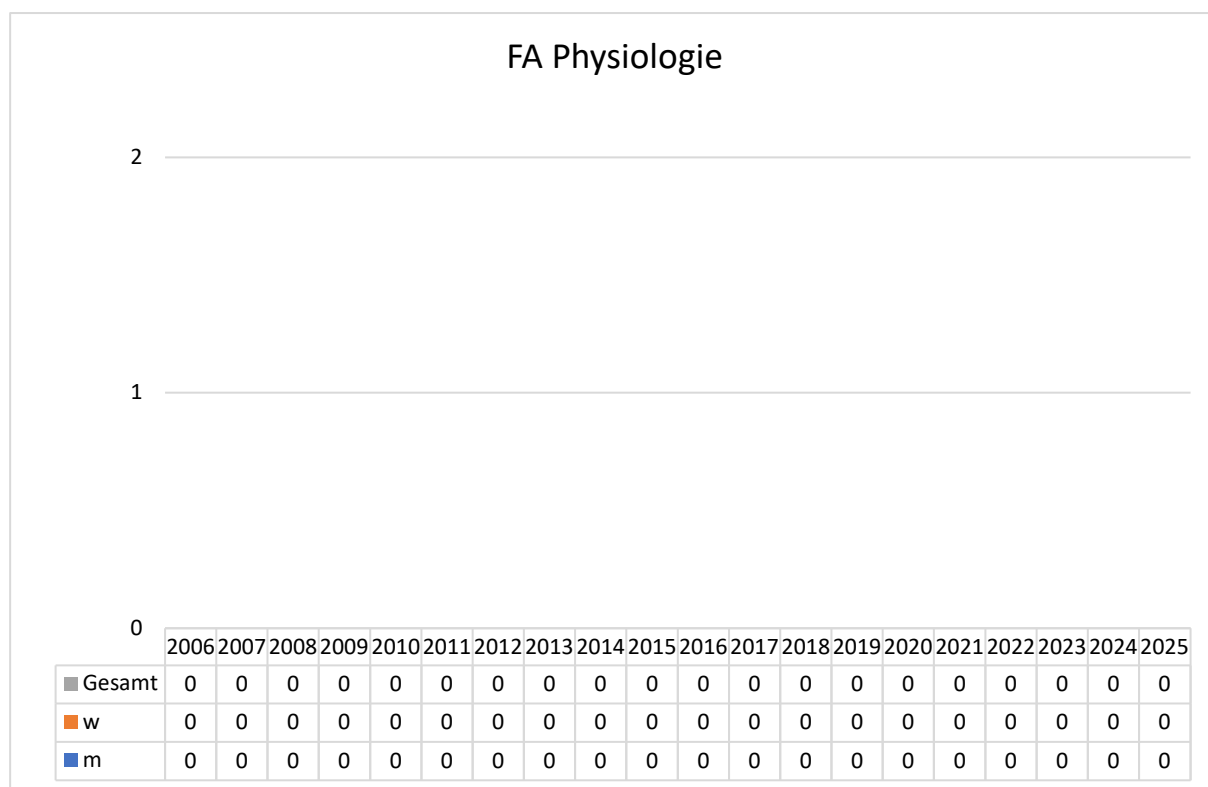

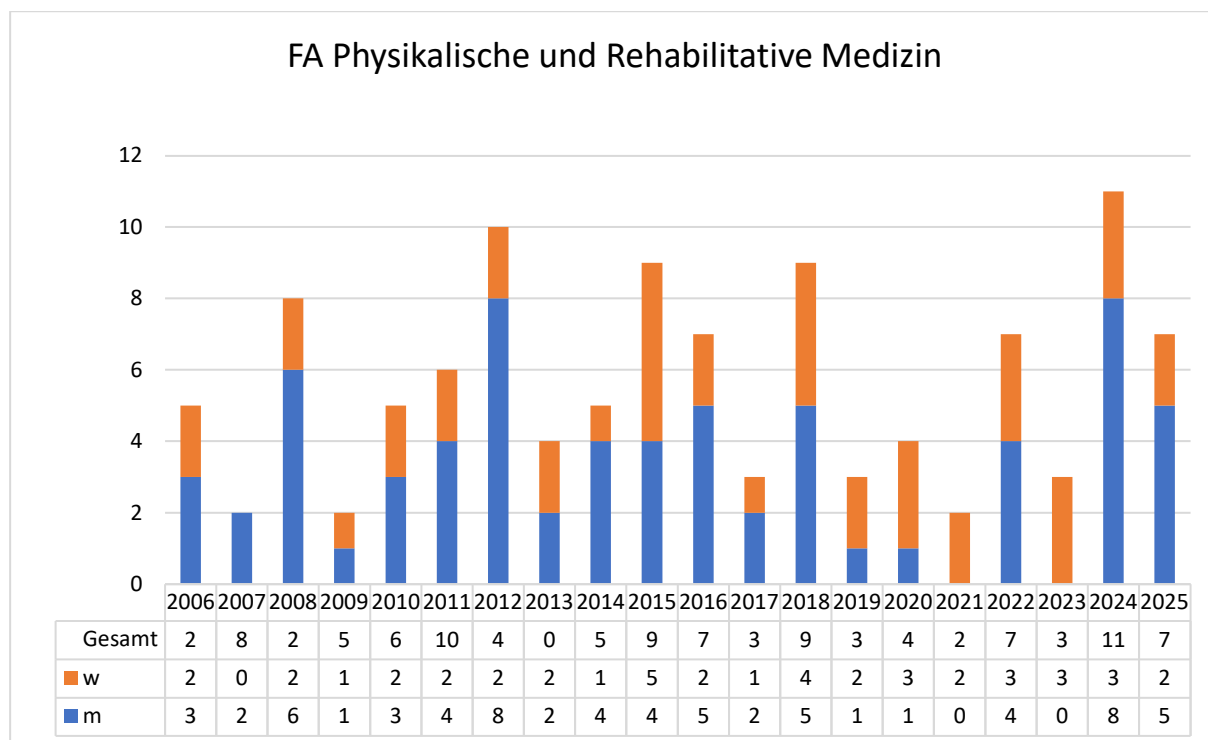

Pathologie – Neuropathologie

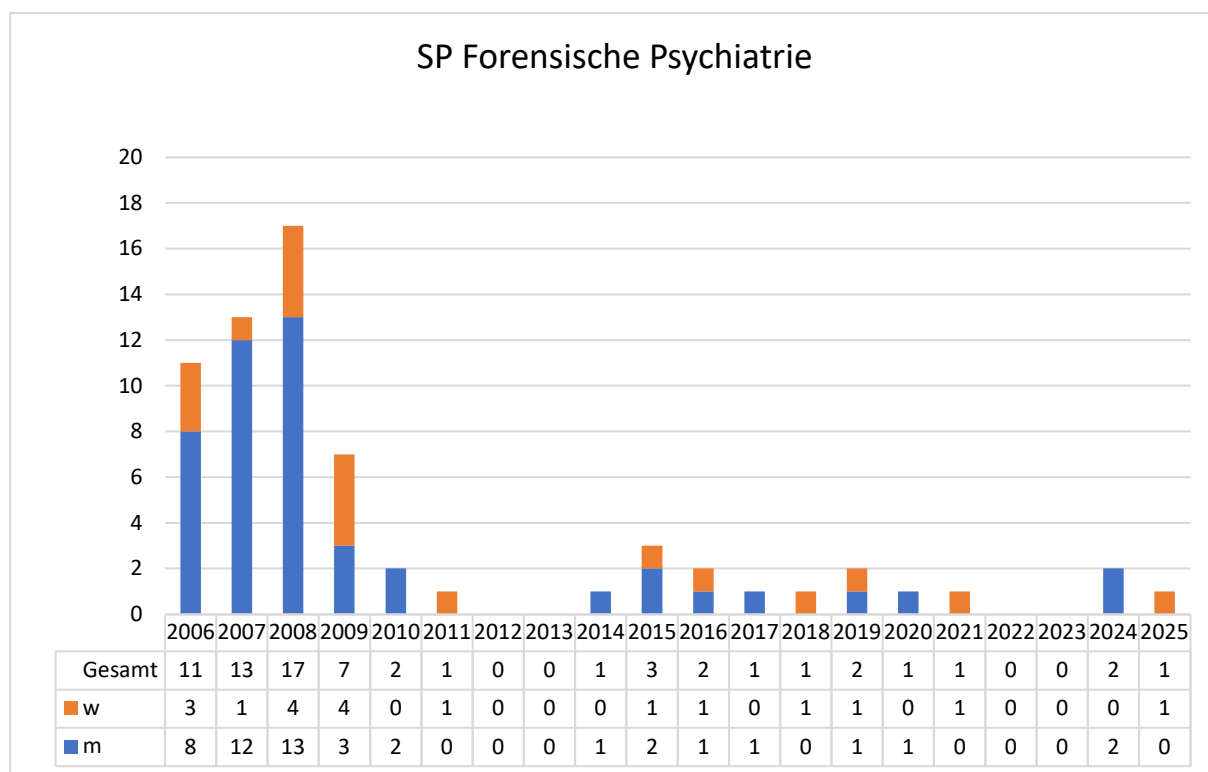

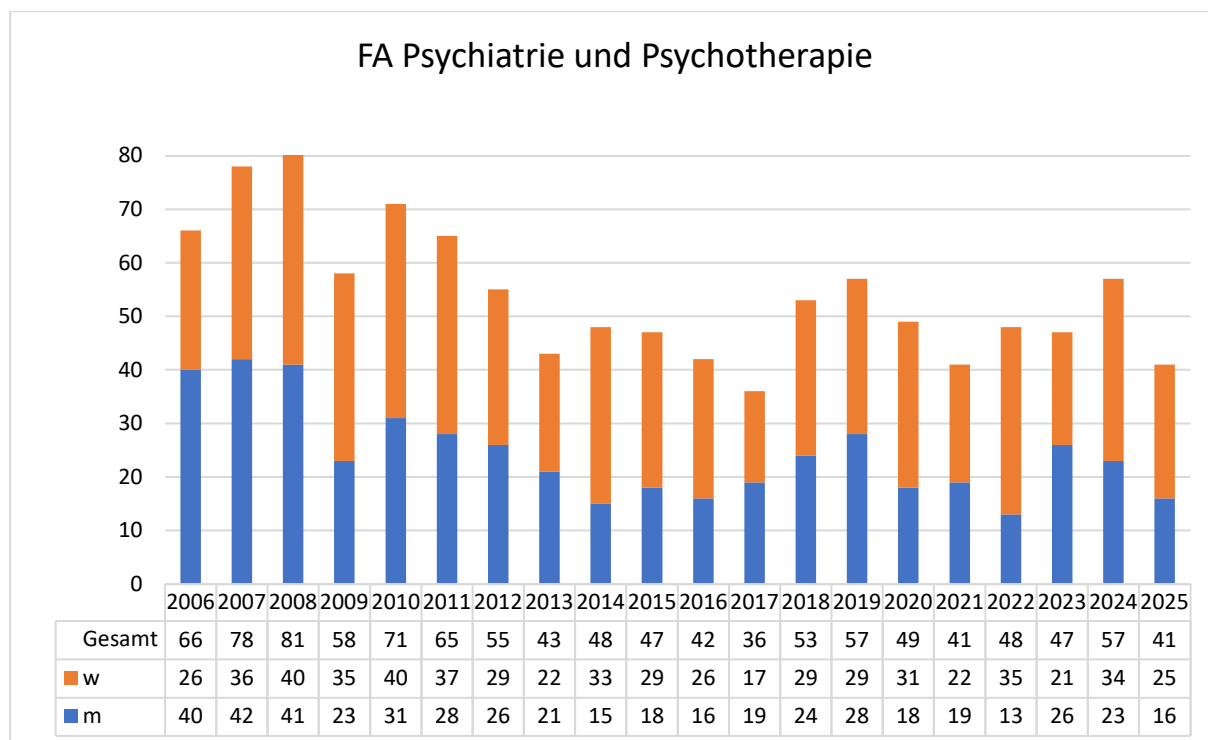

Pharmakologie und Toxikologie – Klinische Pharmakologie

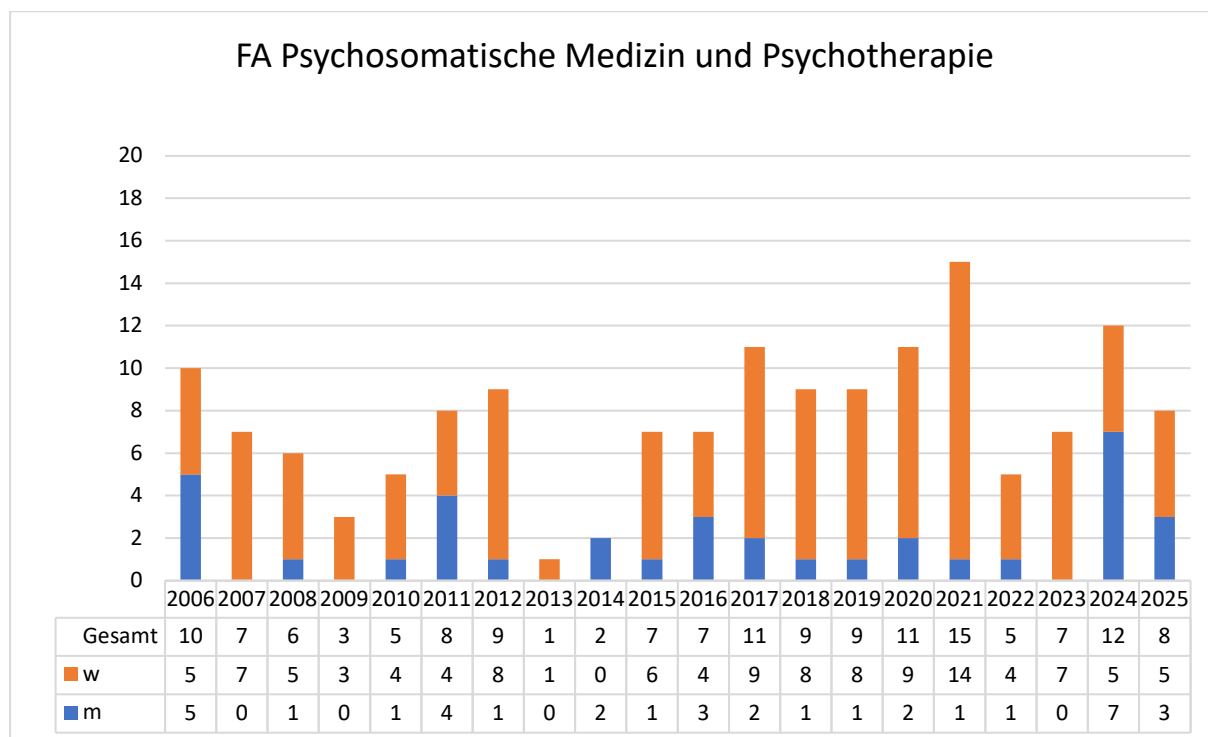

Physikalische und Rehabilitative Medizin – Physiologie

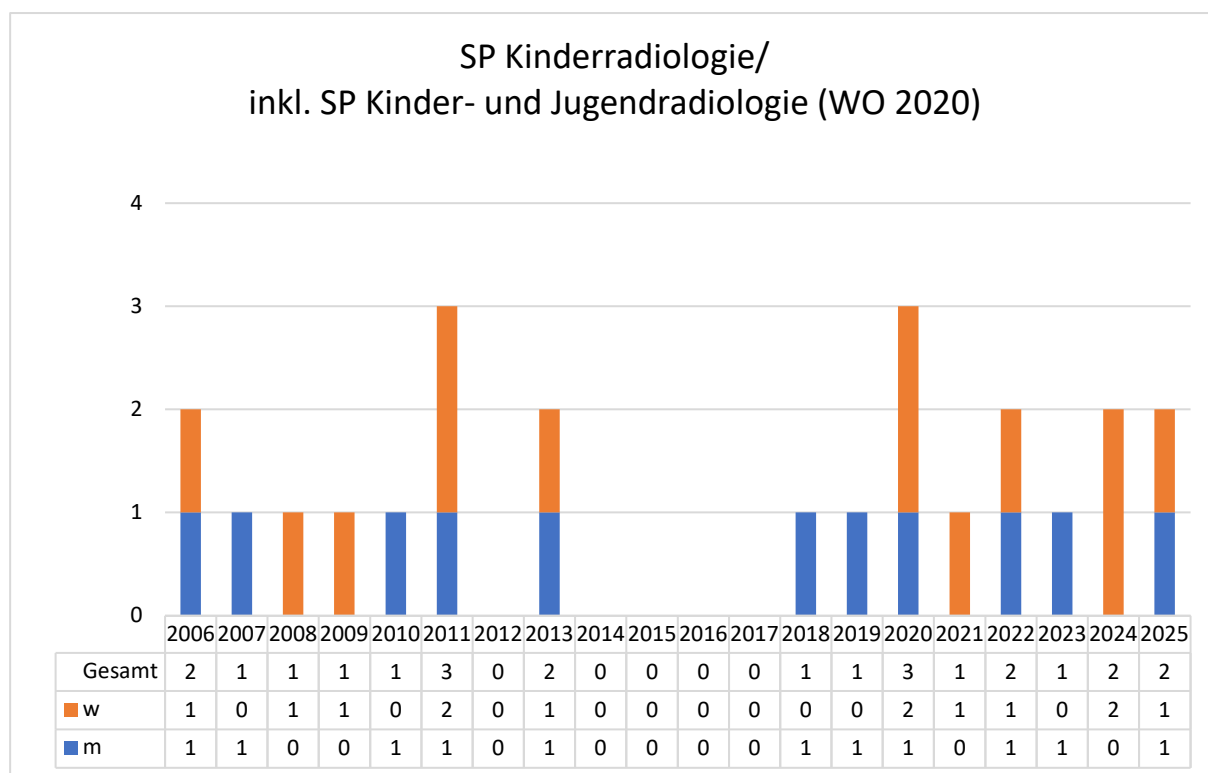

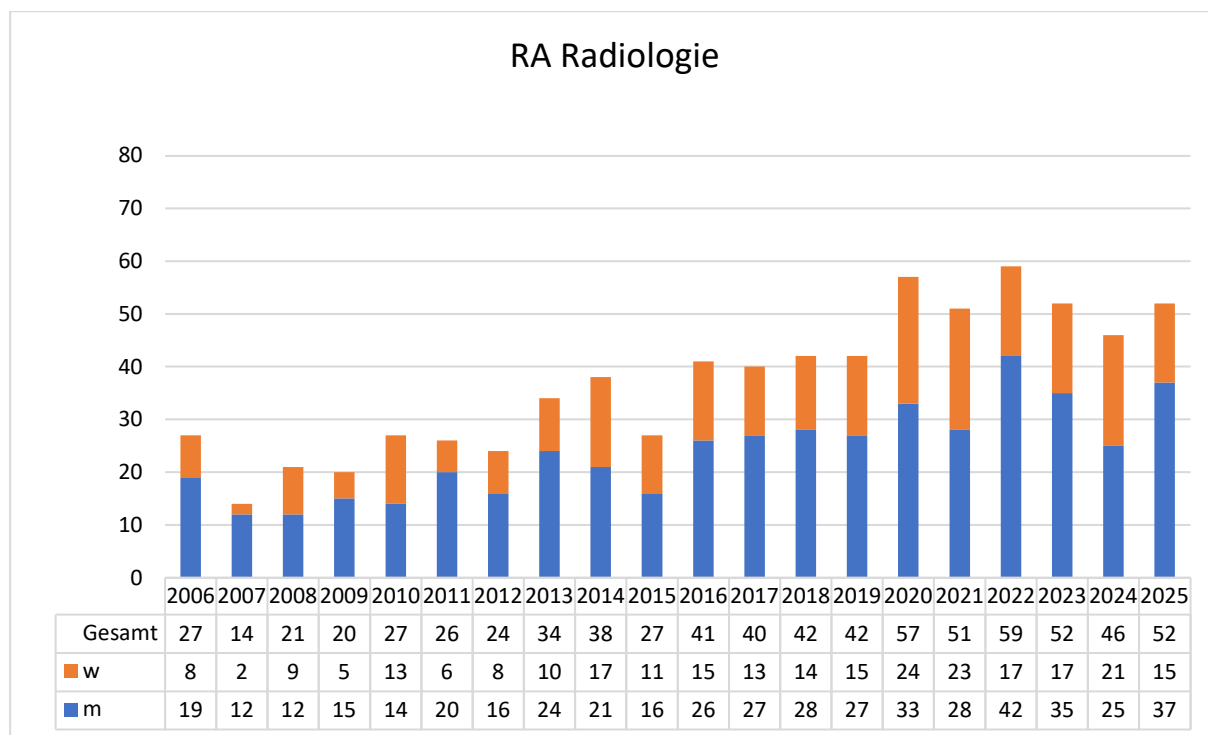

Psychiatrie und Psychotherapie – SP Forensische Psychiatrie

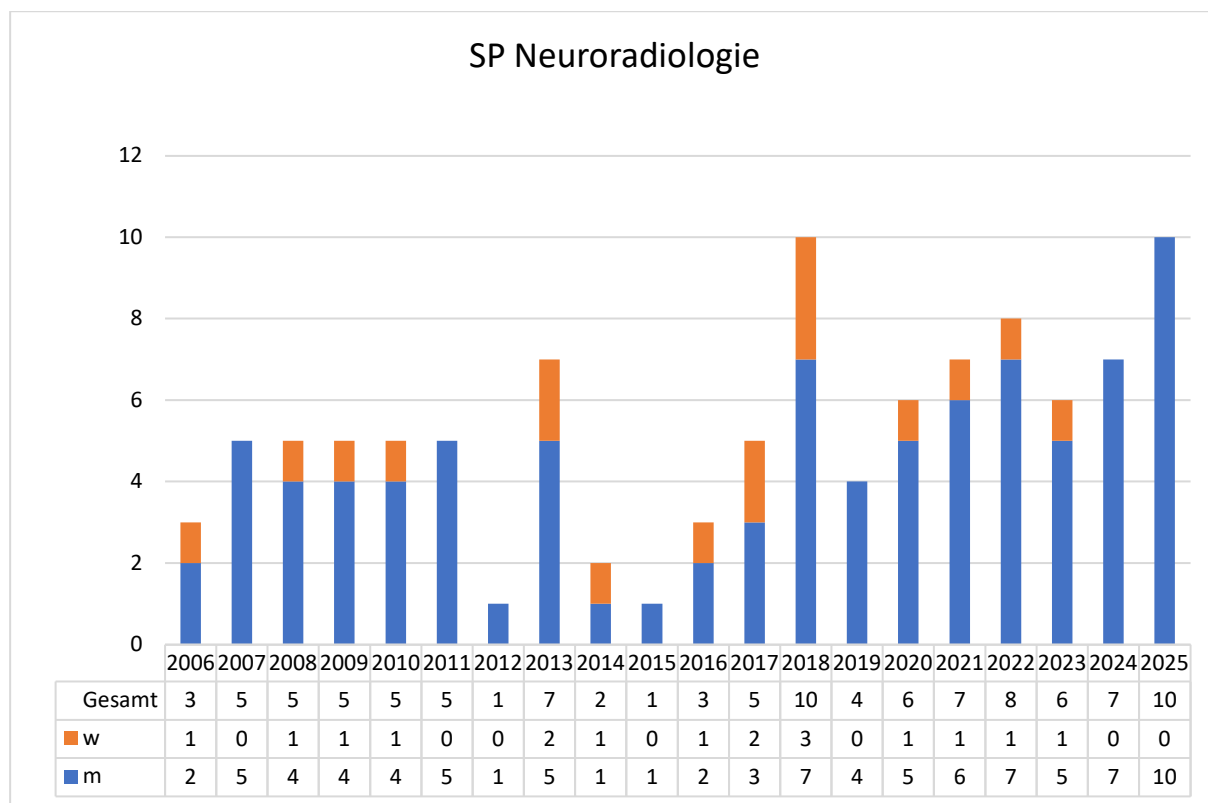

Psychosomatische Medizin und Psychotherapie

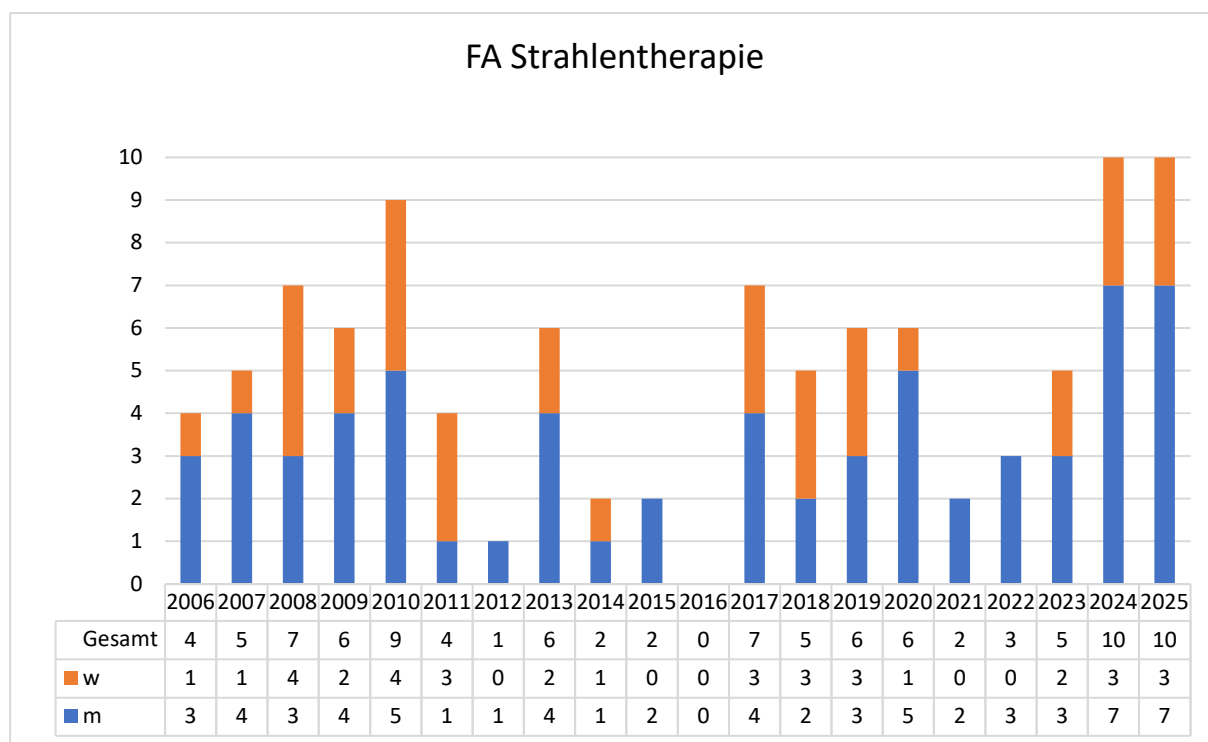

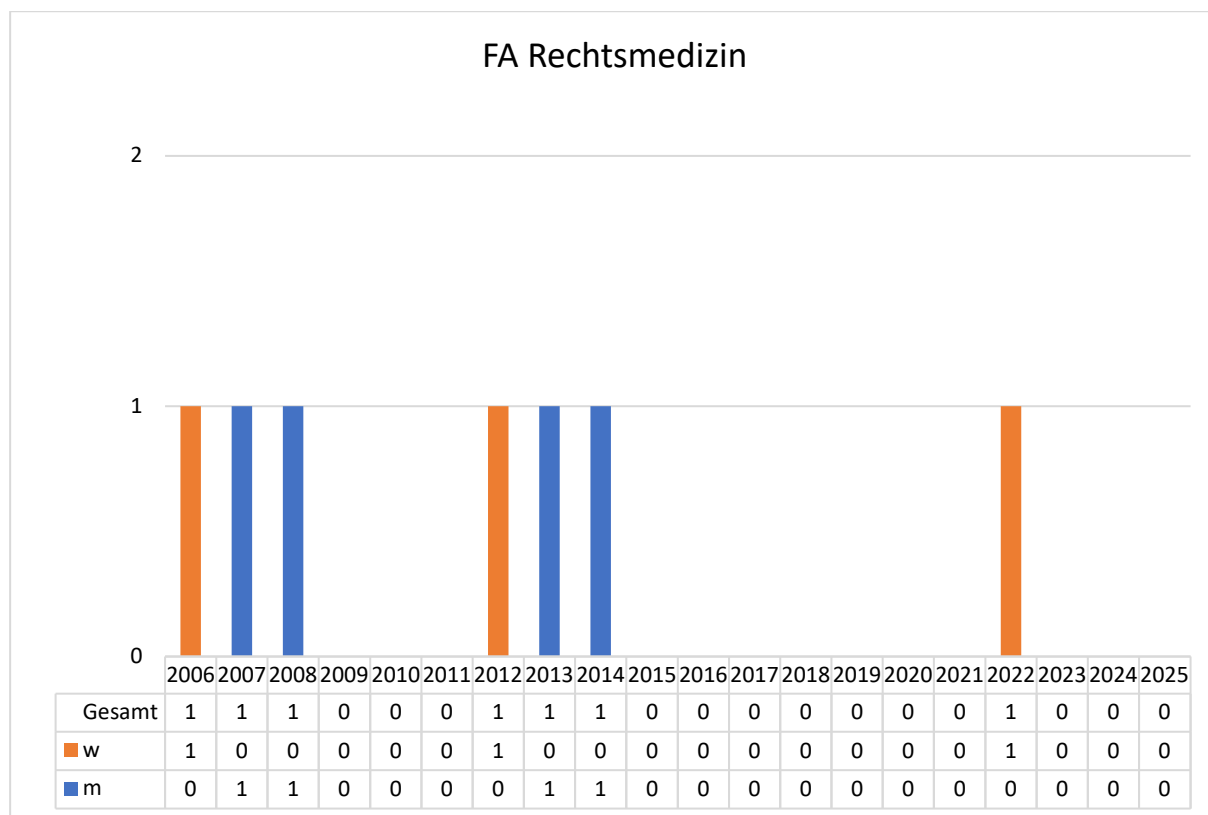

Radiologie inkl. Schwerpunkte

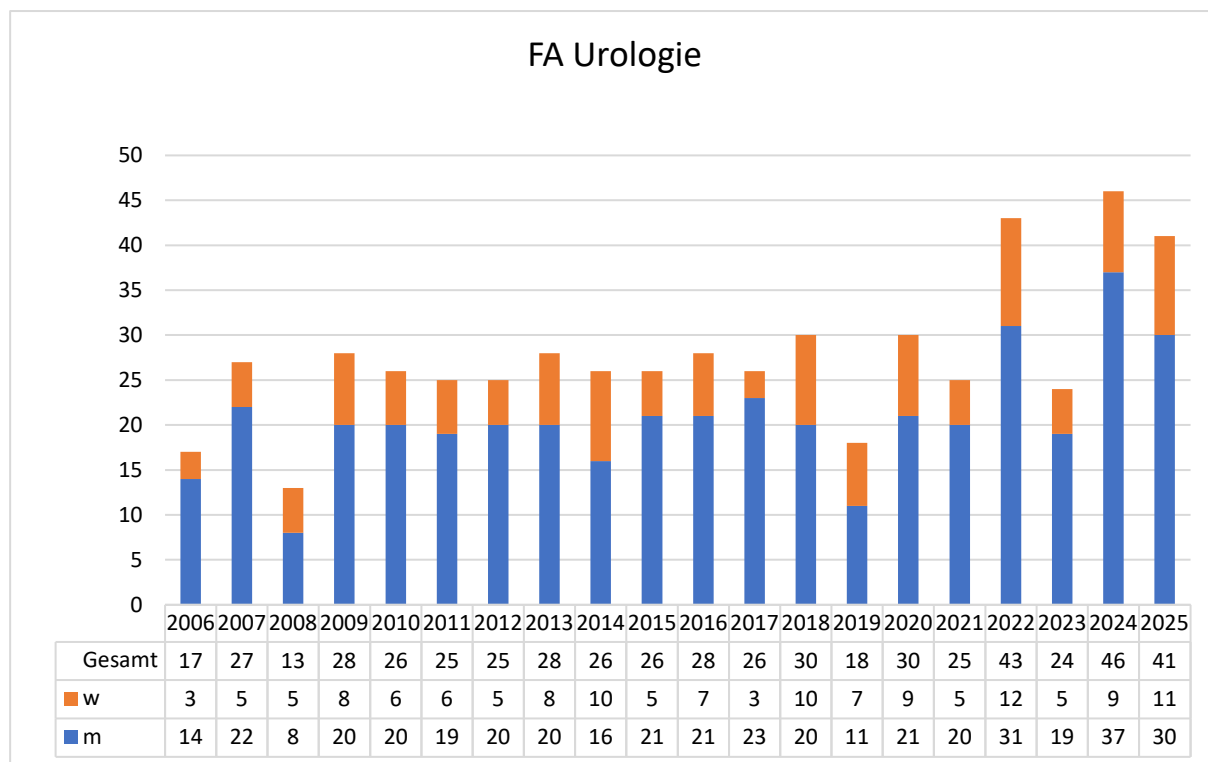

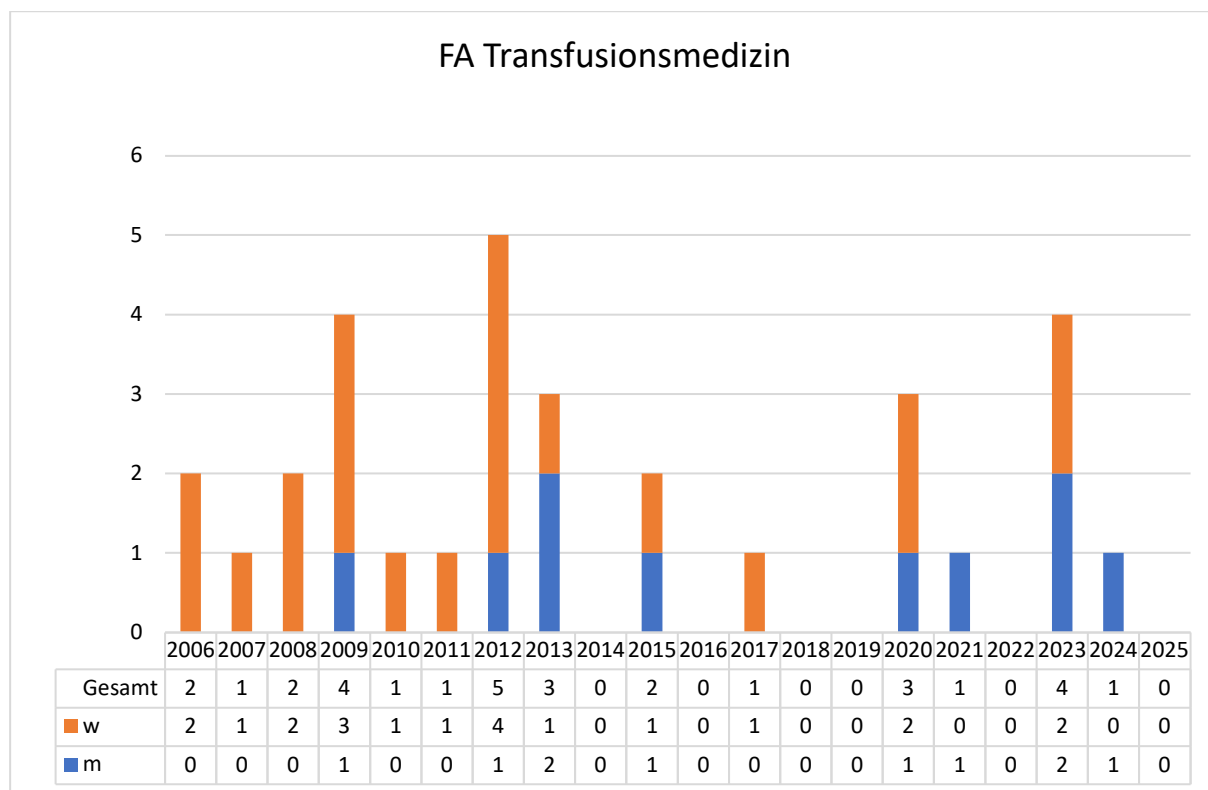

Radiologie inkl. Schwerpunkte

Rechtsmedizin – Strahlentherapie

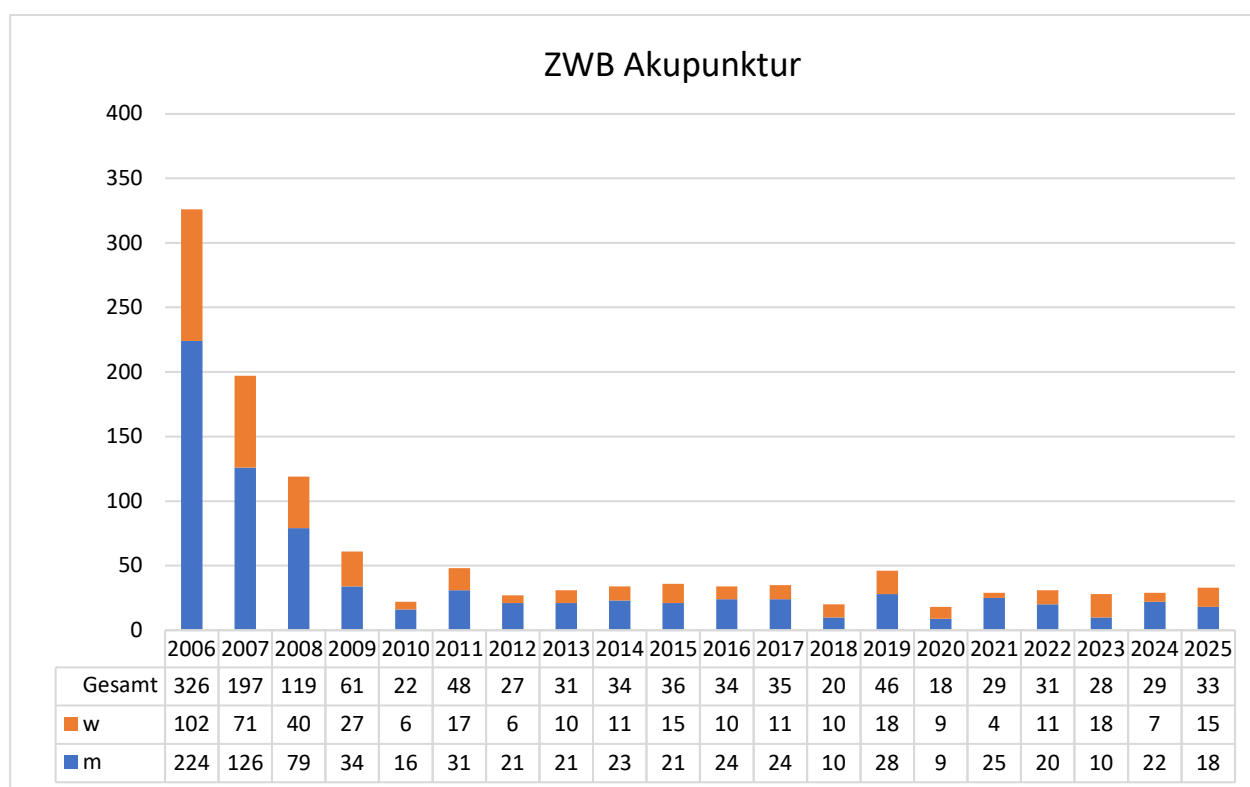

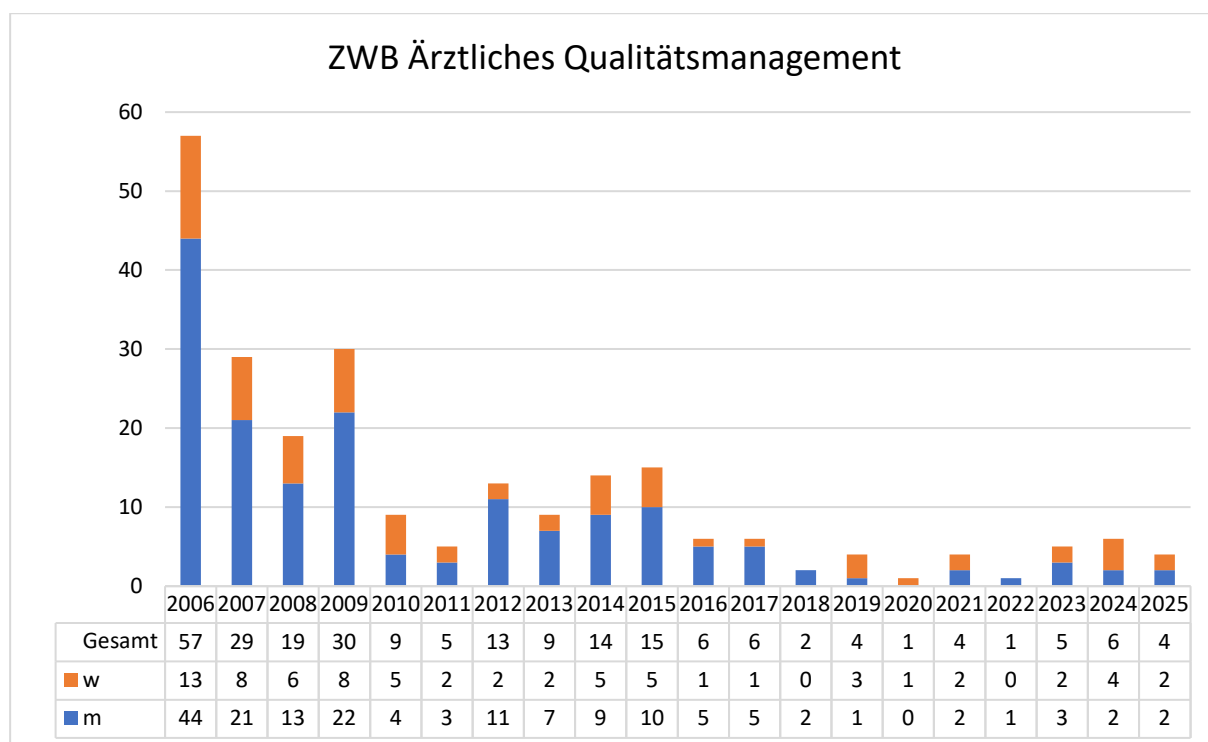

Transfusionsmedizin – Urologie

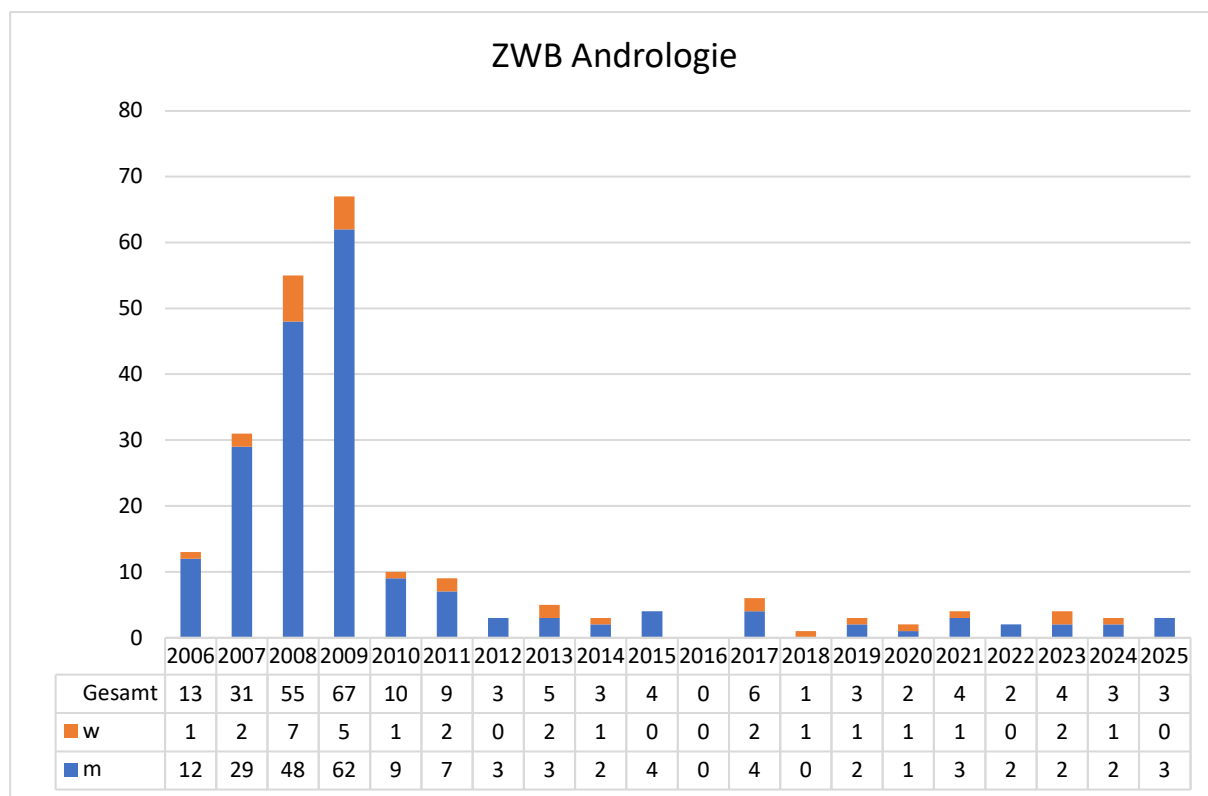

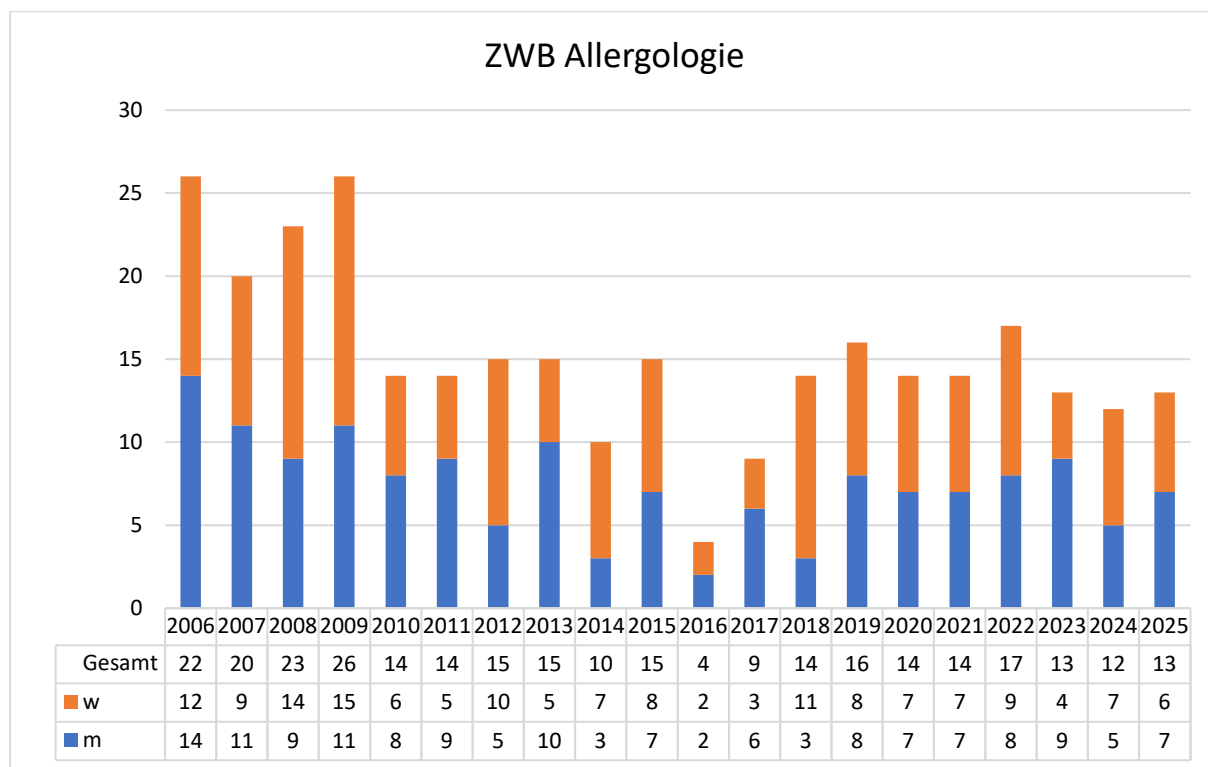

Zusatz-Weiterbildungen

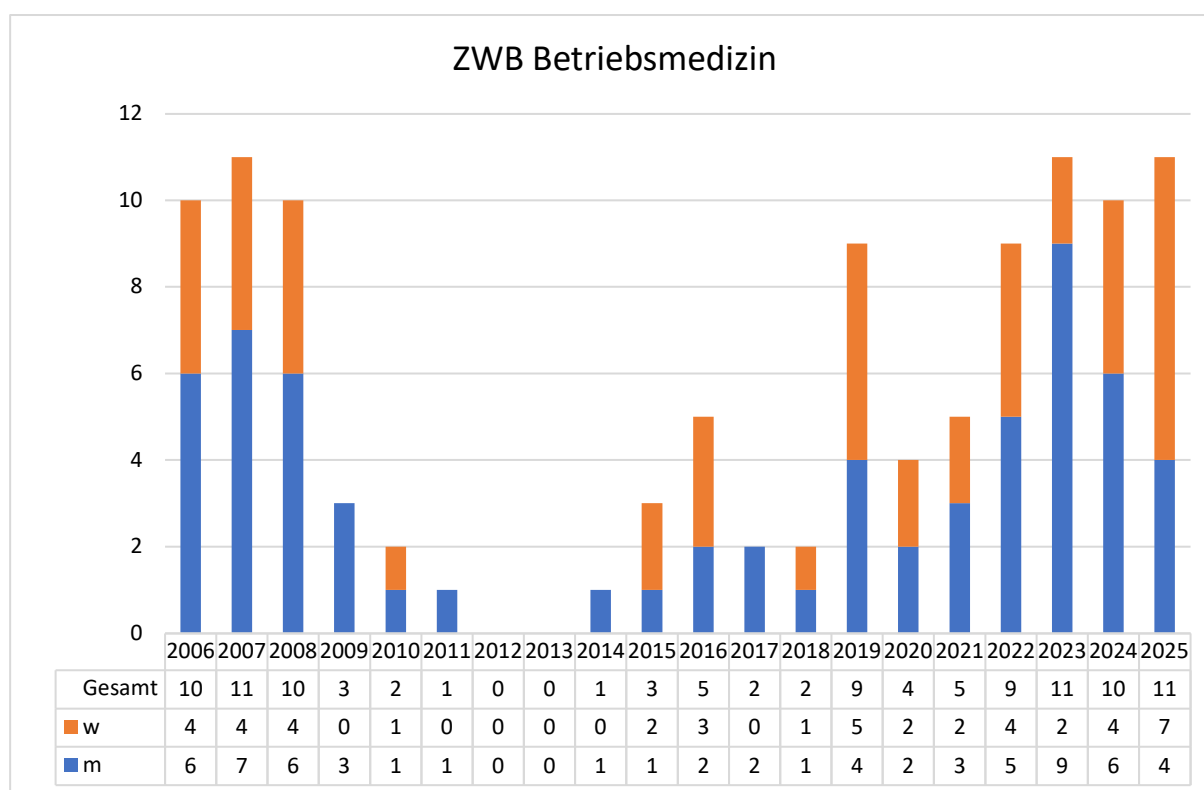

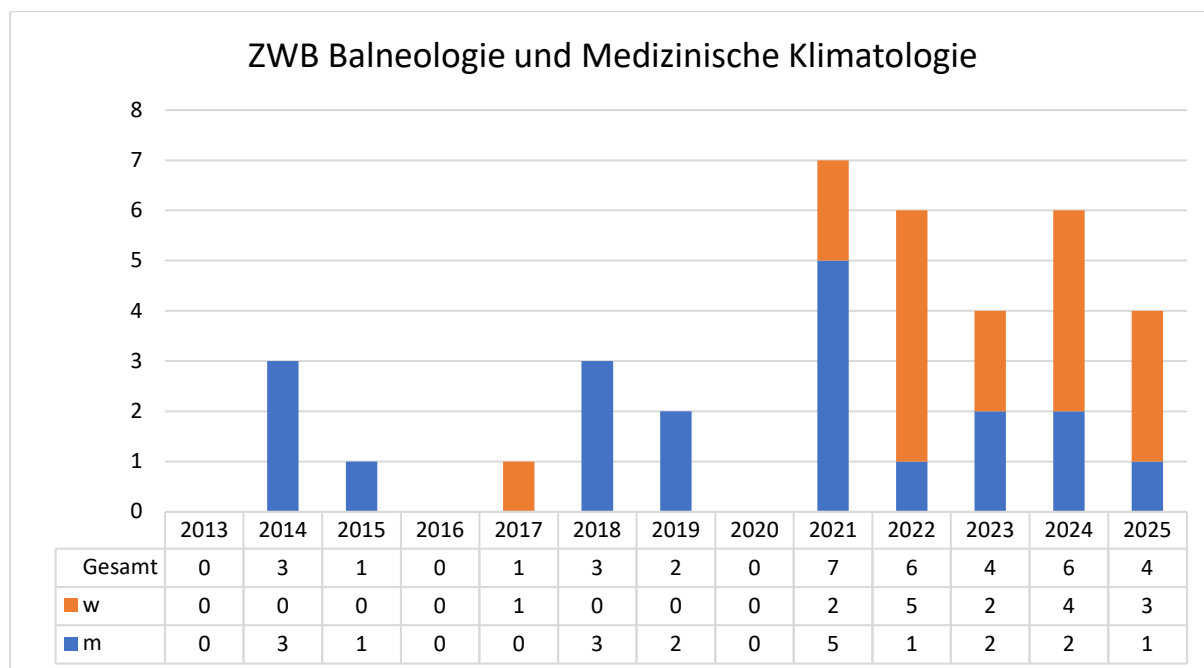

Ärztliches Qualitätsmanagement – Akupunktur

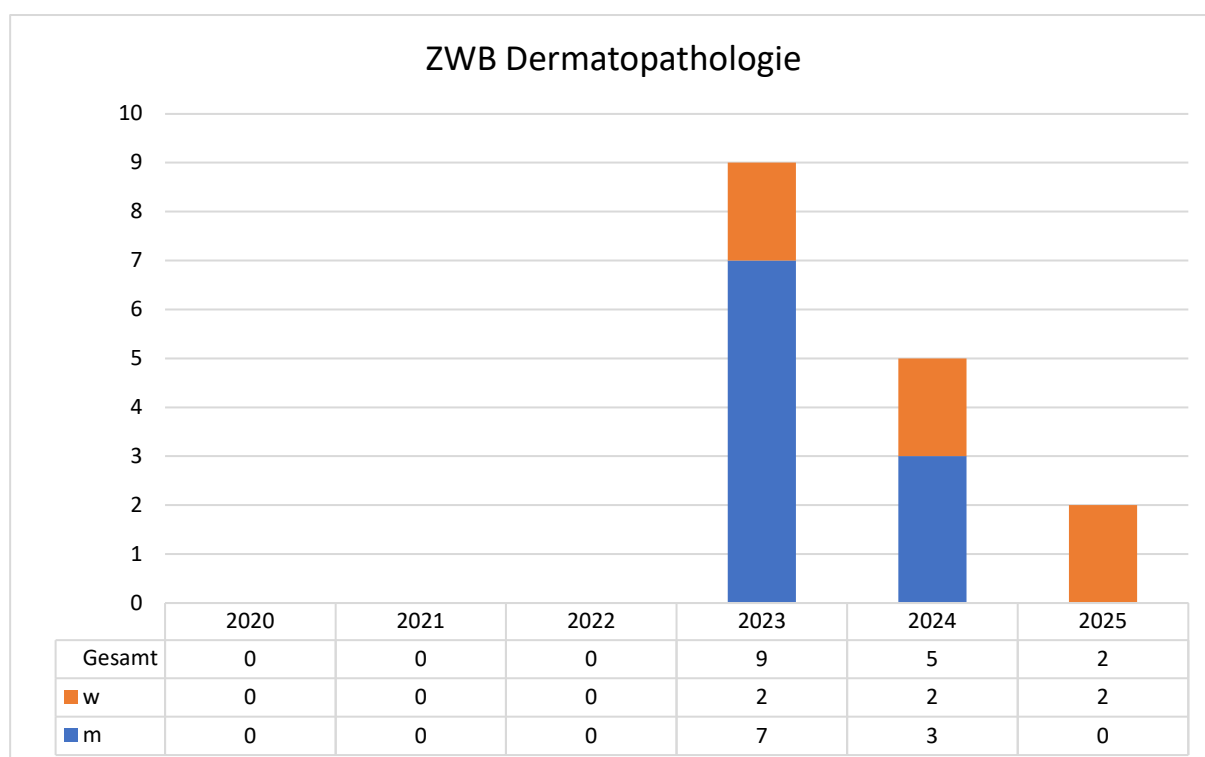

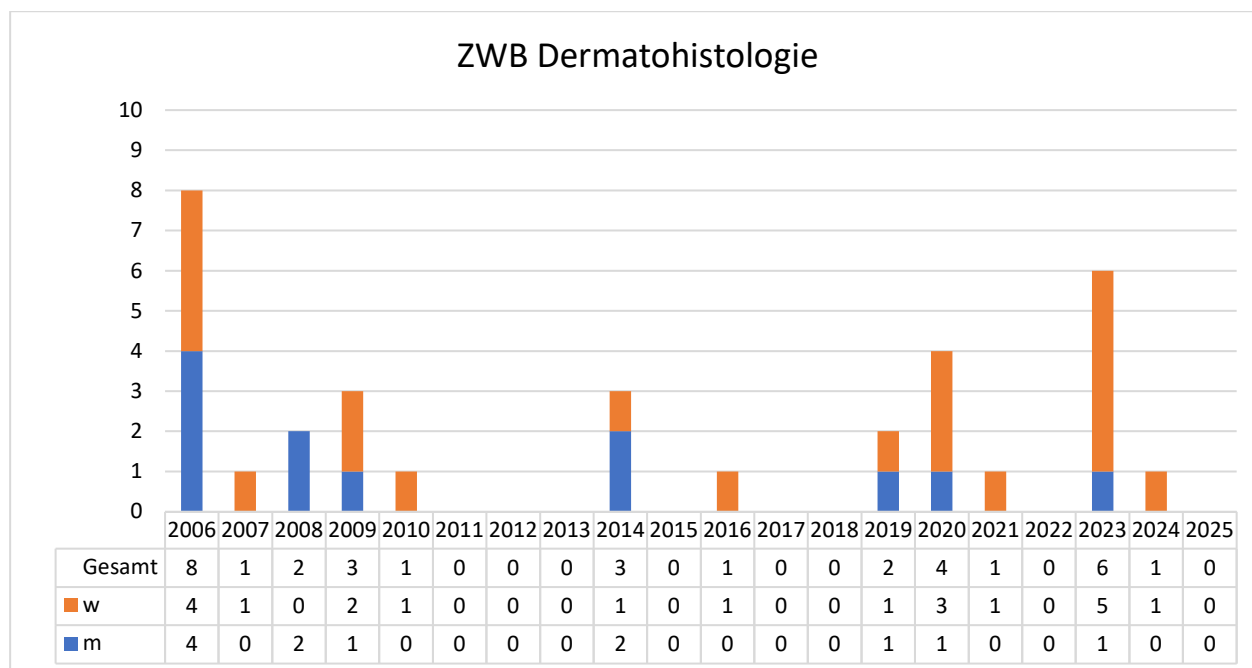

Allergologie – Andrologie

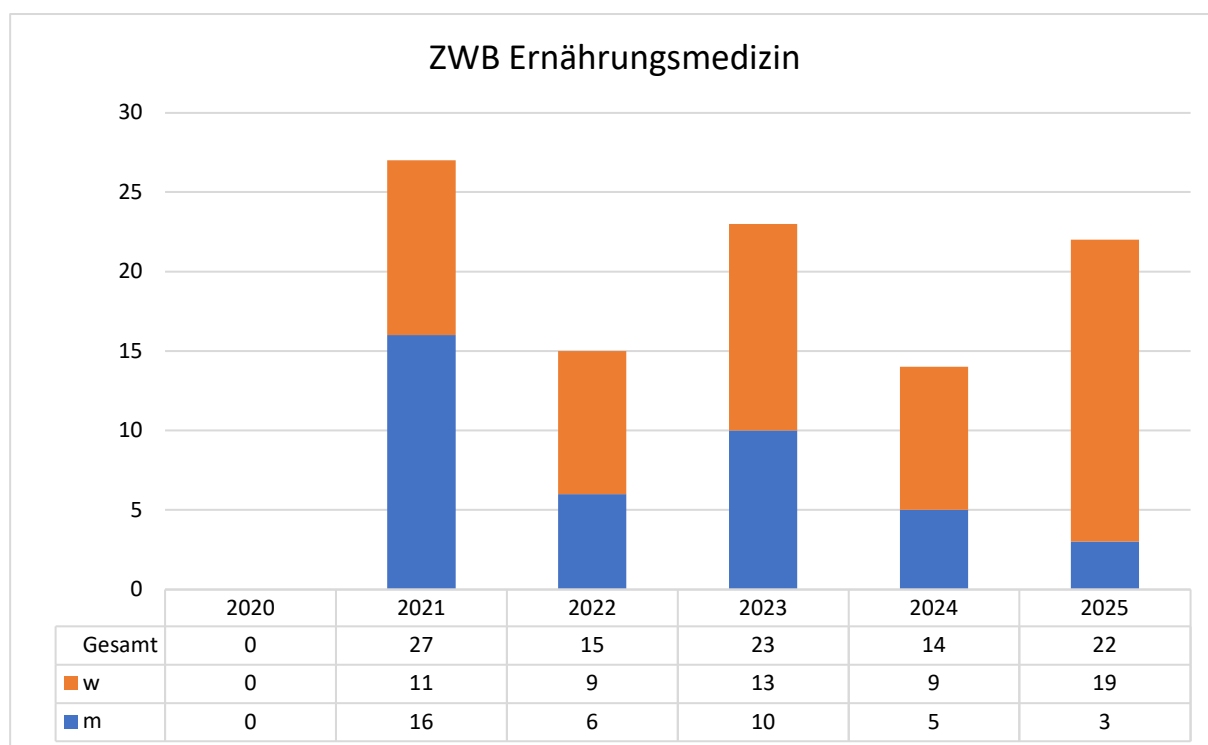

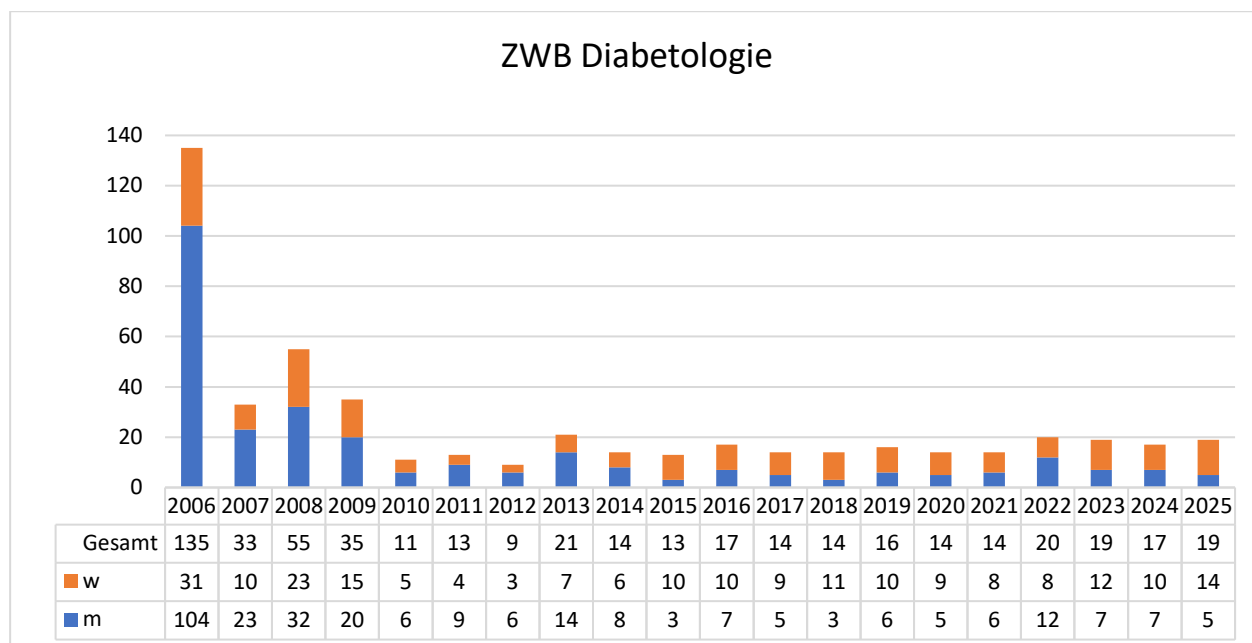

Balneologie und Med. Klimatologie – Betriebsmedizin

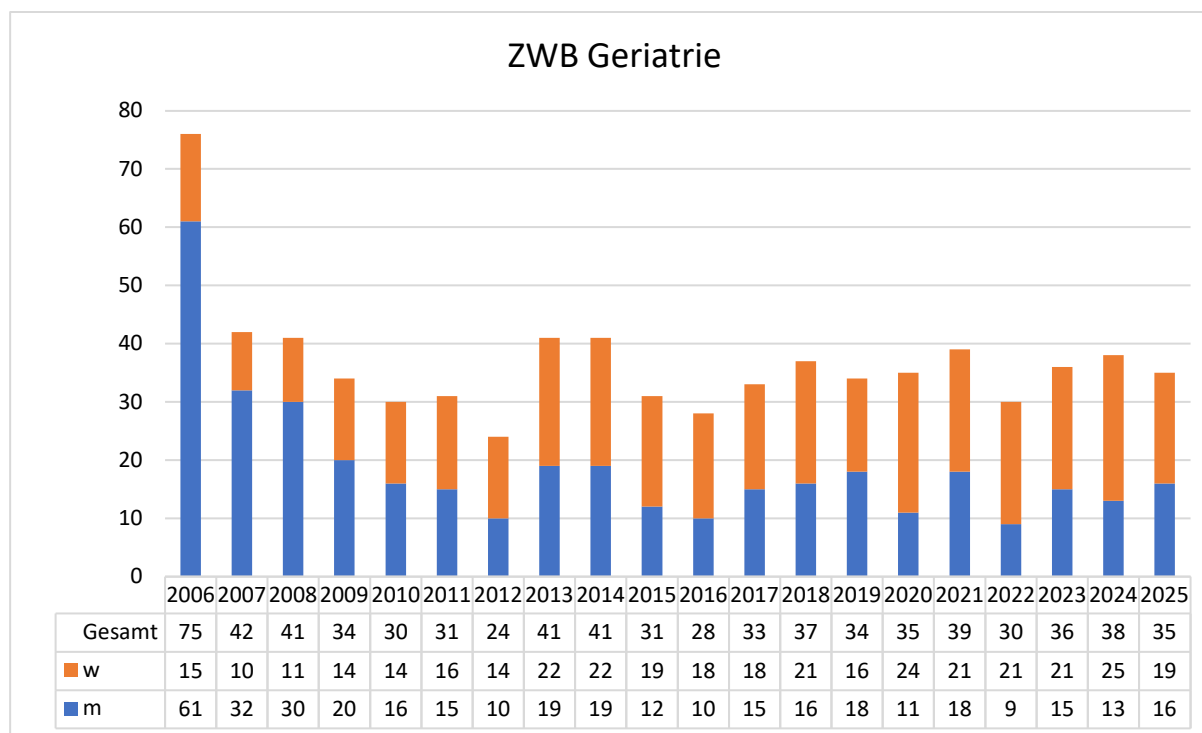

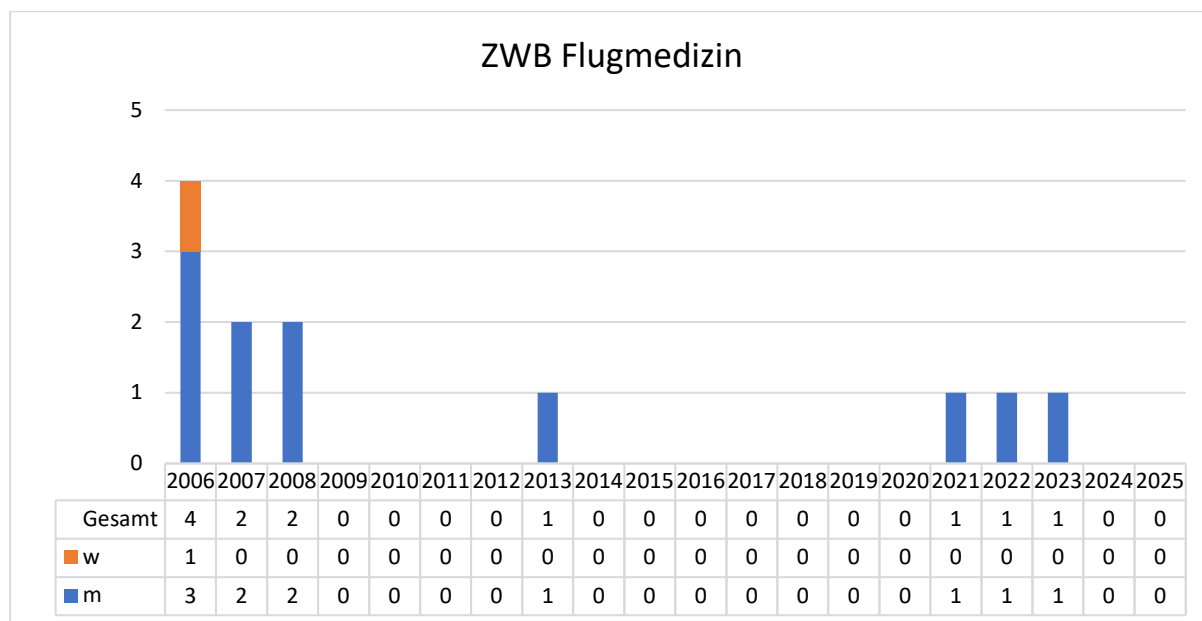

Dermatohistologie – Dermatopathologie

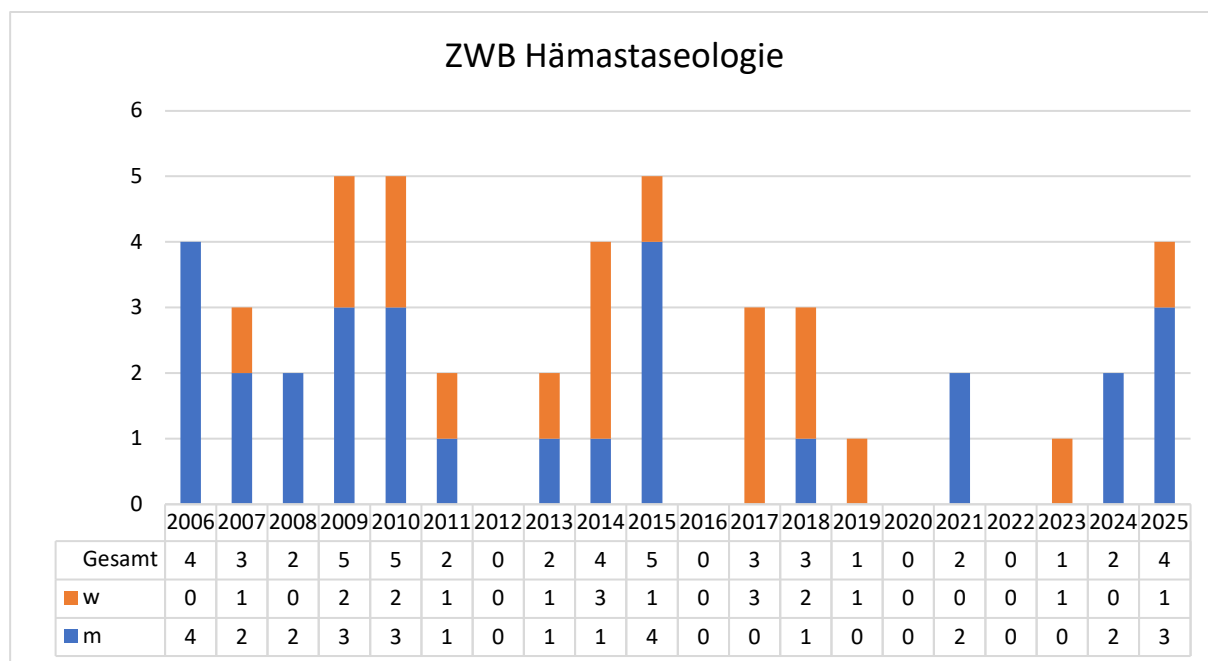

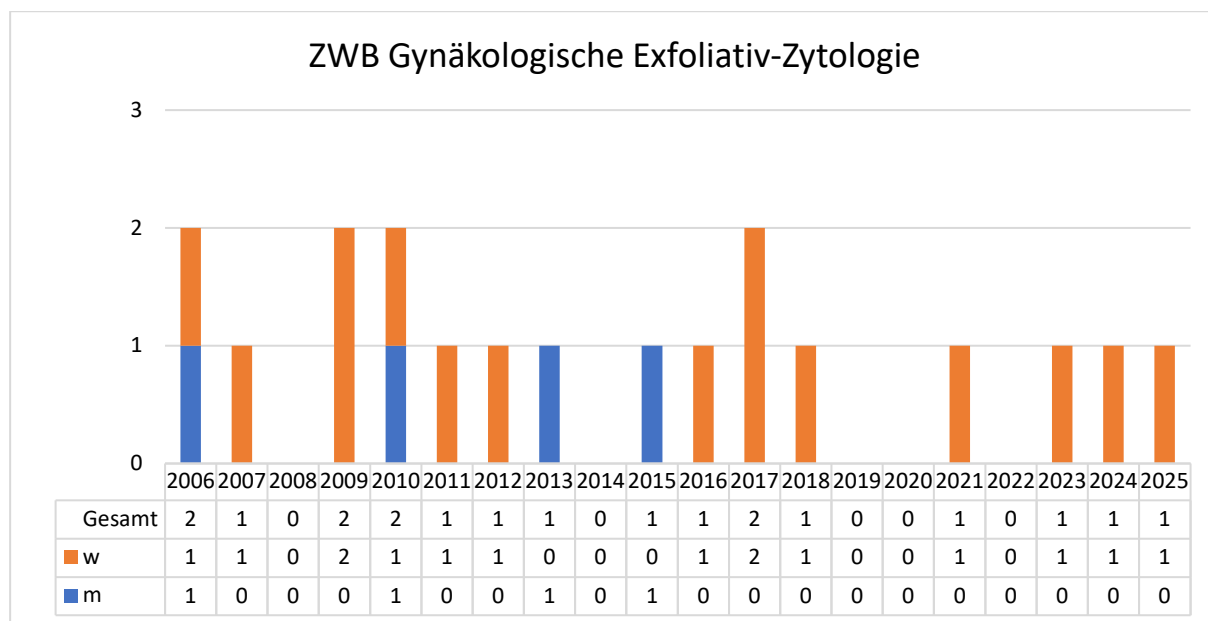

Diabetologie – Ernährungsmedizin

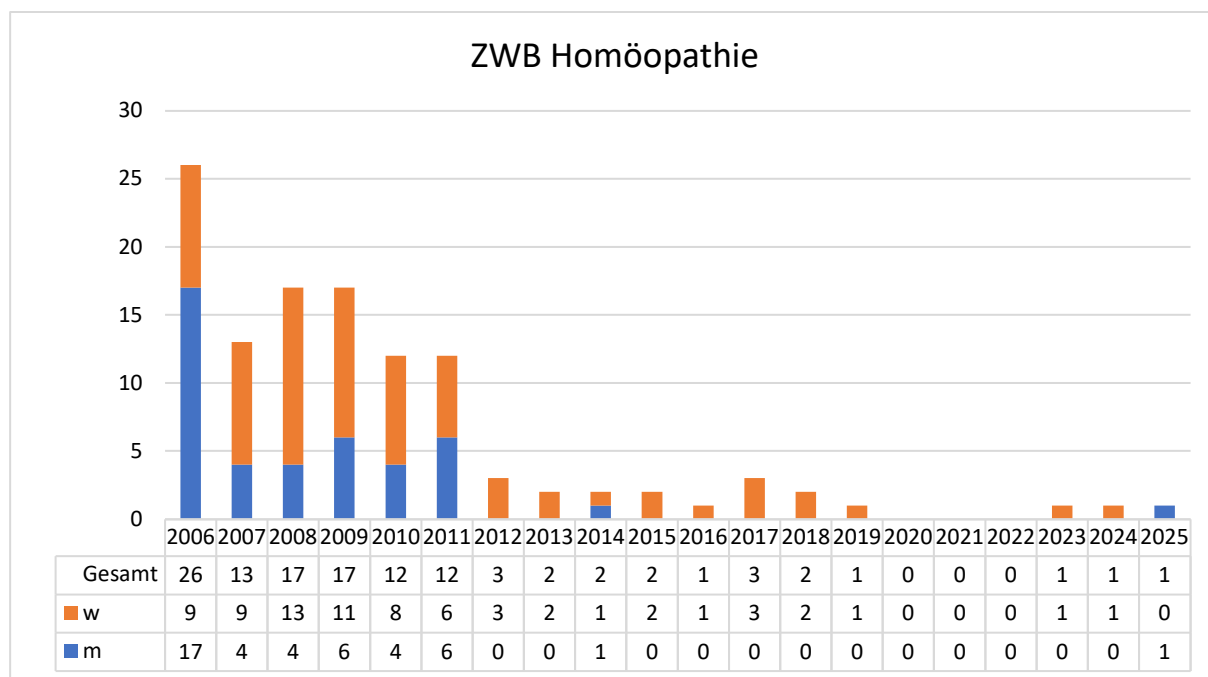

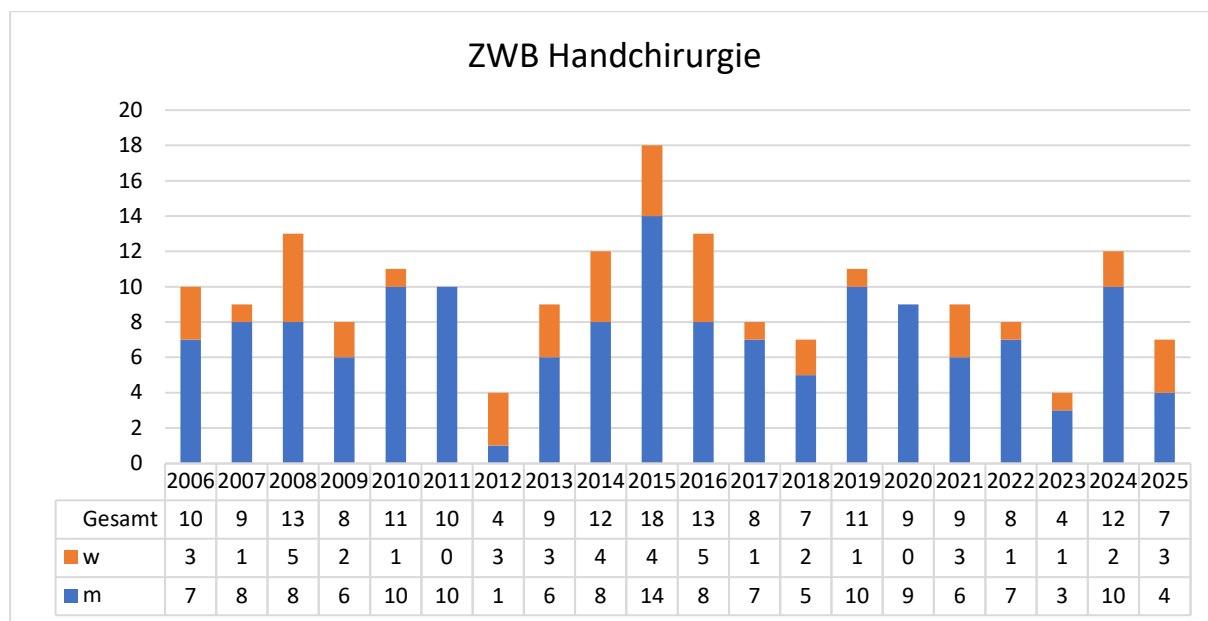

Flugmedizin – Geriatrie

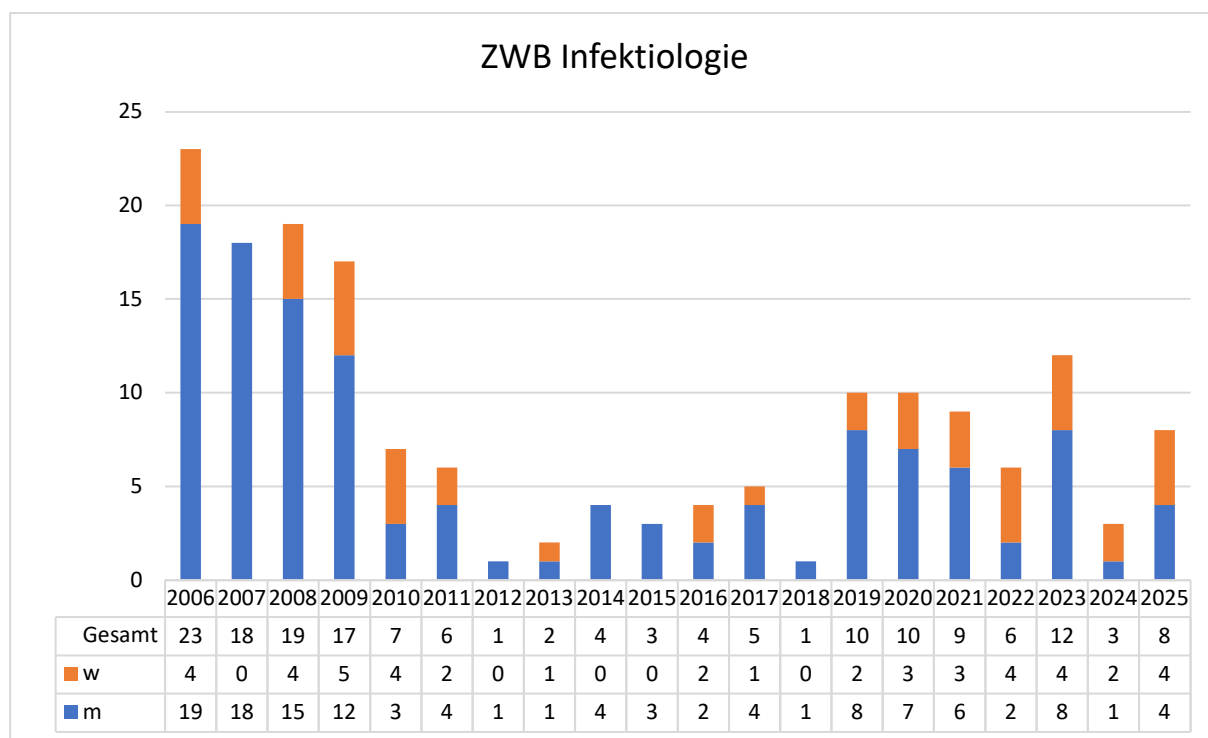

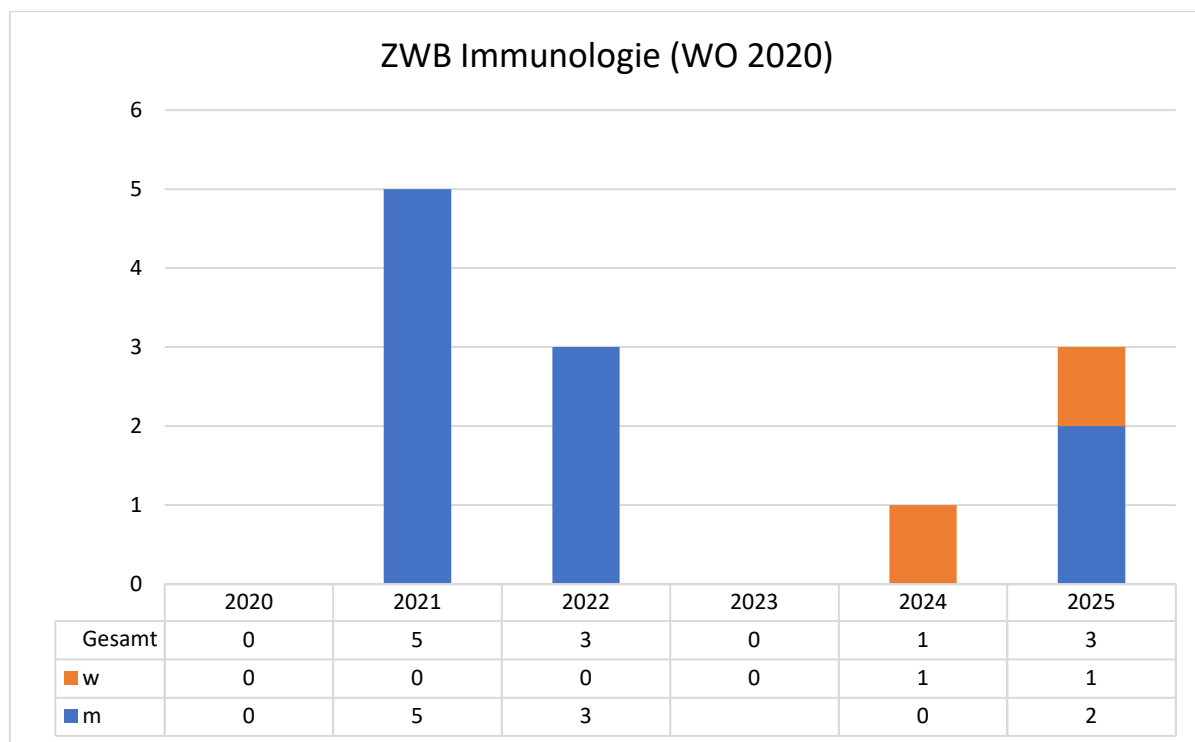

Gynäkologische Exfoliativ-Zytologie – Hämostaseologie

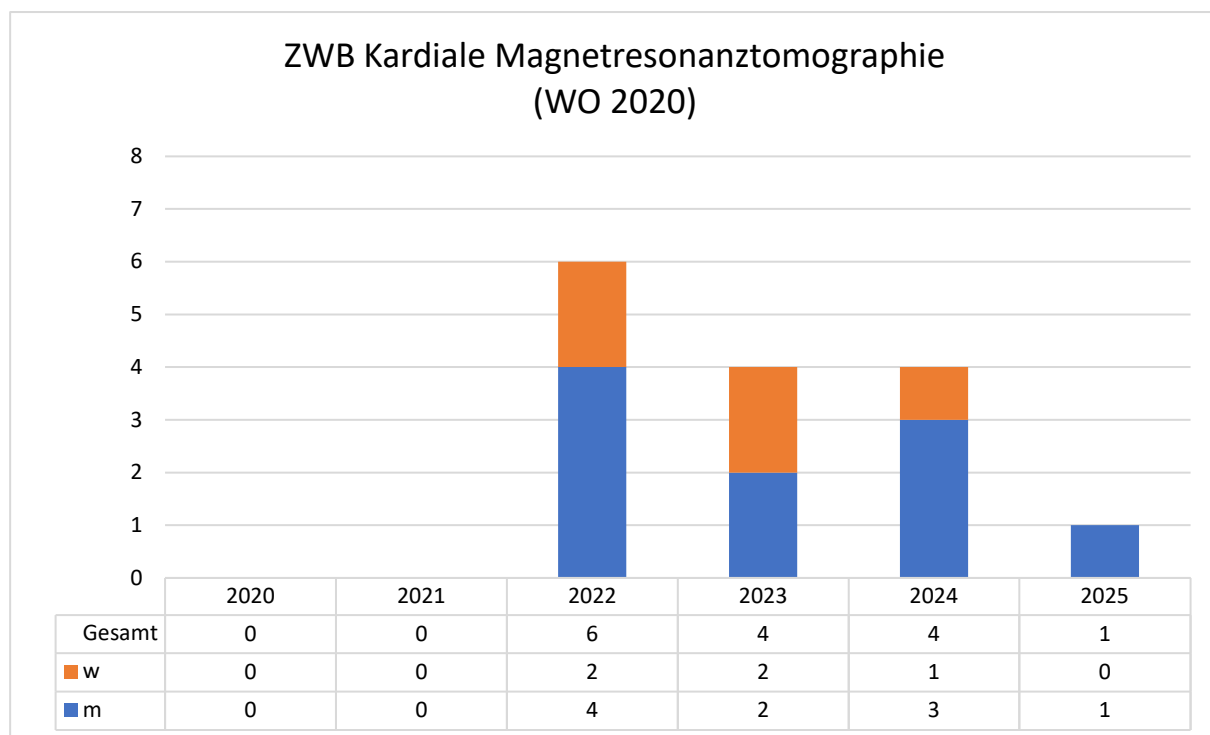

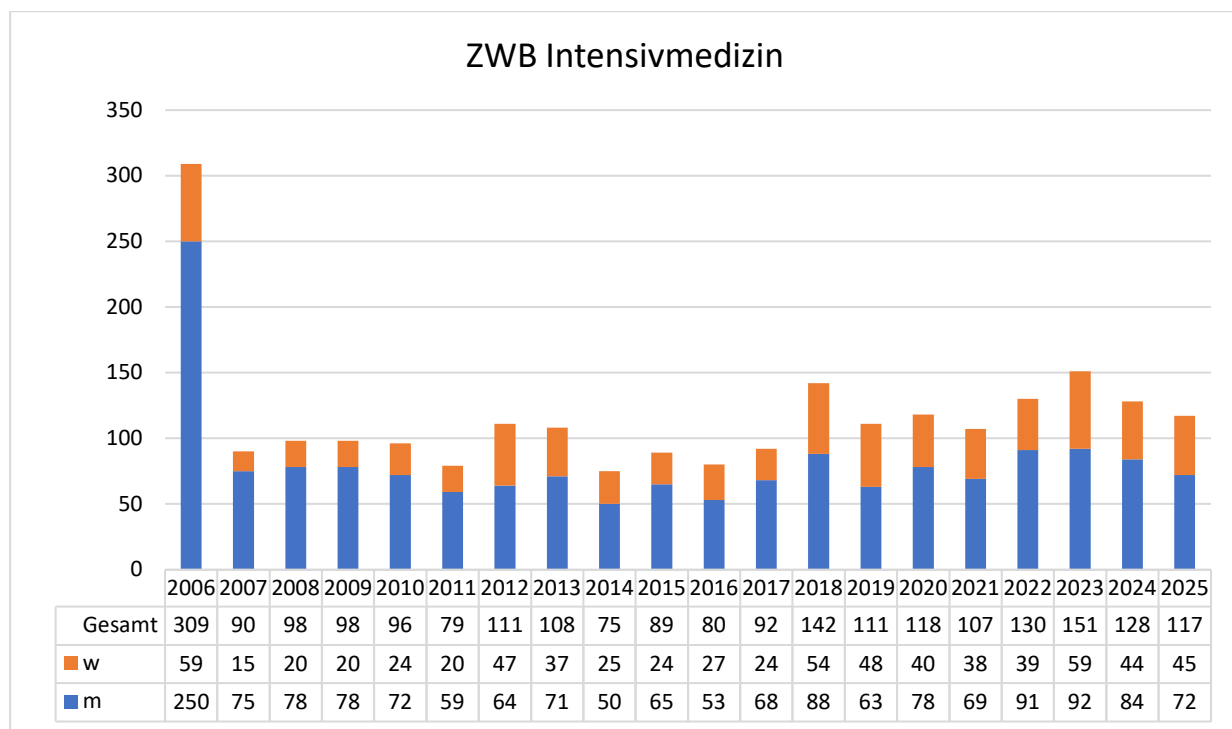

Handchirurgie – Homöopathie

Immunologie – Infektiologie

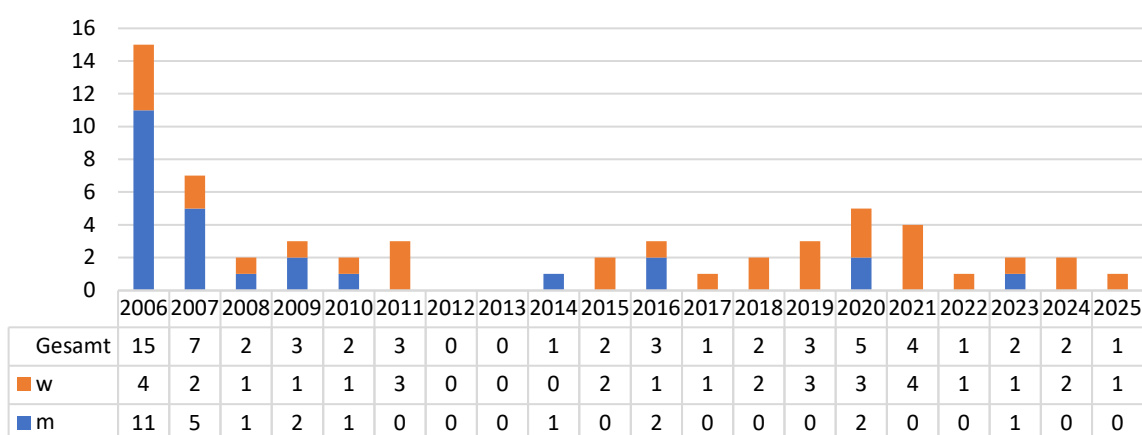

Intensivmedizin – Kardiale Magnetresonanztomographie

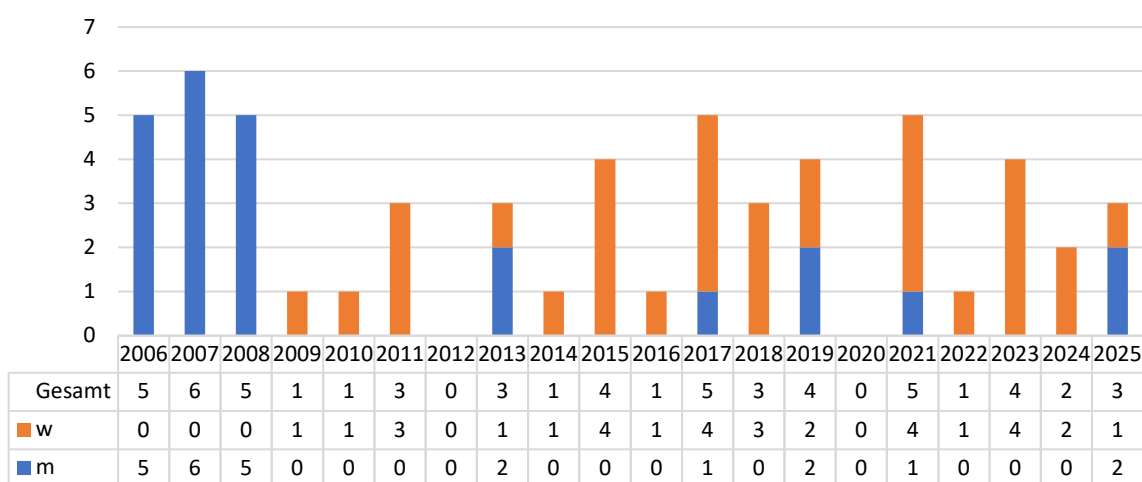

Kinder- und Jugend-... -Endokrinologie und -Diabetologie, -Gastroenterologie,

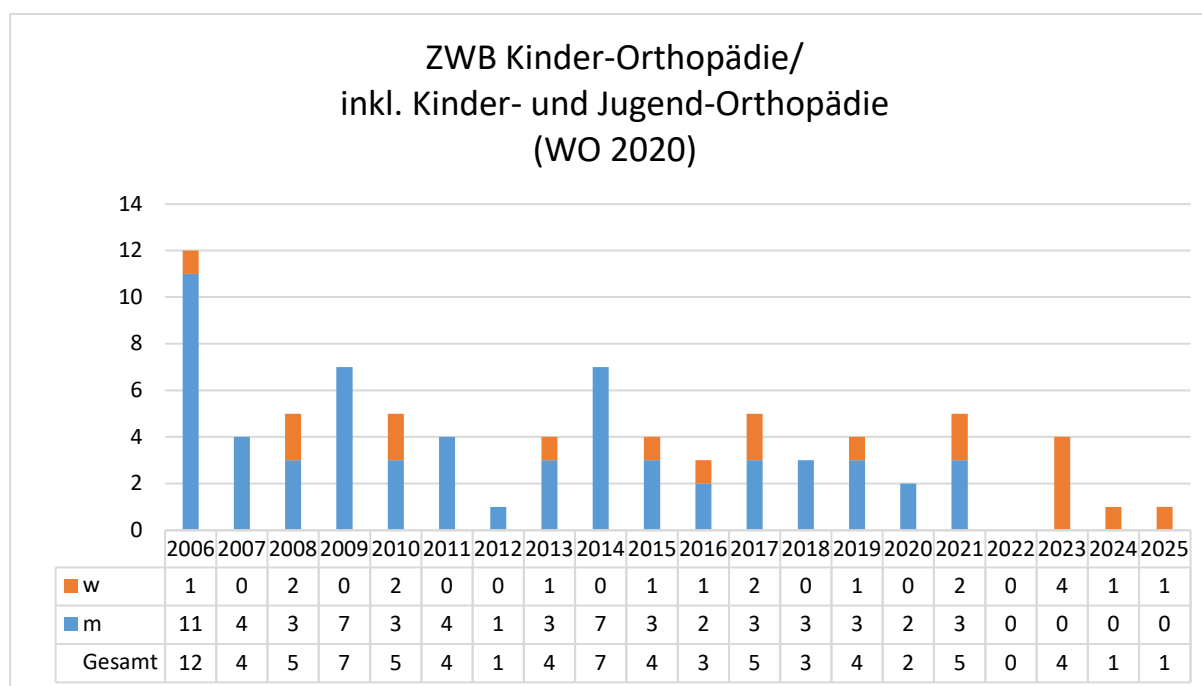

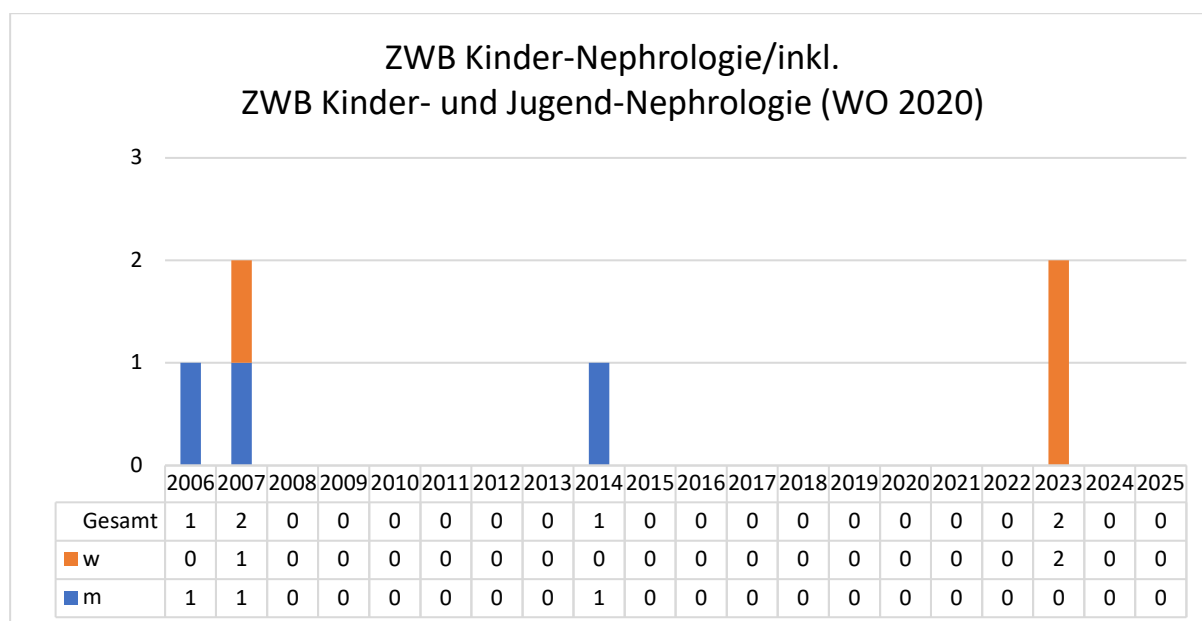

ZWB Kinder-Endokrinologie und -Diabetologie/ inkl. ZWB
Kinder- und Jugend-Endokrinologie und
-Diabetologie (WO 2020)

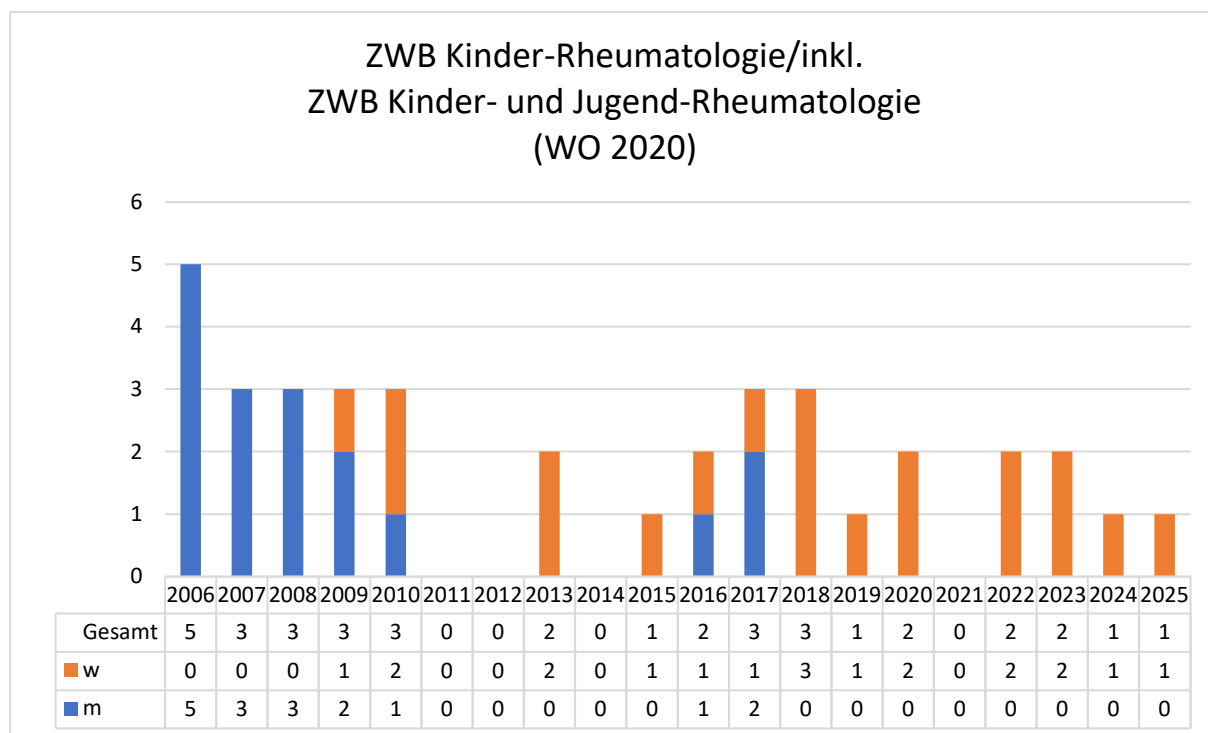

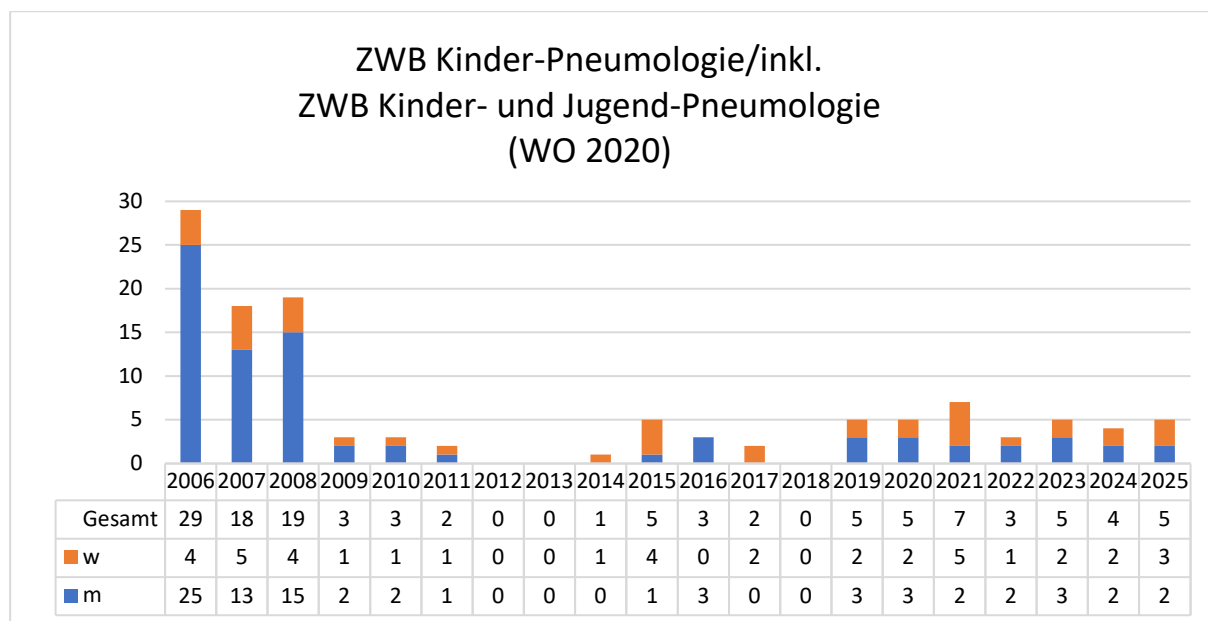

ZWB Kinder-Gastroenterologie/inkl.
ZWB Kinder- und Jugend-Gastroenterologie
(WO 2020)

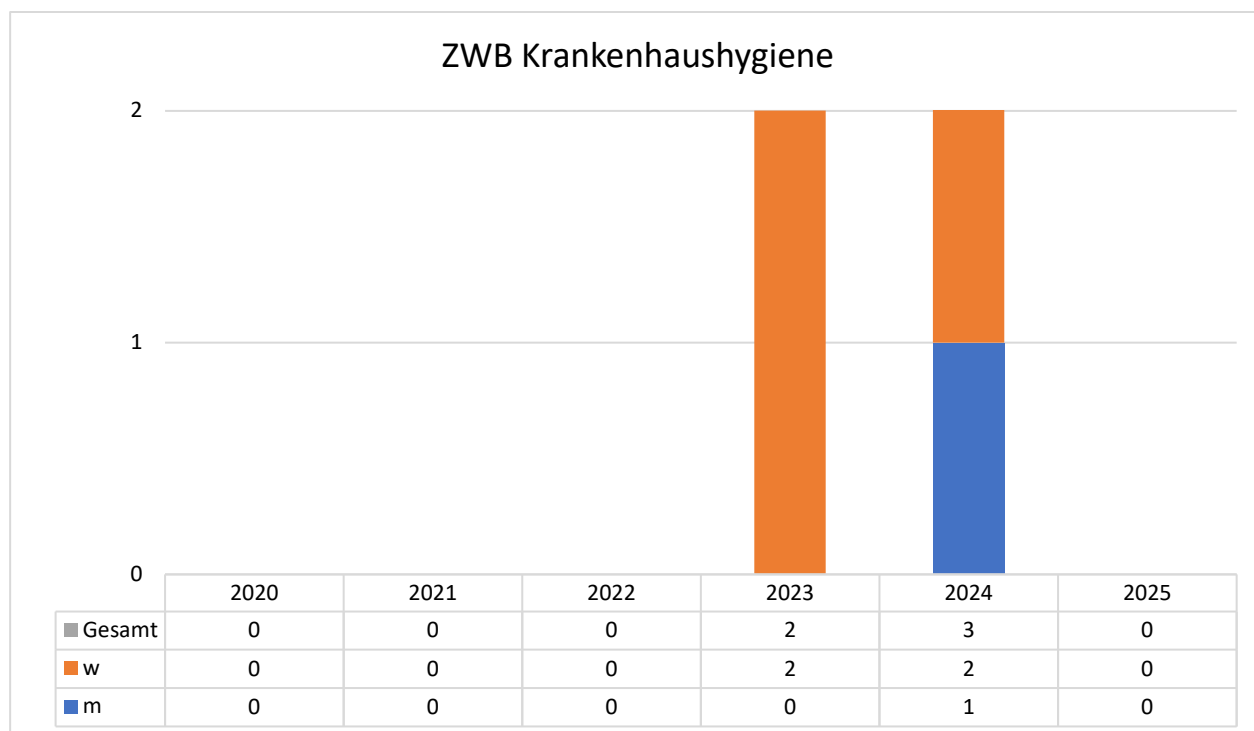

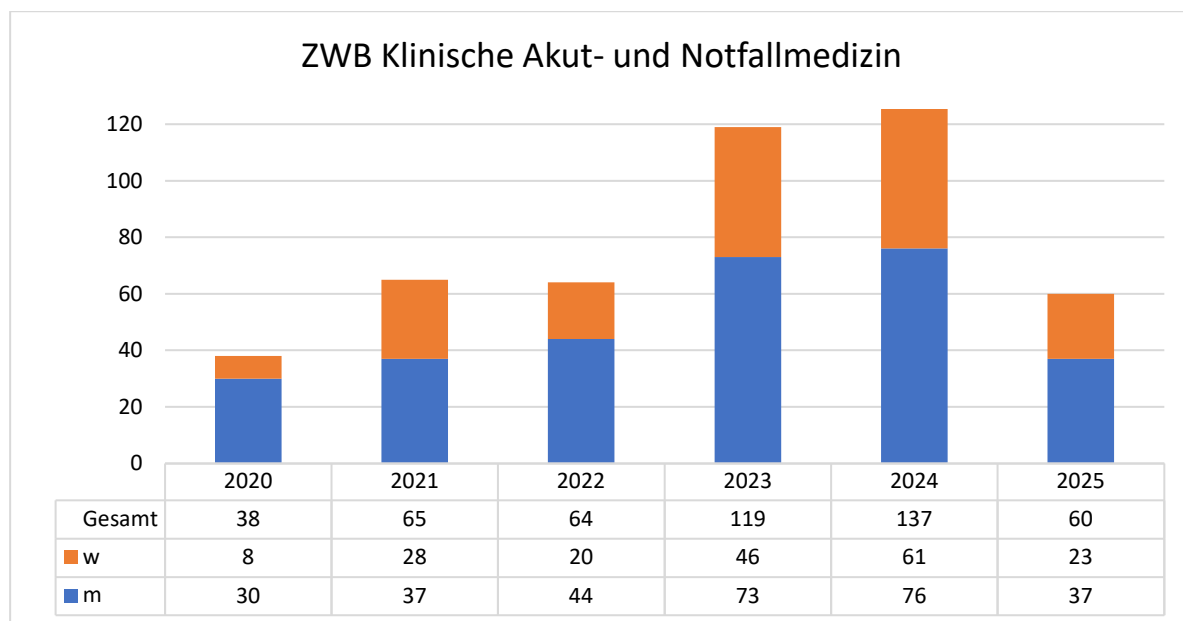

Kinder- und Jugend-... -Nephrologie, -Orthopädie

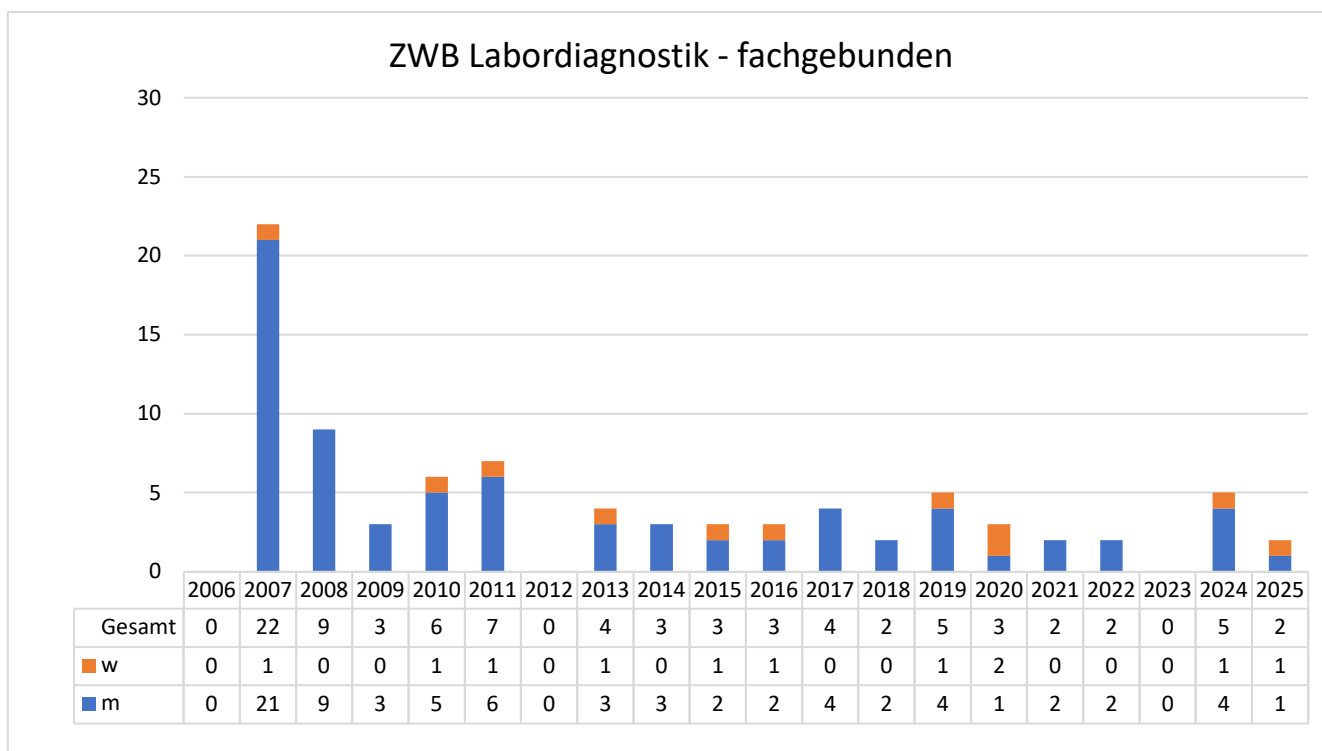

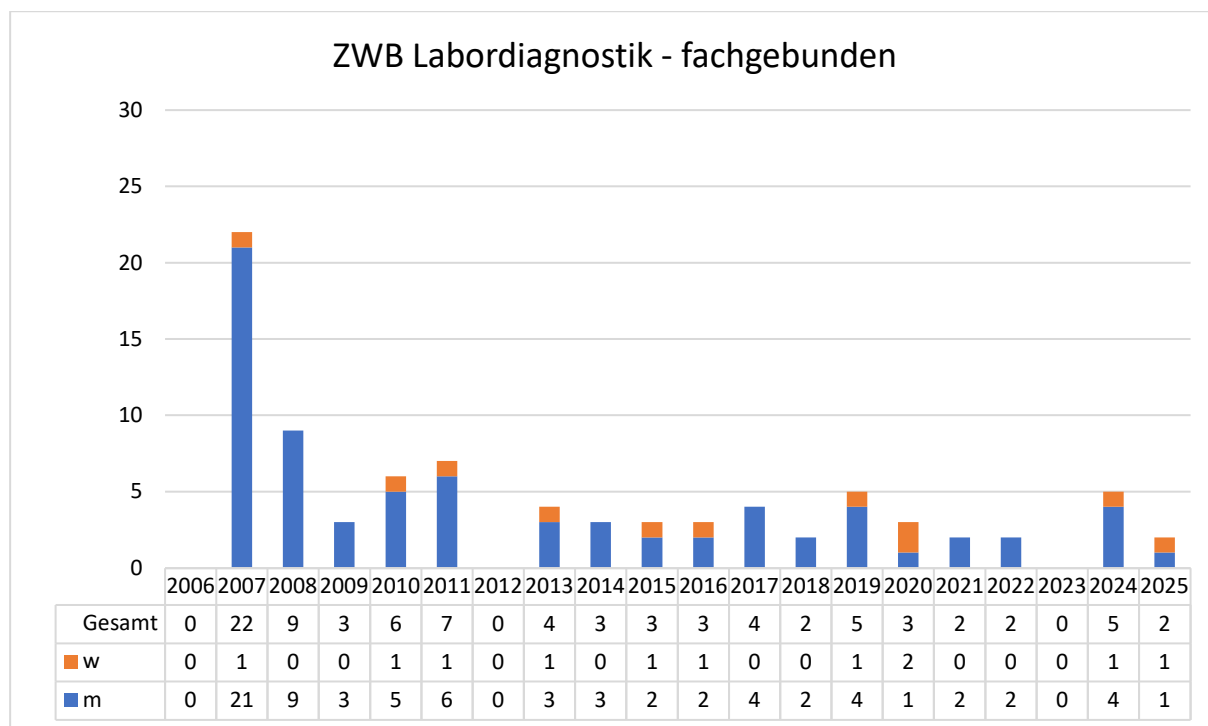

Kinder- und Jugend-... -Pneumologie, -Rheumatologie

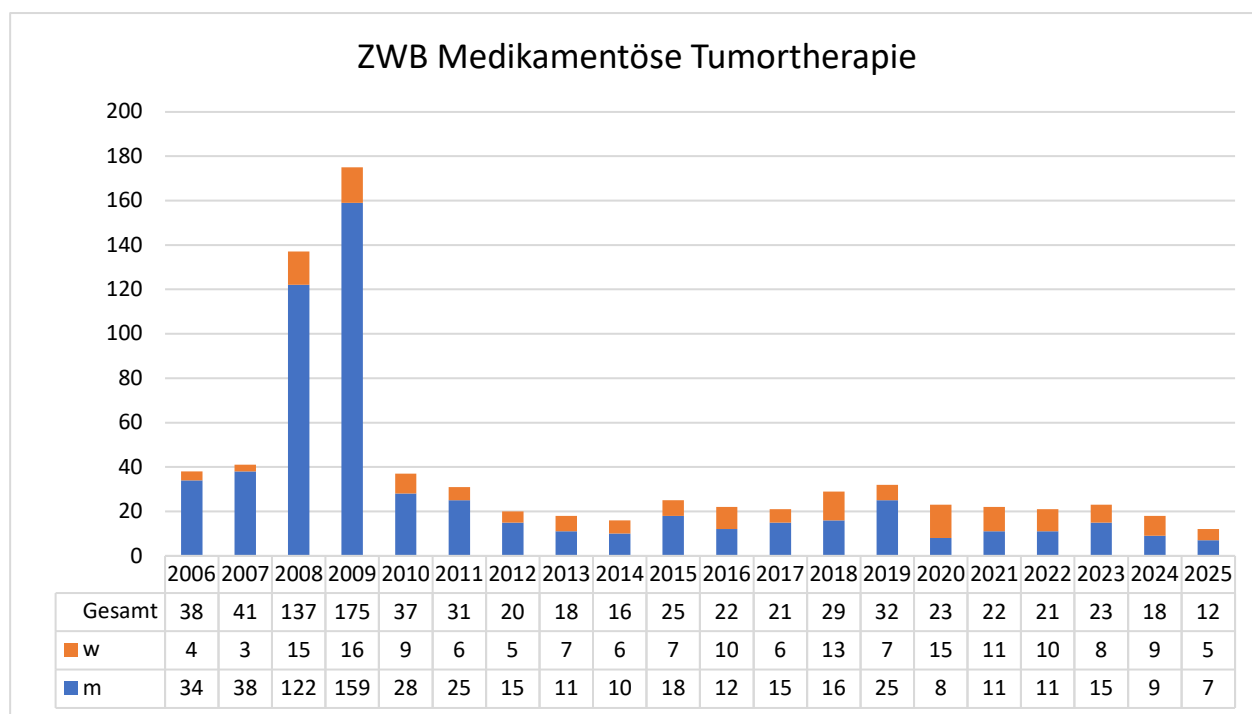

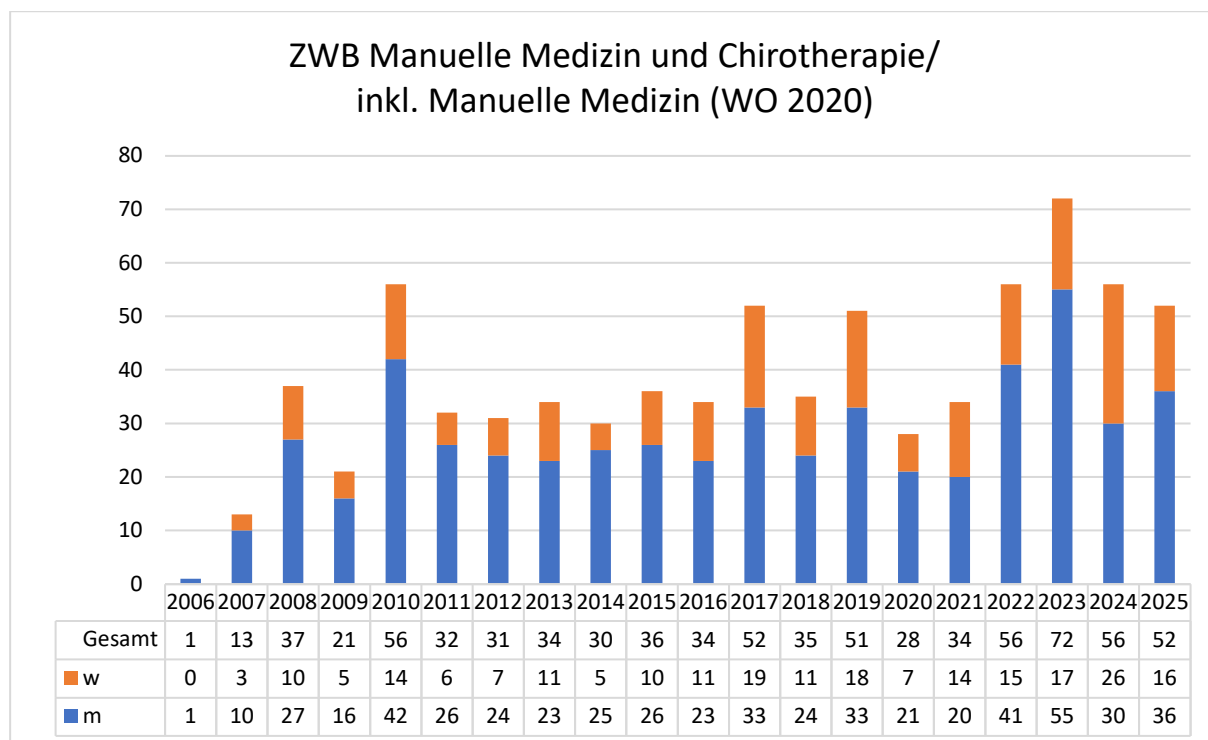

Klinische Akut- und Notfallmedizin – Krankenhaushygiene

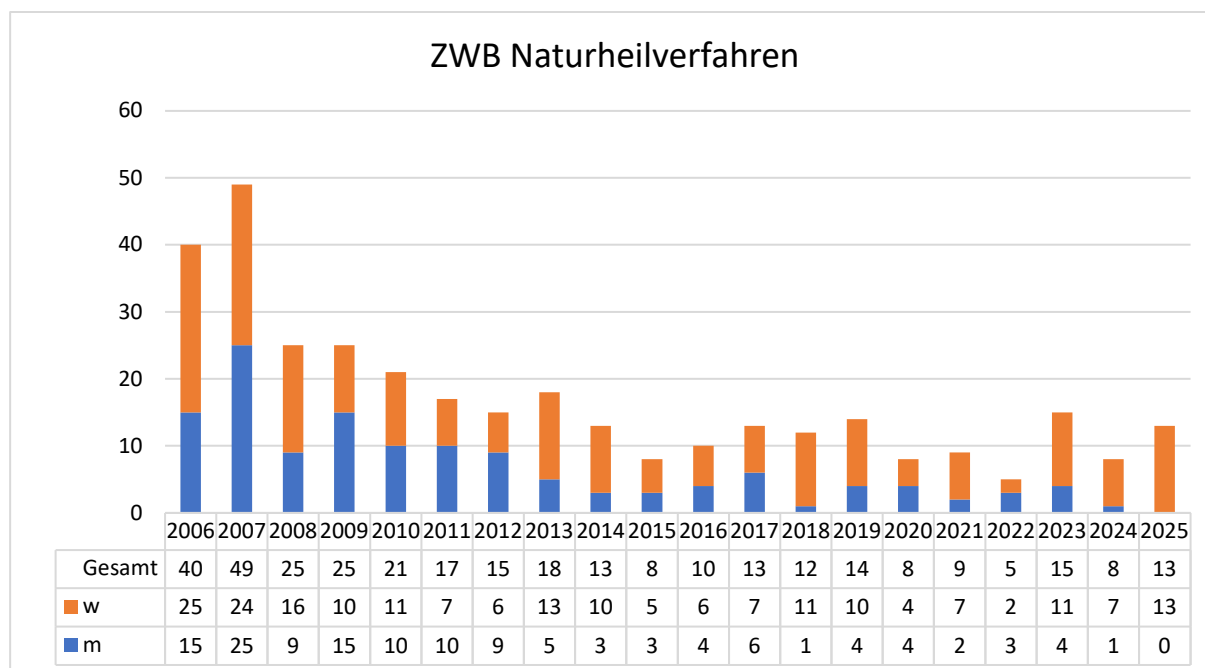

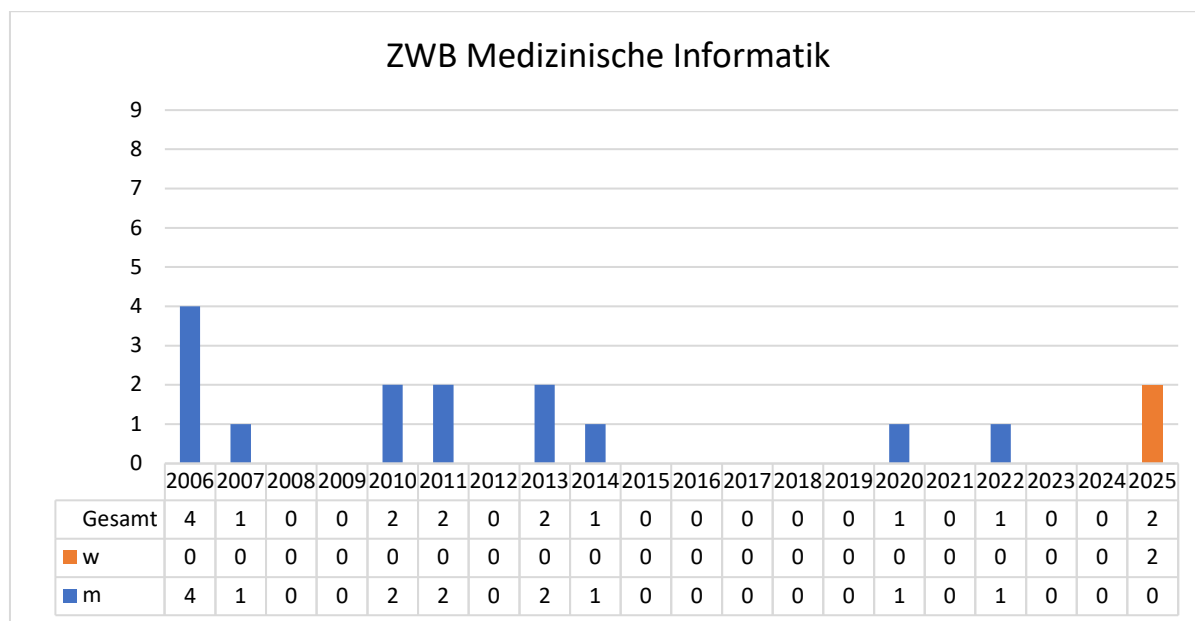

– Labordiagnostik (fachgebunden) – Magnetresonanztomographie (fachgebunden) –

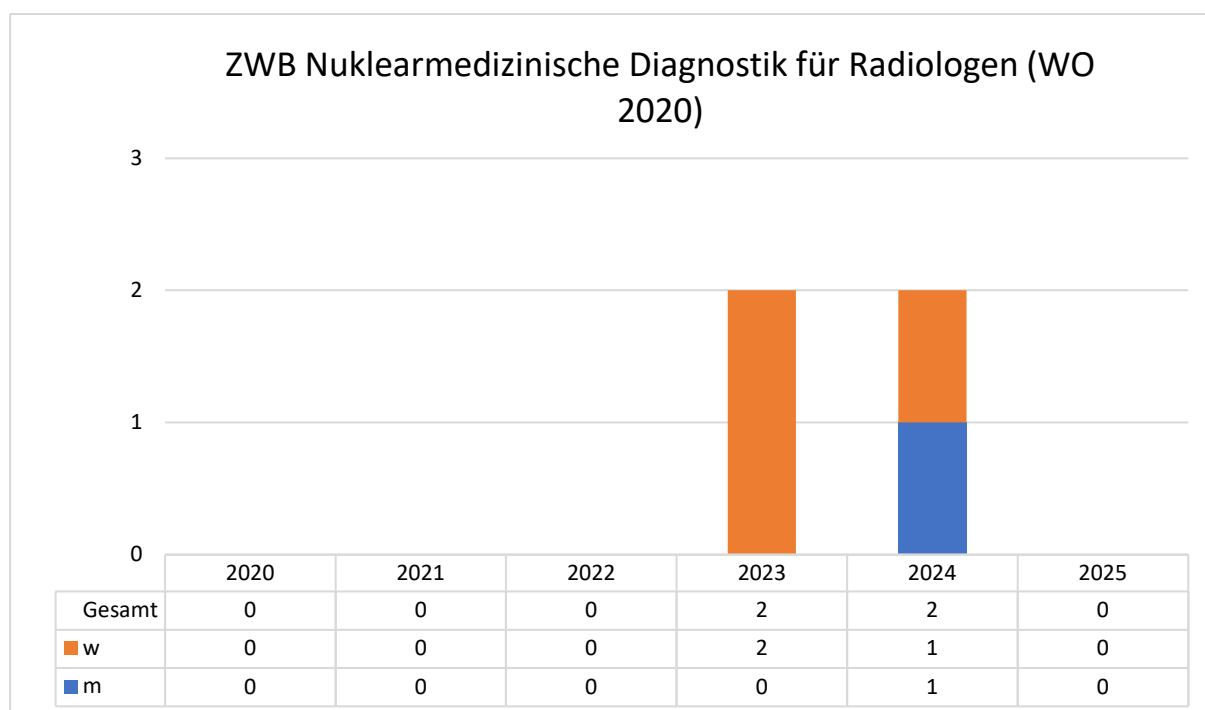

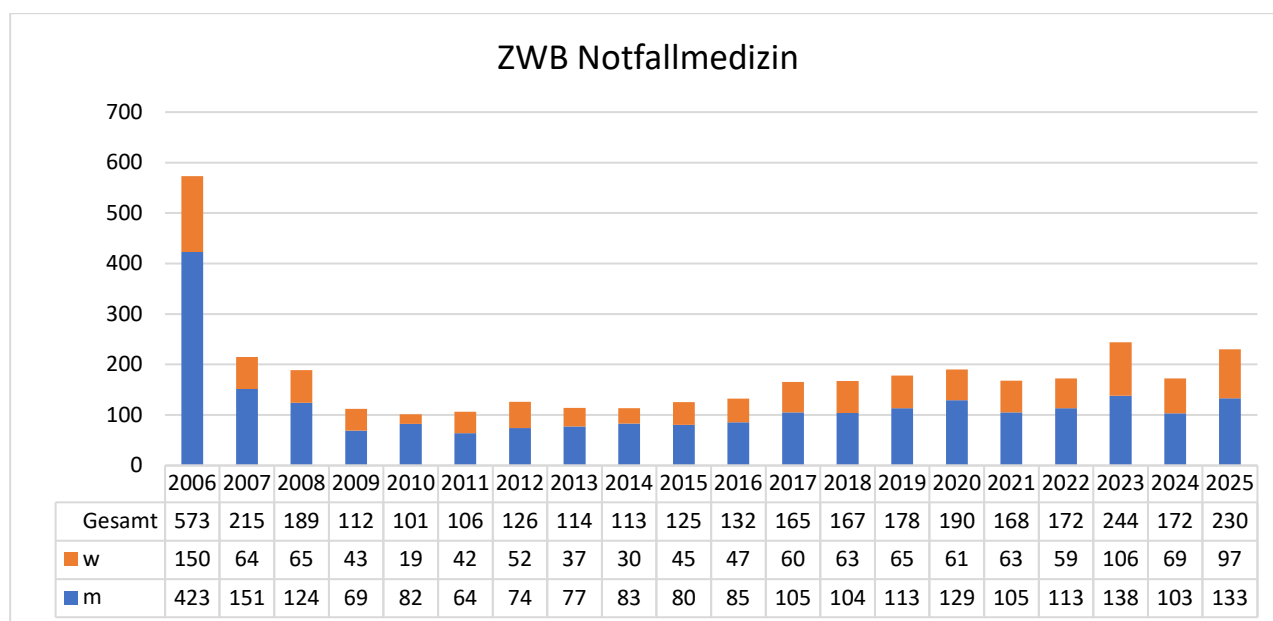

Manuelle Medizin und Chirotherapie – Medikamentöse Tumorthherapie

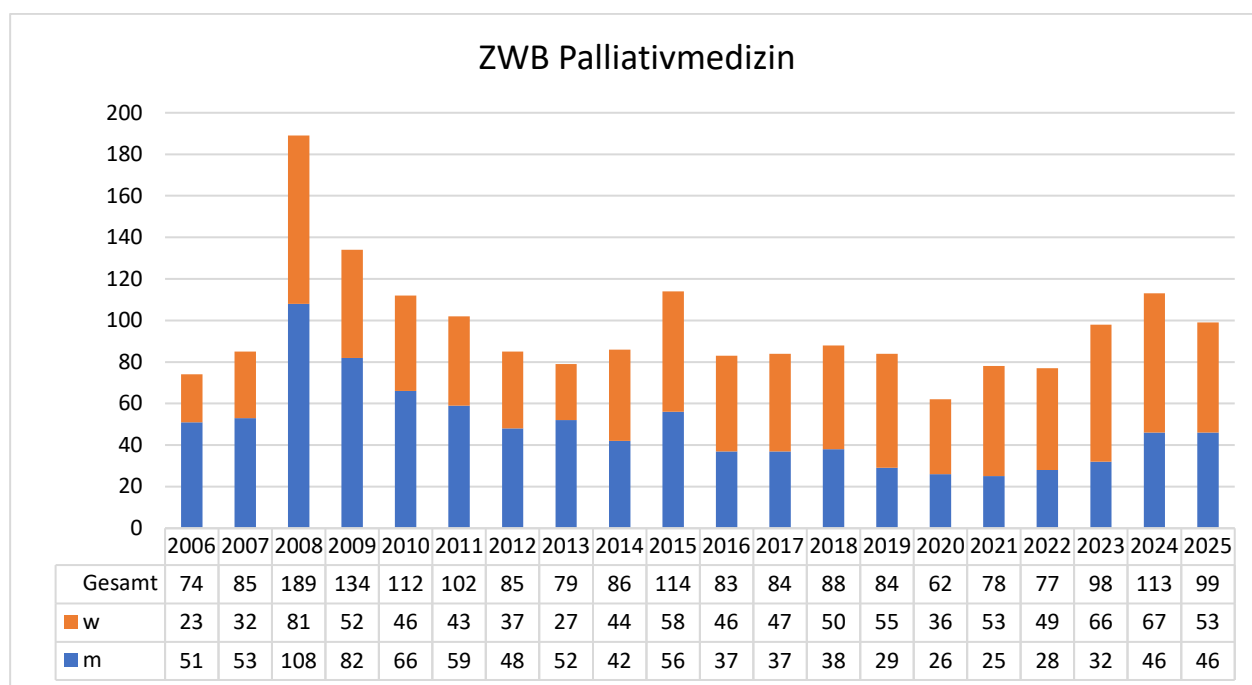

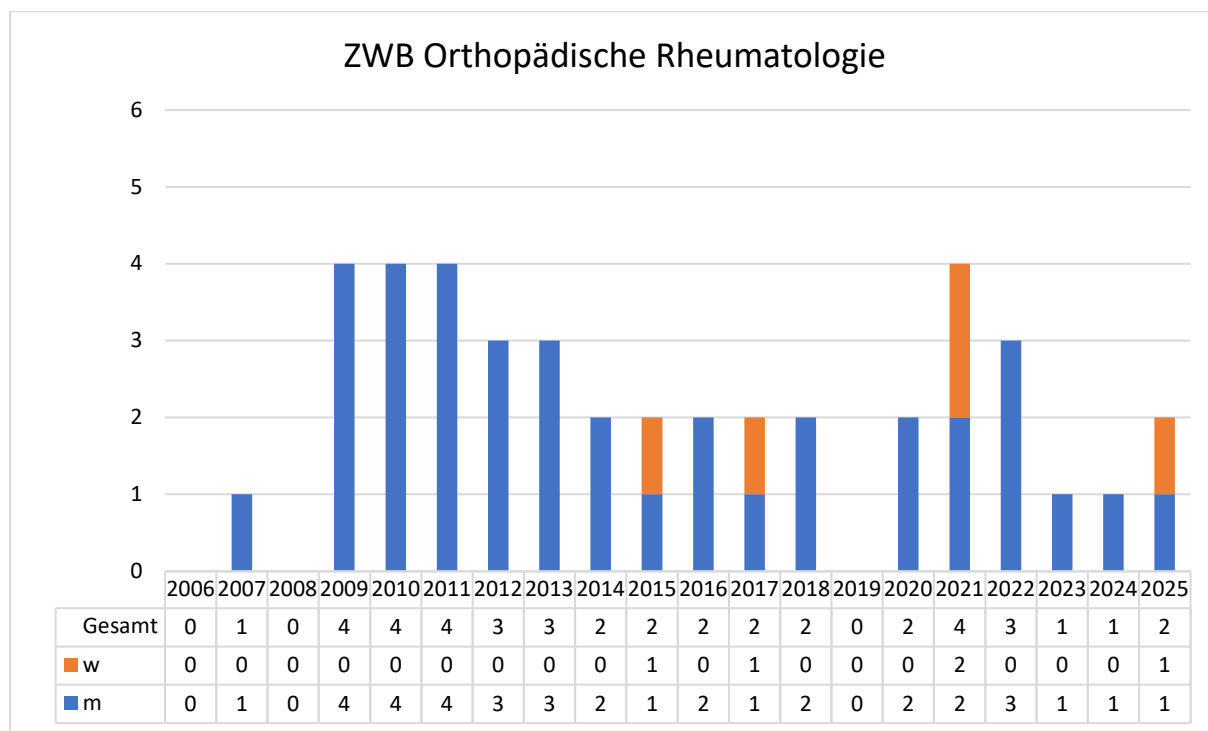

Medizinische Informatik – Naturheilverfahren

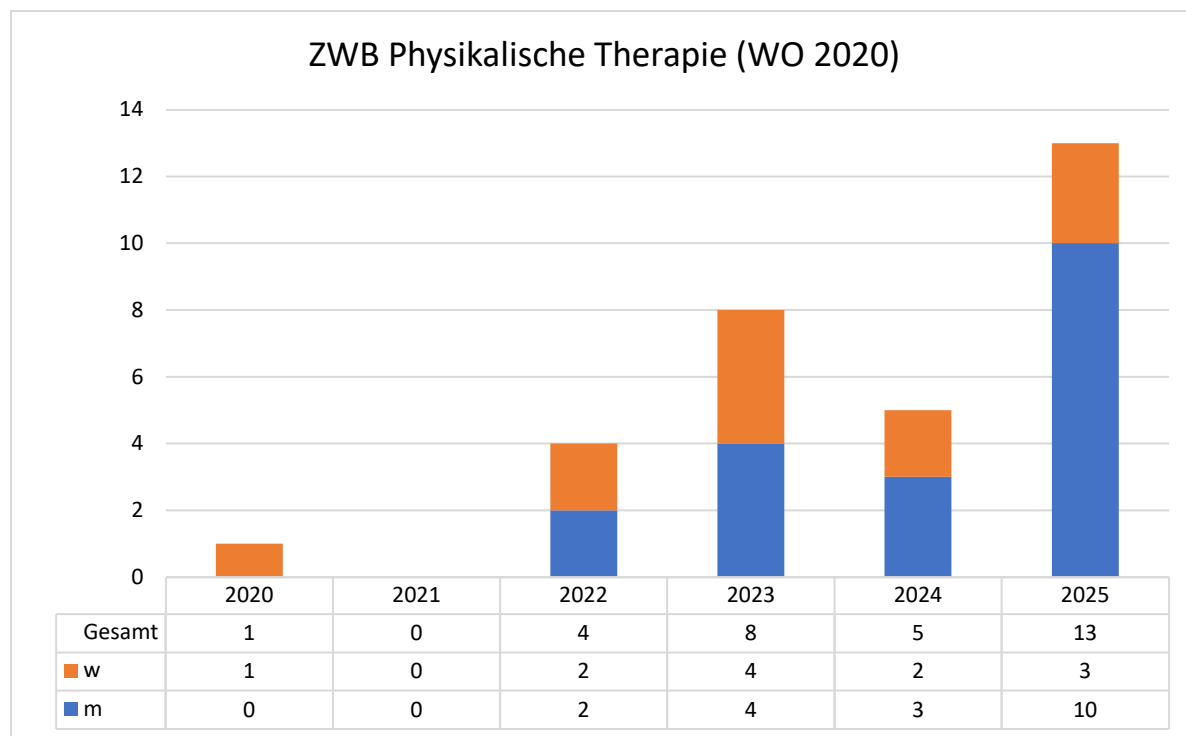

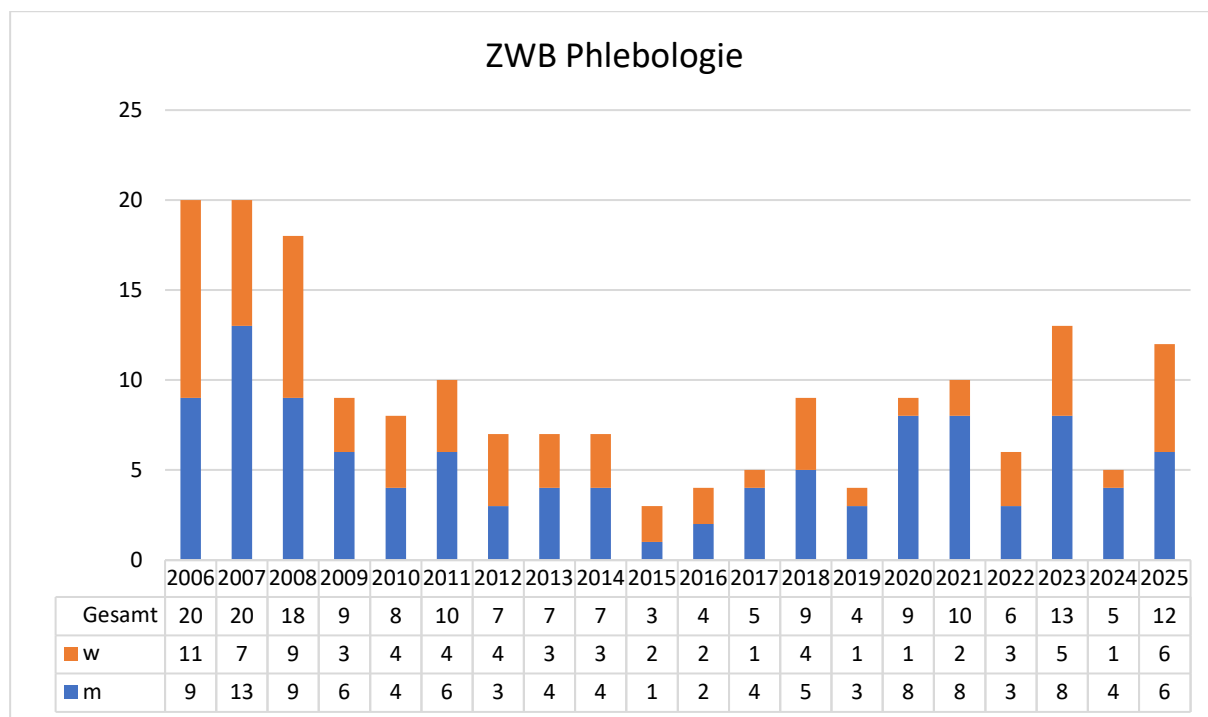

Notfallmedizin – Nuklearmedizinische Diagnostik für Radiologen –

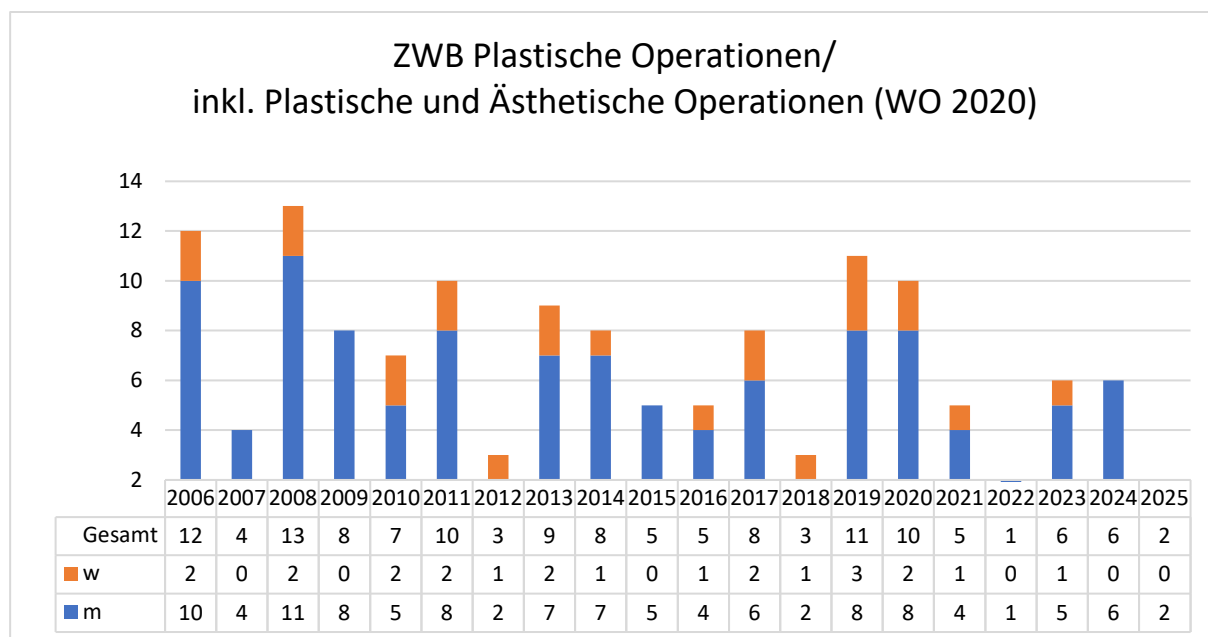

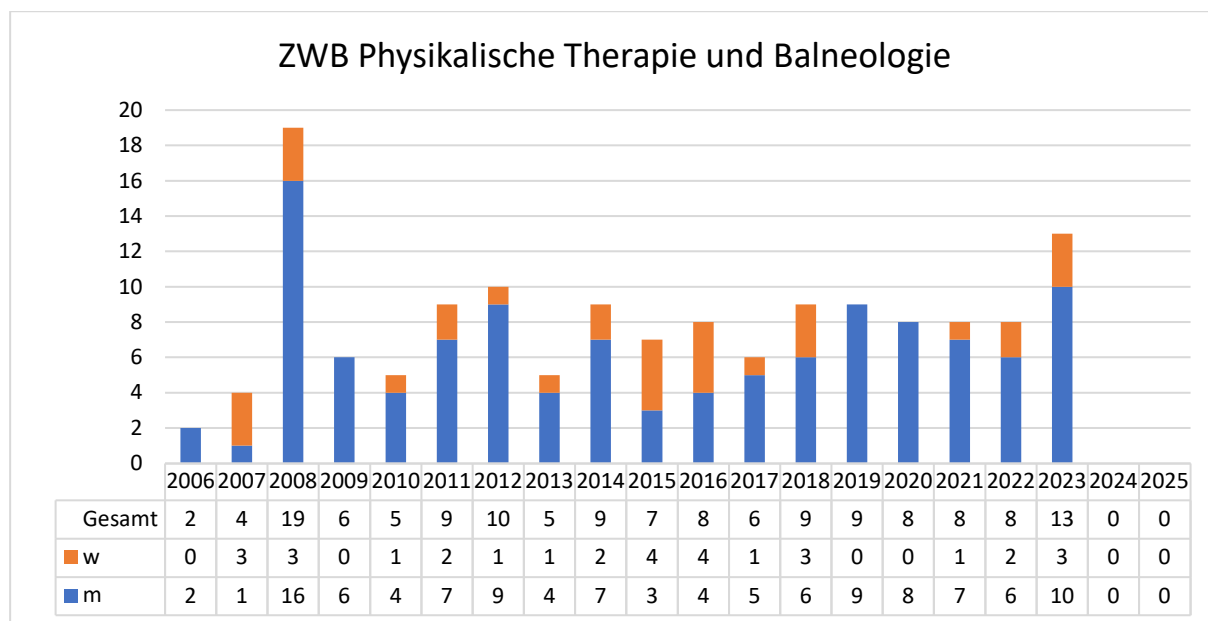

Orthopädische Rheumatologie – Palliativmedizin

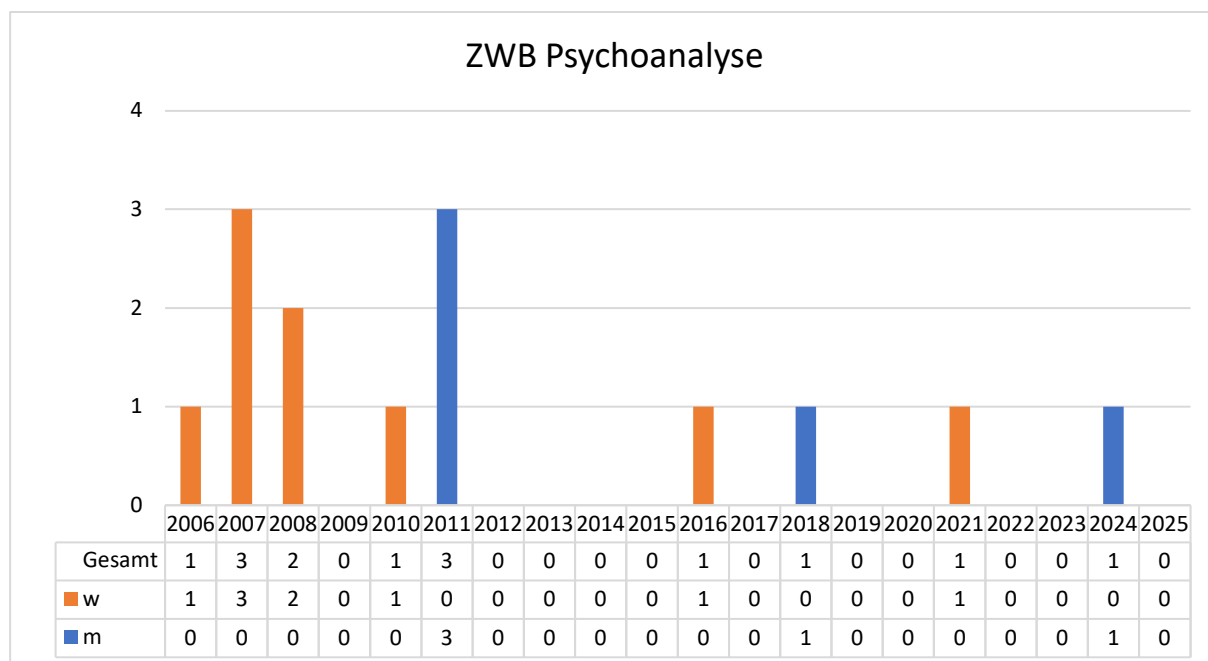

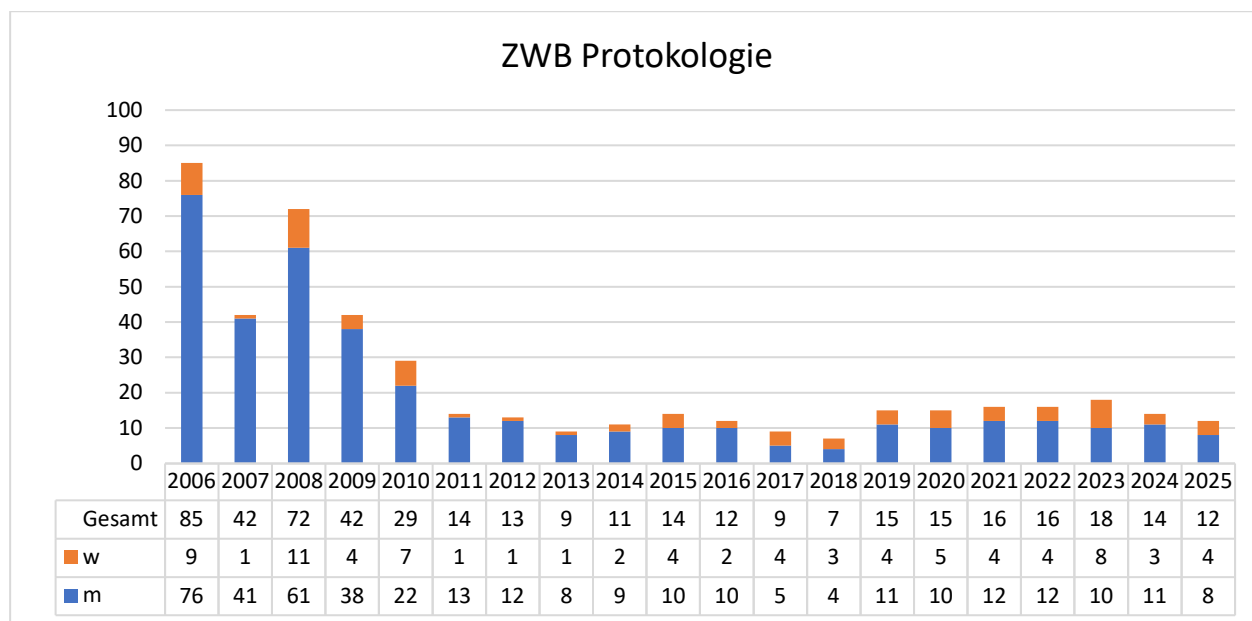

Phlebologie – Physikalische Therapie –

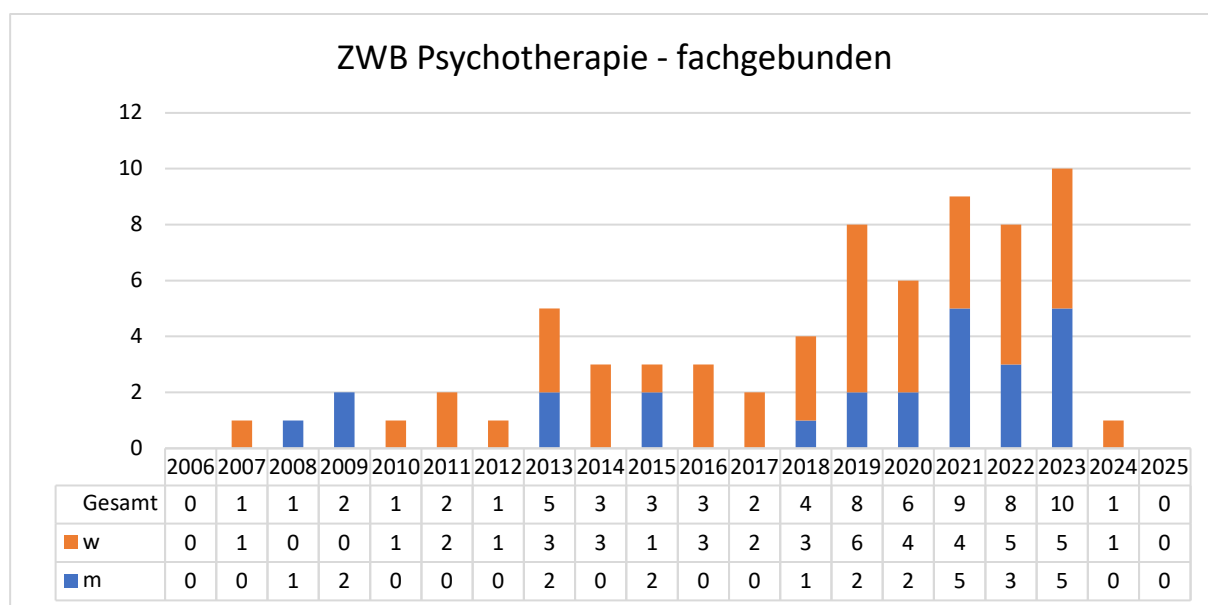

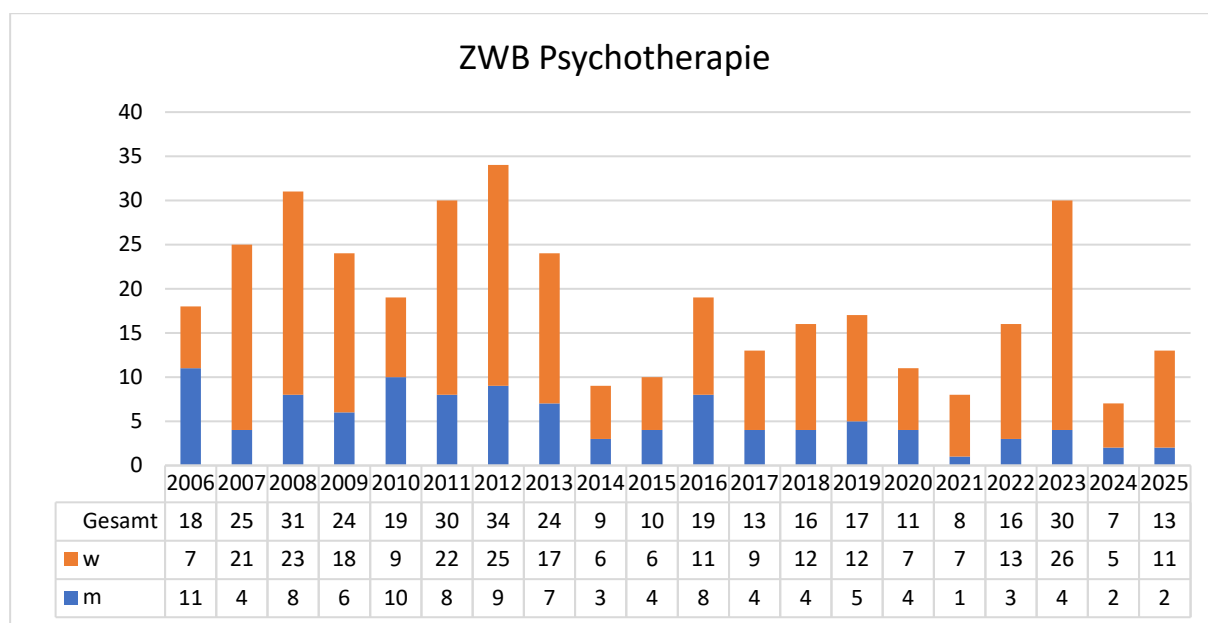

Physikalische Therapie und Balneologie – Plastische und Ästhetische Operationen –

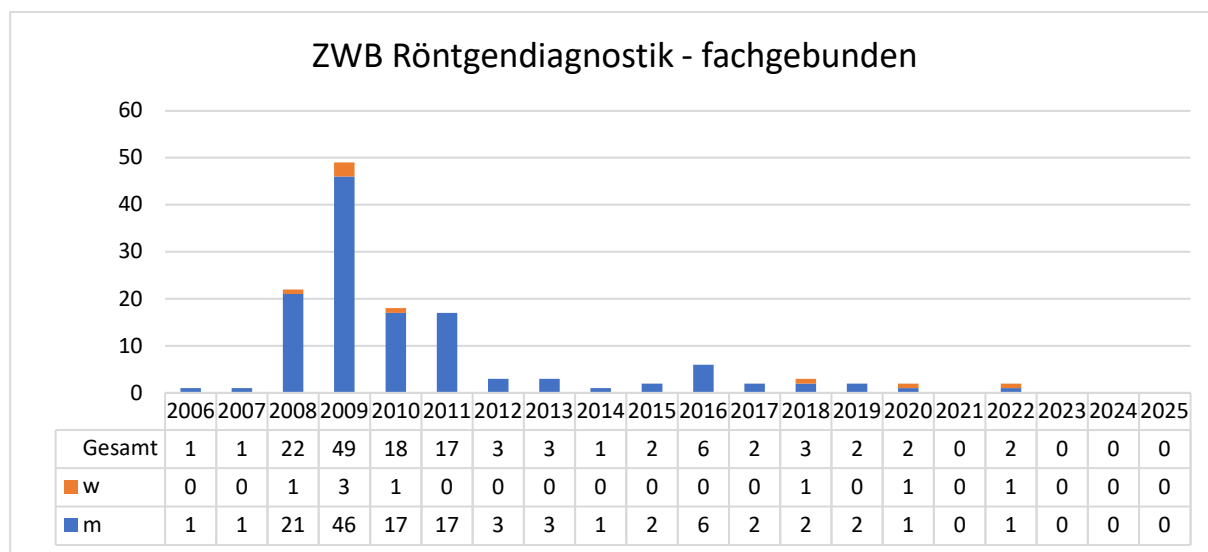

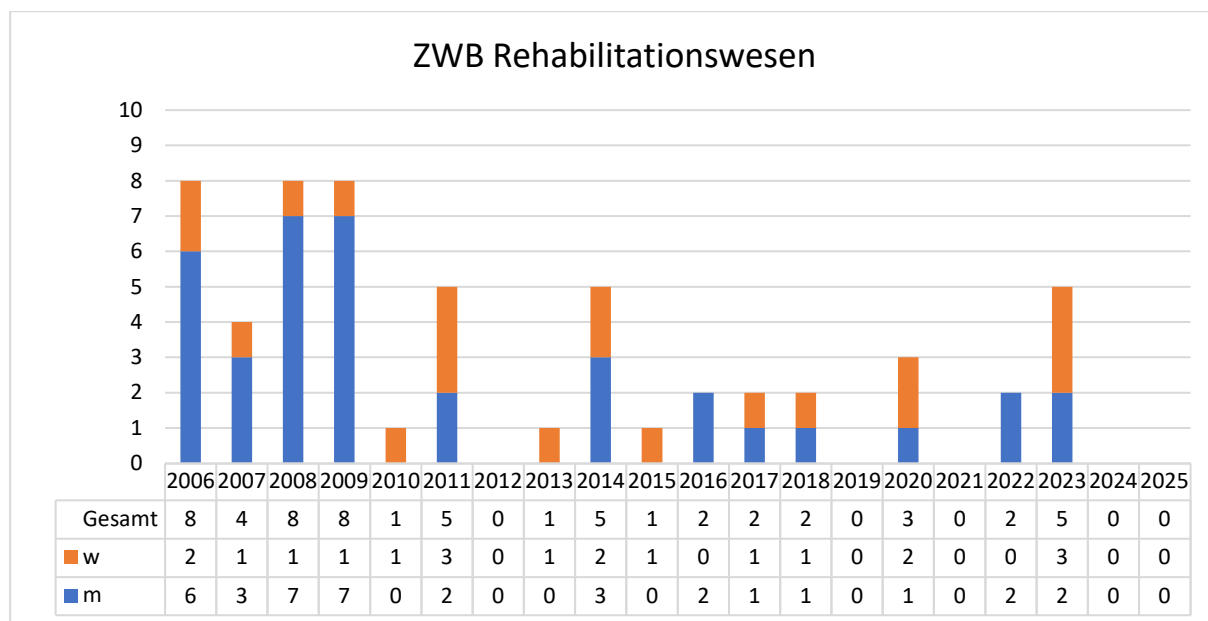

Proktologie – Psychoanalyse

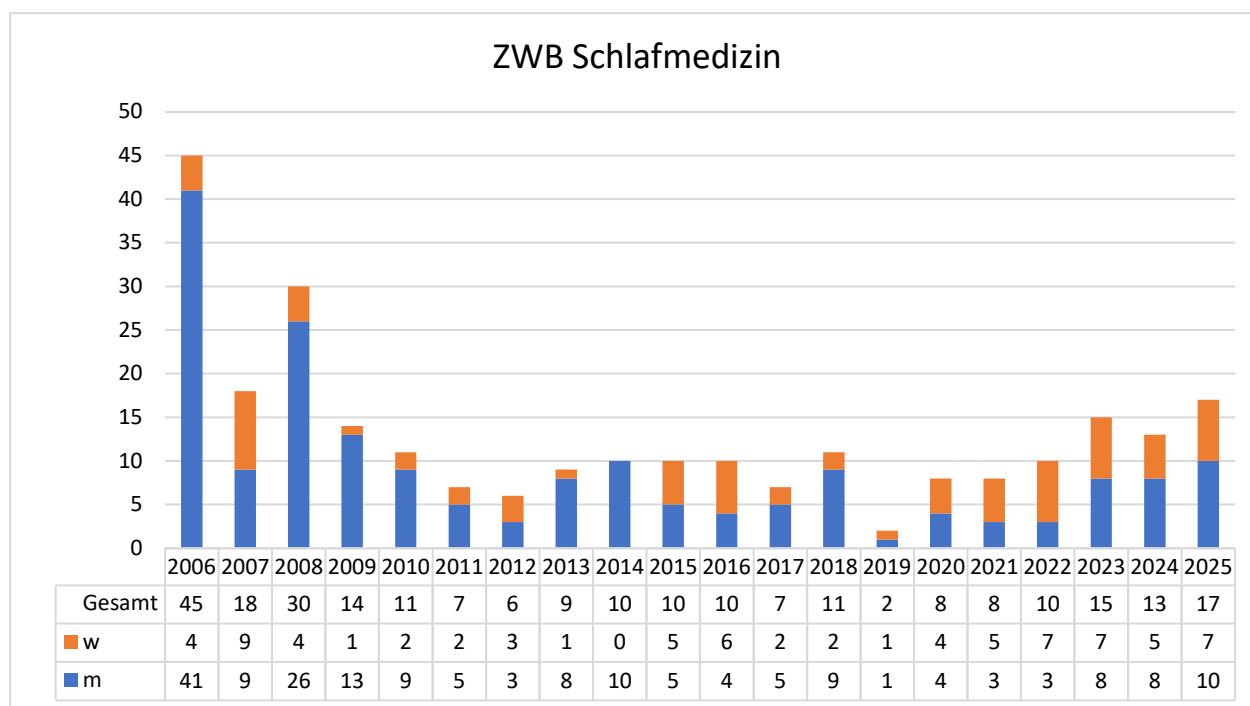

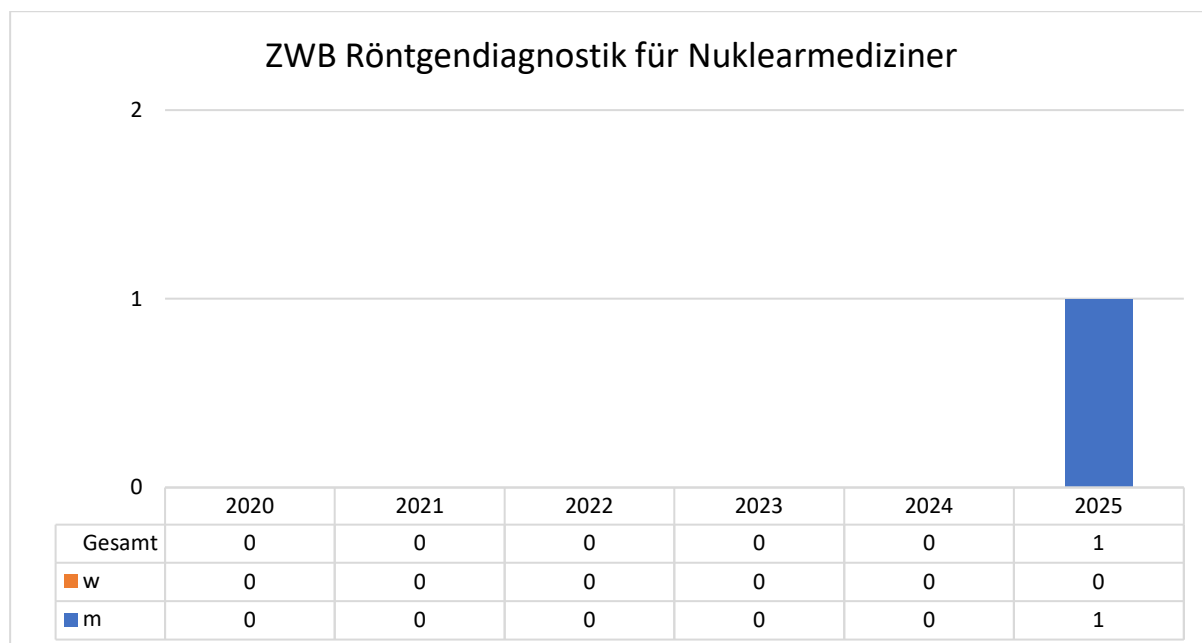

Psychotherapie – Psychotherapie (fachgebunden) –

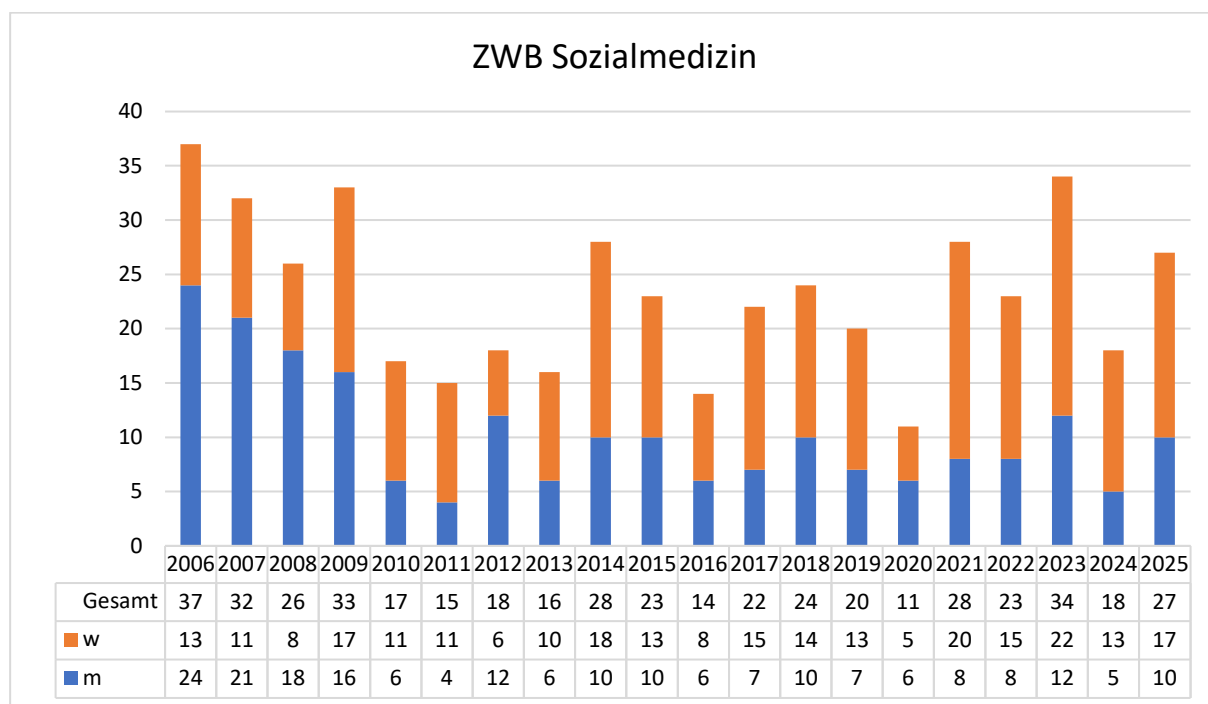

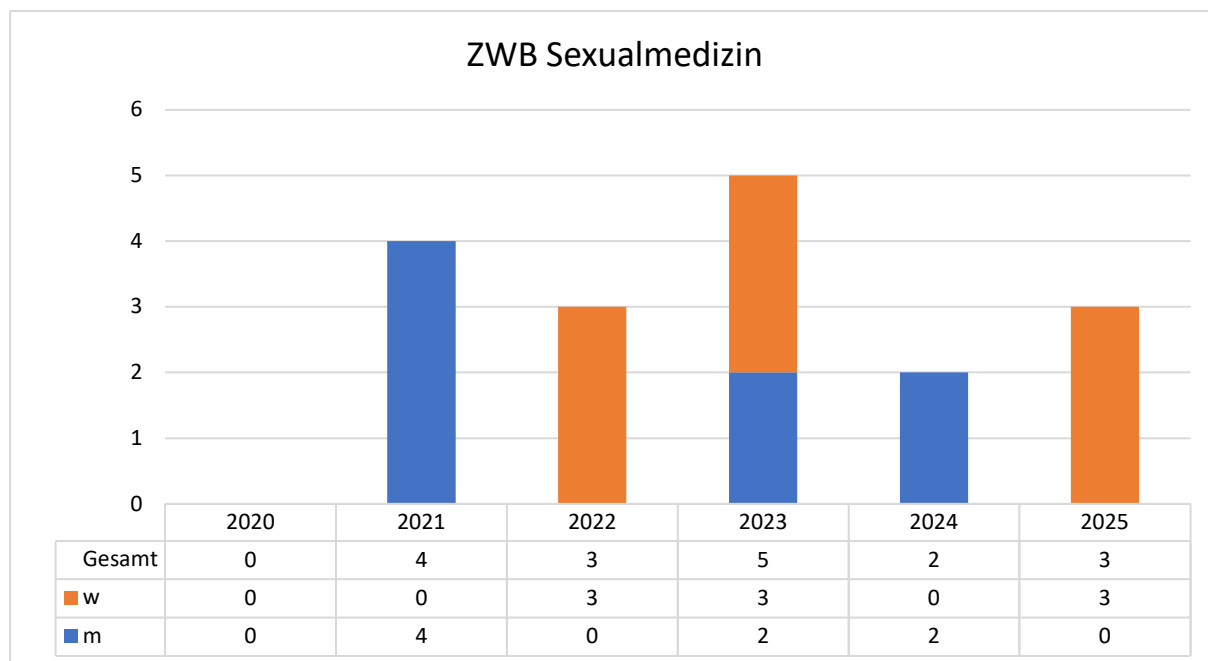

Rehabilitationswesen – Röntgendiagnostik (fachgebunden)

Röntgendiagnostik für Nuklearmediziner – Schlafmedizin

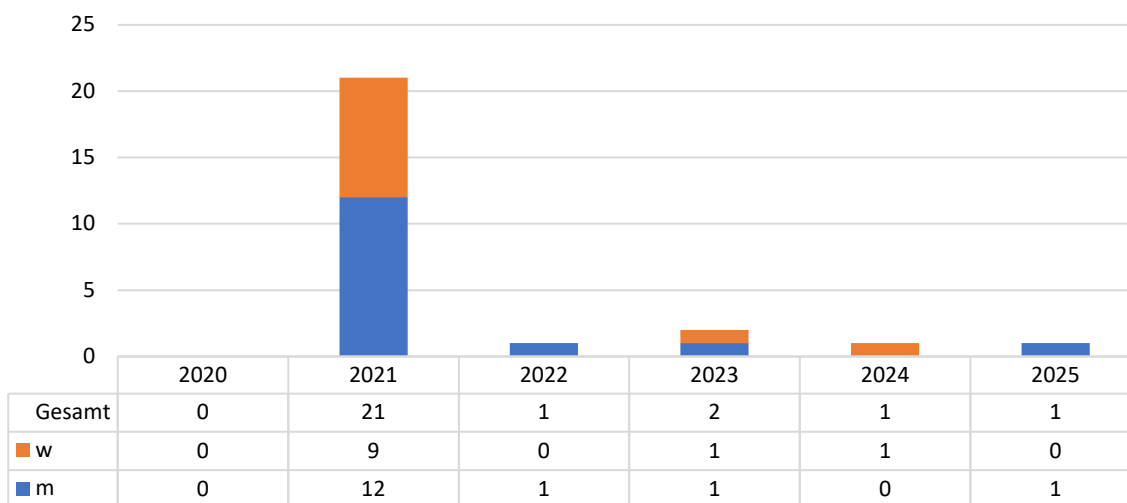

Sexualmedizin – Sozialmedizin

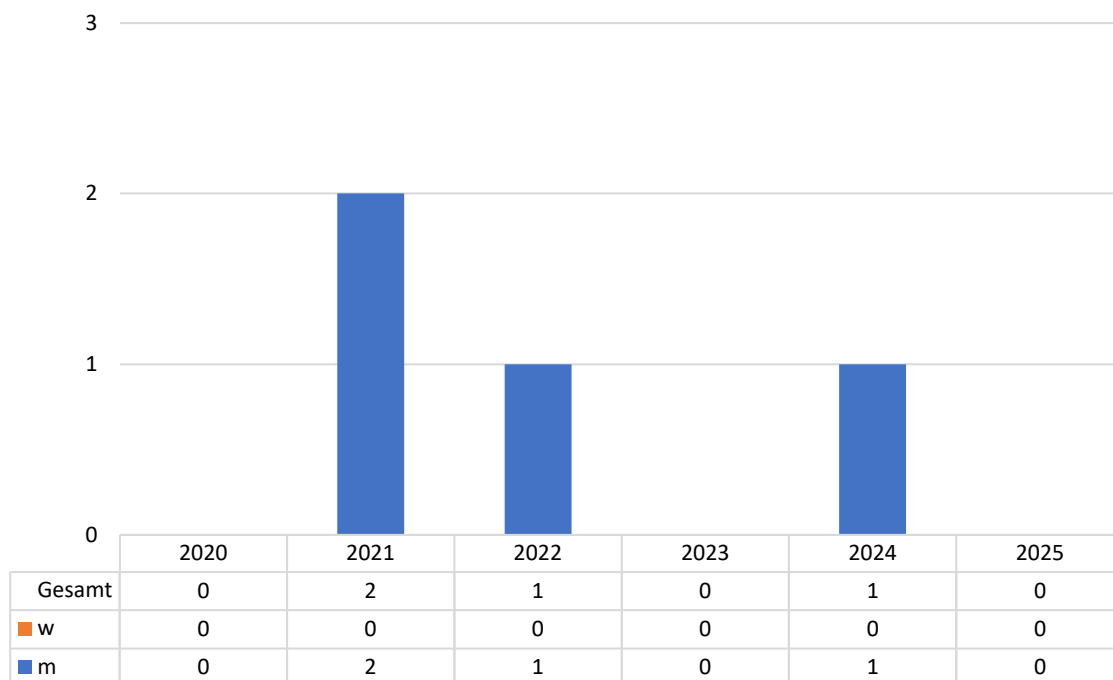

Spezielle Kardiologie für Erwachsene mit angeborenen Herzfehlern – Spezielle Kinder- und Jugendurologie

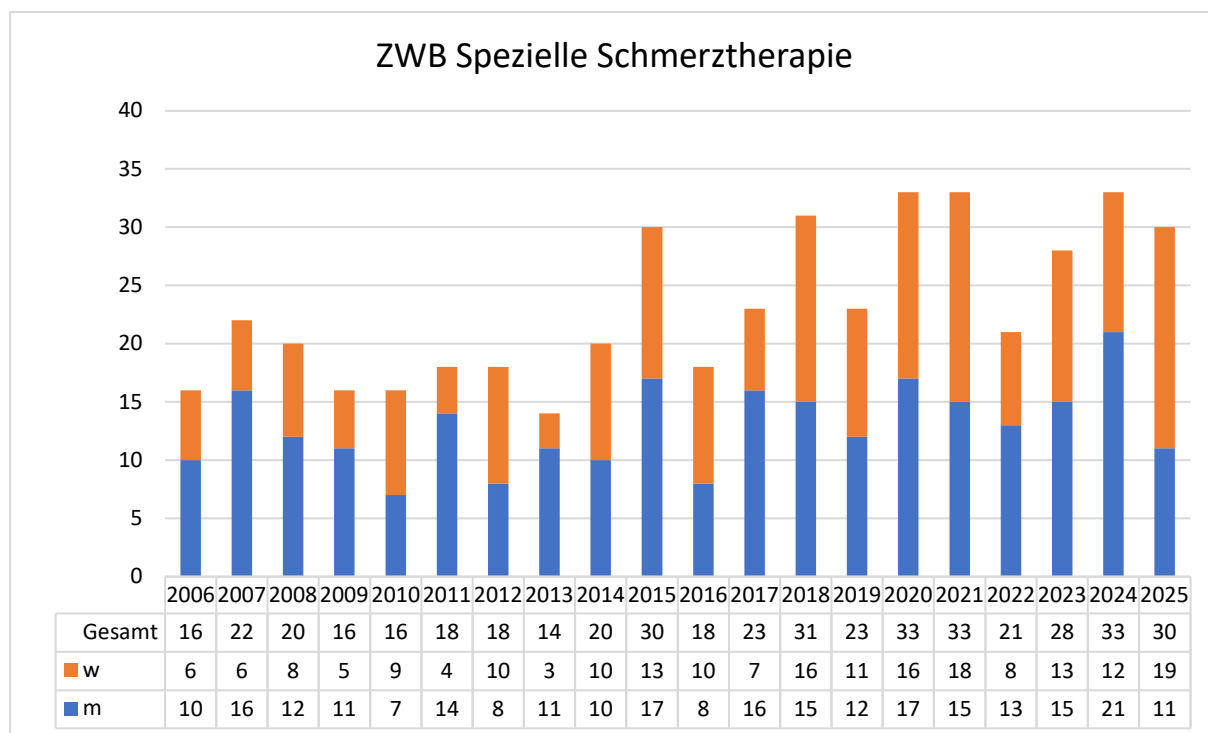

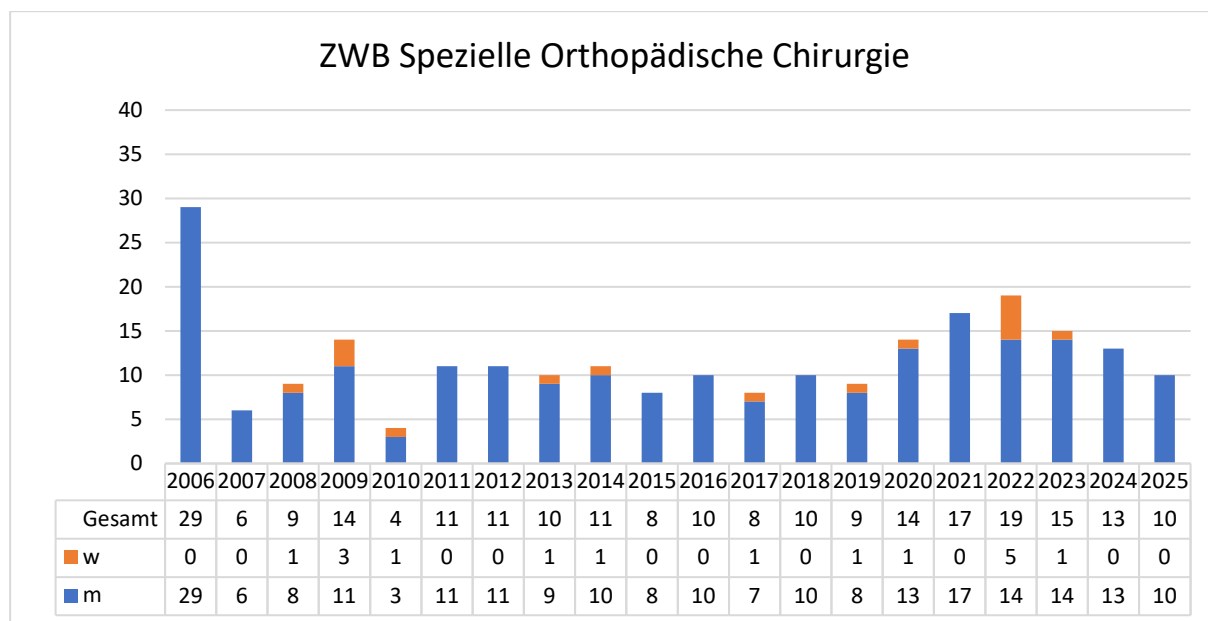

ZWB Spezielle Kardiologie für Erwachsene mit angeborenen Herzfehlern

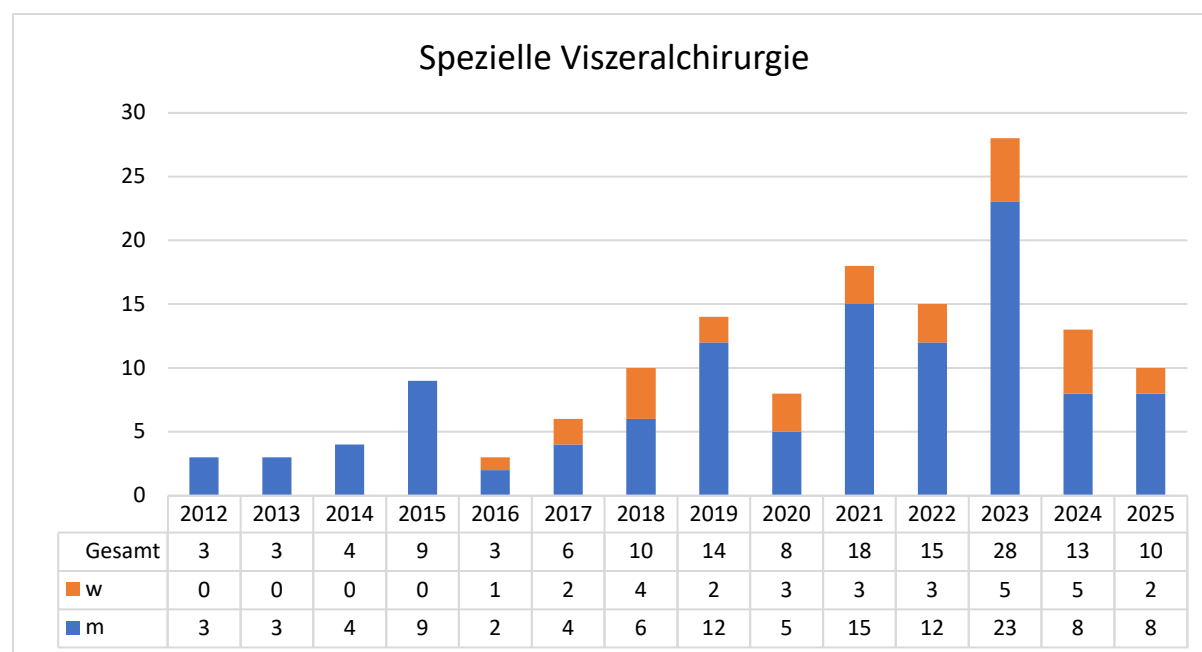

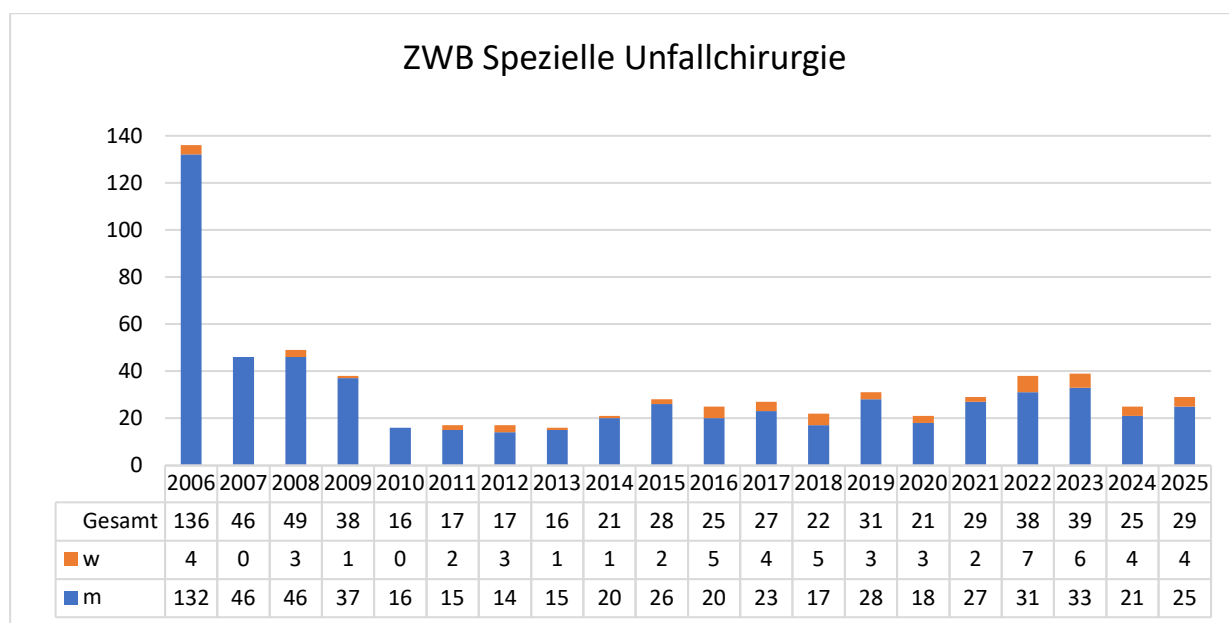

ZWB Spezielle Kinder- und Jugendurologie

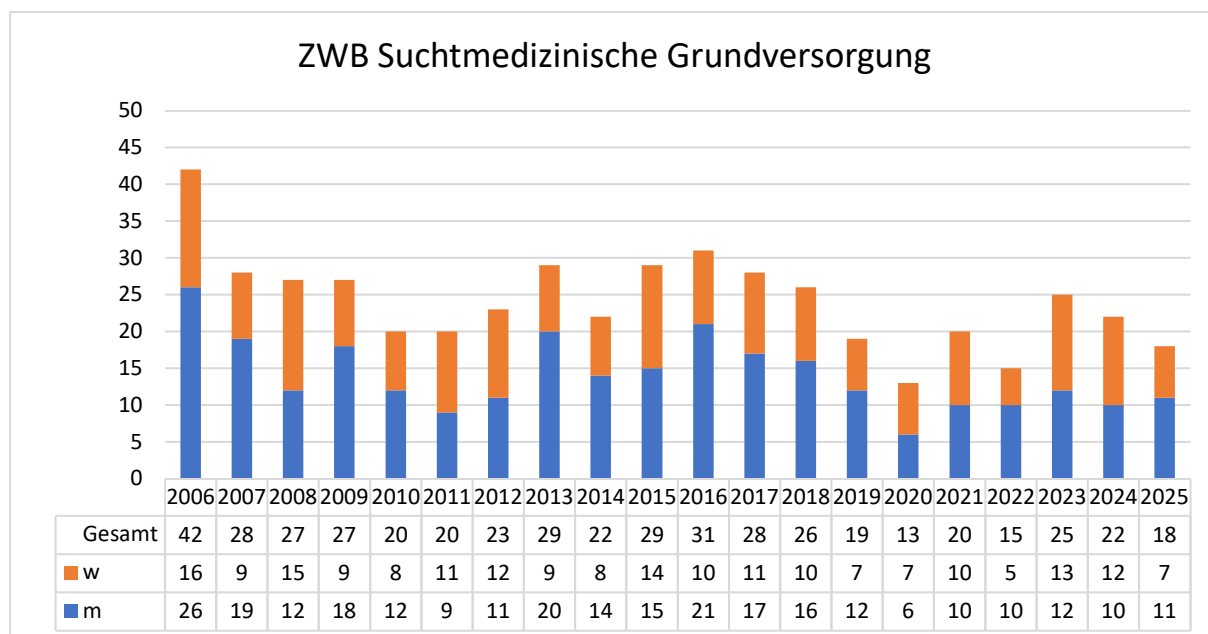

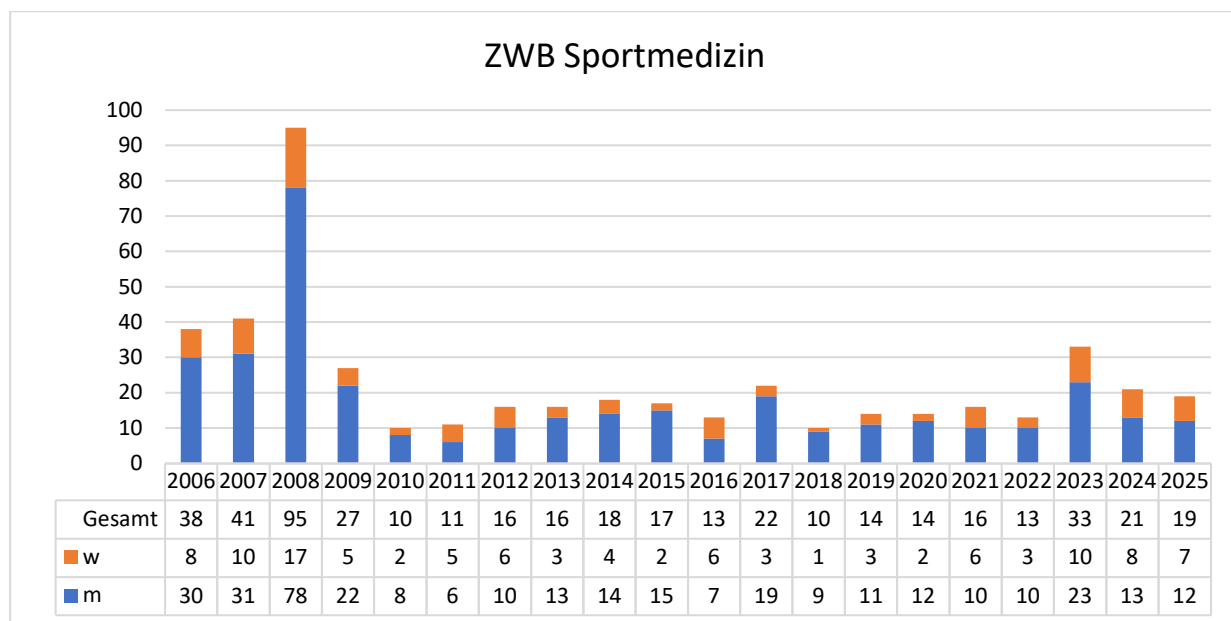

Spezielle Orthopädische Chirurgie – Spezielle Schmerztherapie

Spezielle Unfallchirurgie – Spezielle Viszeralchirurgie

Sportmedizin – Suchtmedizinische Grundversorgung –

Transplantationsmedizin – Tropenmedizin
